MALTINE

IS A HIGHLY CONCENTRATED EXTRACT OF BARLEY, WHEAT AND OATS

Maltine

MALTINE is rendered particularly delicious and refreshing if administered with any of the aerated waters, milk, wine or spirits. Thus *a pleasing change is afforded* to capricious or fastidious invalids.

MALTINE, aside from its great nutritive value, is so rich in Diastase that a dose *readily digests all the starchy food,* such as bread, potatoes and cake, which the average adult eats at a single meal.

PREFACE.

THE first volume of the MEDICAL DIRECTORY OF NEW YORK, NEW JERSEY, AND CONNECTICUT presents 11,625 registered names of physicians, of which 9,199 are in the State of New York, 1,481 in New Jersey, and 945 in Connecticut. Of the 9,199 names in the State of New York, 3,324 are credited to Manhattan and Bronx, 1,146 to Brooklyn, 91 to Queens, and 54 to Richmond. Total in Greater New York, 4,615.

The lists of Dentists contain 2,798 names, of which 2,082 are in the State of New York, 364 in New Jersey, and 352 in Connecticut. The Boroughs of Manhattan and Bronx are credited with 741 names, and Brooklyn with 290.

The lists of Pharmacists show a record of 4,738 names, of which 3,680 are in the State of New York, 775 in New Jersey, and 283 in Connecticut. The Boroughs of Manhattan and Bronx show 929 names, and Brooklyn 503.

The total number of names in the Directory, 19,161.

The usefulness of the Directory and its value, as a book of reference, are greatly increased by the addition of special Alphabetical Lists of Physicians for the States of New York, New Jersey, and Connecticut; of the By-Laws, of the Medical Associations and Societies of the three states; and the laws relating to the practice of Medicine, Dentistry, and Pharmacy of the States of New York, New Jersey, and Connecticut, including the new Law known as The Dispensary Bill.

BY-LAWS.

ARTICLE I.—ORGANIZATION.

§ 1.—This Association shall be called The Kings County Medical Association.
§ 2.—The objects of the Association shall be:
First, The cultivation of the science of Medicine.
Second, The maintenance of the honor and character of the Medical profession.

Third, The promotion of public health.

Fourth, The promotion of professional and social intercourse.

§ 3.—The Association shall consist of regular practitioners of Medicine and of regular graduates in Medicine residing in the County of Kings.

§ 4.—The original constituent membership of the Association shall consist of Fellows of The New York State Medical Association who reside in the County of Kings, and who shall, within one month from February 25, 1887, sign these By-Laws.

§ 5.—The stated meetings of the Association shall be held each month with the exception of the months of July, August, and September, and the stated meeting for January shall be called the Annual Meeting.

§ 6.—The officers of the Association shall be the following: 1, President; 2, Vice-President; 3, Recording Secretary; 4, Corresponding Secretary; 5, Treasurer; 6, an Executive Committee, consisting of the titular officers of the Association, together with four additional members to be elected by the Association.

§ 7.—The officers of the Association shall be elected by ballot before each annual meeting, as directed in Section 9 of this Article. They shall serve for one year or until their successors are chosen, to whom they shall, without delay, deliver up and transfer all moneys, books, manuscripts, vouchers, and other property of the Association which may be in their possession and take a receipt therefor. The four members of the Executive Committee shall first be elected to serve, one for one year, one for two years, one for three years, and one for four years. Afterwards, one shall be elected each year to succeed the retiring member.

§ 8.—The only standing committee shall be the Executive Committee; but special committees may be appointed from time to time, when ordered by the Association.

§ 9.—At the stated meeting in November of each year, a representative Committee on Nominations, consisting of five members, shall be appointed by the meeting at large from the different parts of the county.

It shall be the duty of this committee to carefully select the names of one or more candidates for each of the offices of the Association, and for a member of the Executive Committee; and to ascertain if the members so selected be competent and willing to serve the Association in the offices for which they are selected.

In order to offer each member of the Association an opportunity to make known his preferences for candidates for office in the Association, the Committee on Nominations shall receive all names submitted to it by members of the Association, and if they have fully complied with the Constitution and By-Laws of the Association, treat them as candidates for the offices designated.

To facilitate the accomplishment of the above object, the Corresponding Secretary shall forward to each member of the Association, at as early a date before the stated meeting in November as is practicable, a full list of the membership, together with return envelopes, addressed to the Chairman of the Nominating Committee, with the request that the member designate his choice for the offices to be filled in the December following, as elsewhere herein provided.

It shall then be the duty of the Nominating Committee to submit their selections in the form of a ticket or ballot at the stated meeting in December. This ticket may then be adopted by the meeting, or be re-commited with instructions to the same or a new committee, and be again reported to the Association before the close of the meeting. The ticket then adopted shall constitute the nominations of the Association for its officers and Executive Committee.

The Corresponding Secretary shall then have the ticket or ballot printed upon one piece of paper, each ballot to be carefully numbered up to the complete membership of the Association.

One only of these numbered ballots, with a return stamped envelope addressed to the Corresponding Secretary, shall be mailed to each member of the Association, with the direction that each should draw a line through the name not acceptable to the voting member, and then re-mailing the ballot thus completed without delay to the Corresponding Secretary.

The Corresponding and Recording Secretaries shall then meet and together break the sealing of the envelopes and count the ballots. Having verified the numbers of the ballots and their freedom from all irregularity, they shall make

out a full report of the canvass, which shall include an announcement of the number of names received from the members as candidates for each office, and the result to be presented, through the Executive Committee, at the Annual Meeting in January, by the President. Should there be a tie vote for any name upon the ballot, a choice shall be made by lot.

The first officers and four members of the Executive Committee may be elected without nomination at a previous meeting, at a meeting of the Association for organization, and they shall serve until their successors are elected in accordance with the preceding paragraphs of this section.

ARTICLE II.—DUTIES OF THE OFFICERS.

§ 1.—The President shall preside at all meetings of the Association and of the Executive Committee, shall preserve order at such meetings, shall have the power to adjourn the meetings should they become disorderly, and shall appoint all special committees, not otherwise ordered. He shall also provide for papers to be read and discussions to be held at the meetings.

§ 2.—The Vice-President, in the absence of or at the request of the President, shall temporarily perform the duties of the President. In case of the death, disability, or resignation of the President, the Vice-President shall perform the duties of the President until the next annual election of officers, and the Executive Committee shall fill the vacancy in the office of Vice-President.

§ 3.—The Recording Secretary shall make and preserve accurate minutes of the meetings of the Association and shall perform the usual duties pertaining to the office of Secretary, except those specially assigned to the Corresponding Secretary.

§ 4.—The Corresponding Secretary shall conduct the official correspondence of the Association, except the issuing of notices for meetings and the notification to candidates of their election as members, shall preserve all such correspondence, including copies of official letters written by him, and shall act as Secretary of the Executive Committee.

§ 5.—The Treasurer shall receive all moneys paid to the Association in any way and from any source and shall dispose of the same as directed by the Executive Committee. He shall make a report to the Executive Committee of the condition of the finances of the Association, whenever directed to do so by the Committee, and shall make a full and complete report of the finances to the Association at each annual meeting.

ARTICLE III.—DUTIES OF THE EXECUTIVE COMMITTEE.

§ 1.—The Committee shall hold regular meetings at convenient times, not more than ten and not less than five days before each stated meeting of the Association, and shall hold special meetings when called together by the President. The President shall call a special meeting of the Committee when requested to do so in writing by five members thereof, the request specifying the object of such meeting.

§ 2.—Five members of the Committee shall constitute a quorum.

§ 3.—The Committee shall make suitable arrangements for the meetings, and be charged with all the details in furtherance of the objects of the Association.

§ 4.—The Committee shall authorize and direct all deposits and investments of the funds of the Association, shall order all expenditures to be made by the Treasurer, and shall audit the accounts of the Treasurer so as to report upon the same at each annual meeting of the Association.

§ 5.—The Committee shall report to the Association upon the names of proposed members, as provided for in the Section relating to the "Admission, Resignation, and Reinstatement of Members."

§ 6.—The Committee shall take cognizance of any and all apparently flagrant violations of the Code of Ethics of the Association and shall act upon all charges brought by a member or members against another member or other members, as provided for in the Section relating to "Ethics, and the Discipline of Members."

§ 7.—The Committee shall fill all vacancies in the offices of the Association, except in the office of President, and the officers so appointed shall serve until

the next succeeding annual election; and the Committee shall, in the same manner, fill all vacancies that may occur in the number of members of the Committee who have been elected by the Association.

§ 8.—The Committee shall embody in their annual report a statement of the investments and of the condition of the funds of the Association, and shall report upon the same at any stated meeting of the Association, when called upon to make such report.

§ 9.—The Committee shall take charge of all the real and personal property now or at any future time in the possession of the Association.

ARTICLE IV.—ADMISSION, RESIGNATION, AND RE-INSTATEMENT OF MEMBERS.

§ 1.—Every candidate for membership must make an application in writing, which act includes subscription to the By-Laws, endorsed by some member in good standing, accompanied either with his professional credentials themselves, or the favorable personal assurance of some member of the Executive Committee, who shall personally satisfy himself that such credentials are satisfactory. Such application is to be forwarded to the Corresponding Secretary to be presented to the Executive Committee at its next succeeding meeting. If the Committee, after due investigation, find the candidate worthy of admission to membership, they shall so report at the next stated meeting of the Association immediately following the meeting of the Committee at which they may decide favorably upon the application of the candidate. At the time of the reception of such report regarding a candidate or candidates for admission, the report may be adopted either entire or in part by the Association, or any two members may call for a ballot upon one or more of the candidates. When a ballot was been called for as herein provided, the negative votes of one-fourth of the members voting shall reject a candidate.

§ 2.—The names of all candidates to be reported upon at any stated meeting of the Association, together with the names of all candidates whose applications are before the Executive Committee, shall be printed upon the notices of such meeting sent to members.

§ 3.—All communications received by the Executive Committee, which relate to the character and standing of candidates, shall be treated by the Committee as confidential.

§ 4.—The Executive Committee shall not report to the Association the names of candidates whom they have decided to be unworthy of membership, unless directed to make such a report by the Association at a stated or annual meeting; and the names of candidates, when thus reported, shall not be entered upon the minutes of the Association.

§ 5.—Each candidate for membership shall be required to pay the current annual dues and assessments within three months after his election; otherwise his election shall be void, unless the candidate be subsequently permitted, by a resolution of the Association, to qualify as a member by paying the dues and assessments.

§ 6.—Each member who has regularly qualified as such, by paying the current dues and assessments, shall receive a copy of the By-Laws and a certificate of membership, which certificate shall be in the following form:

.....Recording Secretary.

Brooklyn.....18....

§ 7.—A member removing from the county or desiring to resign his membership shall send to the Recording Secretary his resignation in writing, by which act he severs his connection with the Association. If the dues and assessments of the member resigning be paid in full to the date of his resignation, the Recording Secretary shall, at the request of such member, endorse upon his certificate of membership the fact and date of the resignation and shall return the certificate so endorsed to the member, who shall then be considered as having formally resigned from the Association and as having relinquished all right and title to any share in the property of the Association.

§ 8.—No member shall be permitted to resign while his dues and assessments or any part thereof remain unpaid or while he is under charges which may lead to his expulsion, unless by special resolution of the Association.

§ 9.—Every resignation shall be reported by the Recording Secretary at the next succeeding stated meeting of the Association.

§ 10.—An application for reinstatement to membership in the Association shall be submitted to and considered by the Executive Committee in the same manner as an original application for membership. In case of the reinstatement of a former member, the Recording Secretary shall endorse upon the certificate of former membership the fact and date of reinstatement.

§ 11.—No former member who has been expelled or who has been dropped from membership for non-payment of dues or assessments can be reinstated according to the provisions of Section 10 of this Article; but such former member may be re-elected according to the provisions for the election of members, if his back dues and assessments be paid in full up to the date when his previous membership had ceased.

§ 12.—Members who have honorably severed their connection with this Association in compliance with the By-Laws, or who contemplate such action, may be assigned to the list of honorary members by vote of the Association; retaining all the privileges of active members, except those of voting and holding office. Dues or assessments shall not be exacted from such honorary members, nor shall they have any right or title to any properties of the Association.

ARTICLE V.—ETHICS AND THE DISCIPLINE OF MEMBERS.

§ 1.—The Code of Ethics of the American Medical Association shall be the Code of Ethics of this Association.

§ 2.—The Executive Committee shall hear all complaints against members, of violation of its Code of Ethics, and shall decide all questions of medical ethics submitted to them by the Association. They shall notify to appear before them every member against whom charges have been preferred. With the said notification to appear before them, they shall furnish to the accused member a copy of the charges made against him. They shall also notify the accusing member or members to be present with the member against whom the charges have been made, when the said charges shall be carefully investigated. The Committee shall decide upon the said charges at as early a day as practicable, and shall report their decision to the Association at the stated meeting next succeeding the day on which their decision shall have been made. In case the accuser or accusing members, or both, be not present at the time appointed for the investigation, the Committee may, at their pleasure, either adjourn the investigation once, and once only, for a period not longer than one month, or they may decide upon the charges at the time first appointed for the investigation and report their decision to the Association; provided, always, that the

accused member shall be entitled to one such adjournment upon his personal or written application for the same to the Committee.

§ 3.—The Executive Committee shall investigate all apparently flagrant violations of medical ethics by members, such as improper publications that come to their knowledge or are brought to their notice in any way. They shall investigate such apparent violations in the same manner as provided for in Section 2 of this Article, except that it shall not be necessary that any formal charges be made by a member.

§ 4.—A charge against a member shall be made in writing, signed by the member or members making the charge, enclosed in a sealed envelope endorsed "Charges against a member," and shall be sent to the Corresponding Secretary, to be by him presented to the Executive Committee at its next regular or special meeting.

§ 5.—The only kind and degree of discipline of members, except the dropping of names from the list of members for non-payment of dues and assessments, shall be expulsion from the Association.

§ 6.—A member can be expelled only at a stated meeting of the Association, upon recommendation of such action by the Executive Committee, and then by an affirmative vote of a majority of the members present and voting.

ARTICLE VI.—DUES AND ASSESSMENTS.

§ 1.—The annual dues for each current year, payable in advance after each annual meeting, shall be three dollars.

§ 2.—The annual dues of members elected at the stated meetings in October, November, and December, shall begin with the current year next following the date of their election as members; but such members, after signing the By-Laws, shall immediately be entitled to all the privileges of membership.

§ 4.—The Treasurer, in his annual report for each year, shall read the names of all members whose dues or assessments or both for the past year are unpaid. He shall send notices to the usual addresses of such members before the next stated meeting of the Association, that they will be dropped from the list of membership unless their indebtedness to the Association be paid in full before the stated meeting in April. At the stated meeting in April in each year, the Treasurer shall read the names of those who have failed to pay their indebtedness for the past year, and such members shall thereby forfeit their membership in the Association.

§ 5.—Members whose dues and assessments are not fully paid shall not be candidates for any official position in the Association nor shall they be entitled to vote.

ARTICLE VII.—DELEGATES TO OTHER MEDICAL ASSOCIATIONS AND SOCIETIES.

§ 1.—All delegates to other Medical associations or societies shall be appointed at the proper time and for the proper period by the Executive Committee, and the Committee shall fill all vacancies in the number of such delegates.

§ 2.—Delegates to other Medical associations or societies shall be required to carry out, in their representative capacity, the principles and wishes of the Association; and such delegates shall act in strict accordance with the instructions of the Association.

Any action taken by a delegate or delegates, in wilful opposition to the instructions of the Association, shall render such delegate or delegates liable to expulsion from membership in the Association, under the provisions of Section 6 of the Article relating to "Ethics and the Discipline of Members."

§ 3.—The Association may, at its pleasure, instruct its delegates; but all instructions to delegates shall be in the form of resolutions passed at an annual, stated, or special meeting.

§ 6.—All the ordinary sessions of the Association shall be free to invited guests, to all members of the regular medical profession, and to medical students; and the President, or any member through the President, may invite any one present who is not a member, to participate in the discussions, provided no objection be made.

THE DISPENSARY BILL.

Introduced in the Assembly by Mr. Murphy on February 24, 1899, and signed by Governor Roosevelt on April 18, 1899.

AN ACT TO AMEND THE STATE CHARITIES LAW, RELATING TO THE LICENSING AND REGULATION OF DISPENSARIES, BY THE STATE BOARD OF CHARITIES.

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

§ 1. Article one of chapter five hundred and forty-six of the laws of eighteen hundred and ninety-six, entitled "An act relating to state charities, constituting chapter twenty-six of the general laws," is hereby amended by inserting at the end thereof the following sections:

§ 19. What is a dispensary?—For the purposes of this act, a dispensary is declared to be any person, corporation, institution, association, or agent, whose purpose it is, either independently or in connection with any other purpose, to furnish, at any place or places, to persons non-resident therein, either gratuitously or for a compensation determined without reference to the value of the thing furnished medical or surgical advice or treatment, medicine or apparatus provided, however, that the moneys used by and for the purposes of said dispensary shall be derived wholly or in part from trust funds, public moneys, or sources other than the individuals constituting said dispensary and the persons actually engaged in the distribution of charities of said dispensary.

§ 20. Licensing of dispensaries by the state board of charities.—A license may be issued by the state board of charities to a dispensary, as provided in this section. An application in writing for such license shall be made to such board in the form and manner prescribed by it, which shall be uniform for all schools of medicine. There shall be attached to such application a statement, verified by the oath of the applicant, containing such facts as the board may require. If, in the judgment of such board, the statement filed, and other evidence submitted in relation to such application, indicate that the operations of such dispensary will be for the public benefit, a license shall be issued to the dispensary applying therefor. The form of such license shall be prescribed by the board. A dispensary shall not enter upon the execution, or continue the prosecution of its purpose unless licensed by the state board of charities, as provided in this act. A license shall be issued, on application, to all dispensaries legally incorporated, and to unincorporated dispensaries conducted in connection with incorporated institutions at the time of the passage of this act.

§ 21. Rules and regulations.—The state board of charities shall make rules and regulations, and alter or amend the same, in accordance with which all dispensaries shall furnish and applicants obtain medical or surgical relief, advice or treatment, medicine or apparatus. But such rules and regulations shall not in any case specify the particular school of medicine in accordance with which a dispensary shall manage or conduct its work or determine the kind of medical or surgical treatment to be provided by any dispensary.

§ 22. Revocation of licenses.—The state board of charities or any of its members may at any and all times visit and inspect licensed dispensaries. They may examine all matters in relation to such dispensaries, and ascertain how far they are conducted in compliance with this law and the rules and regulations of the board. After due notice to a dispensary, and opportunity for it to be heard, the board may, if public interest demands, and for just and reasonable cause, revoke a license by an order signed and attested by the president and secretary of the board. Such order shall state the reason for revoking such license, and shall take effect within such time after the service thereof upon the dispensary as the board shall determine. The said board is hereby directed to apply to the supreme court to revoke the license and annul the incorporation of any dispensary legally incorporated, or conducted in connection with an incorporated institution at the time of the passage of this act, for wilful violation of the rules and regulations made by said board.

§ 23. Drug store or tenement house not to be used by dispensary; unlawful display of signs.—After the taking effect of this act, no dispensary shall make use of any place commonly known as a drug store, or any place or building defined by law or by an ordinance of the board of health as a tenement house; nor after such time shall any person, corporation, institution, society, association, or agent thereof, except a duly licensed dispensary, display or cause to be displayed a sign or other thing which could directly or indirectly or by suggestion indicate the existence of the equivalent, in purpose and effect, of a dispensary.

§ 24. Any person who wilfully violates any of the provisions of this act, or any of the rules and regulations made and published under the authority of this act, shall be guilty of a misdemeanor, and on conviction thereof, shall be punished by a fine of not less than ten dollars and not more than two hundred and fifty dollars.

§ 25. Any person who obtains medical or surgical treatment on false representations from any dispensary licensed under the provisions of this act shall be guilty of a misdemeanor, and on conviction thereof shall be punished by a fine of not less than ten dollars and not more than two hundred and fifty dollars.

§ 26. All acts or parts of acts inconsistent with the provisions of this act are hereby repealed.

§ 27. This act shall take effect on the first day of October, eighteen hundred and ninety-nine.

4. Certificates containing palpable errors of name, date, etc., or which are illegible, will be returned, and a new certificate required, as no corrections, erasures or interlineations will be permitted.

(These certificates are permanent records of great legal importance, and it is necessary that they should show upon the face that they are original records, and have not been tampered with.)

At other hours, if absolutely necessary, they can be procured in the office of the Division of Contagious Diseases, on the same floor.)

3. No dead body shall be retained unburied more than four days (excepting in the public morgue) without a permit from the Health Department, specifying the length of time it may remain unburied. (San. Code, § 177.)

(Such permits must be countersigned by the Sanitary Superintendent or Assistant Sanitary Superintendent.)

4. No dead body shall be transported from or in the City of New York, without a permit issued by the Health Department, or by the health officer of any other place in this State, where such death may have occurred; provided that the same effect shall be given to transit permits issued under the Laws of the States of New Jersey and Connecticut as to a permit issued by the City Health Department. (San. Code, § 174.)

BURIAL PERMITS.

1. No burial permit for a person deceased in New York City will be issued excepting in exchange for a proper certificate of death.

(If a permit already issued has been lost or mislaid, a duplicate will be issued only in exchange for an affidavit of the undertaker that the first one has been lost, and that, if found, it will be returned to the Health Department.

If duplicate permits are issued for the same case, the one that is not used must be returned to the Health Department.)

2. Certificates of death must be filled out with black ink.

the Permit Office on showing the original permit and making a written statement of the change.

(Every change in the place of burial from that originally given when the permit is issued, must be reported at the Burial Permit Office, and the permit altered by the clerk, and not by the undertaker, as the place of burial constitutes an important feature of the permanent record.)

TRANSIT PERMITS.

For persons who died outside of New York City.

1. Transit permits will be issued for the burial in or passage through the city of bodies of persons who died outside of New York City only in exchange for the papers and evidences of identity and of the cause of death which have accompanied the body from the place of death, and upon a written statement (on blanks furnished by the Department) of the persons applying for such permits.

2. Such permits will be required in every case, excepting when the body is accompanied by a permit issued by the proper health officer, under the laws of the State of New York, New Jersey or Connecticut, a transit permit issued in either of those states having the same effect in New York City as one issued by this Department.

3. Transit permits will not, in any case, be issued in advance of the arrival of the body, whether by ship, boat or railroad, nor will such permit be issued when the death was due to yellow fever, Asiatic cholera or smallpox, excepting by express permission of the President of the Department, or of the Medical Commissioner, on personal application to him.

4. Transit permits will be issued for the removal of a dead body from one portion of the city to another, for the convenience of the family or the undertaker. Such permit will have no coupons, and must be returned to the Health Department when the burial permit is applied for.

2. Permits for disinterment must be countersigned by the Sanitary Superintendent or the Assistant Sanitary Superintendent.

3. Bodies which are disinterred must be placed in hermetically sealed caskets or coffins.

MEDICAL LAWS OF NEW YORK.

LAWS OF NEW YORK, 1893, CH. 661, AS AMENDED IN 1895 AND 1896.

Previous laws relating to practice of medicine were repealed May 9, 1893, when this law took effect.

Definitions.—As used in this article.

1. University means University of the State of New York.
2. Regents means board of regents of the University of the State of New York.
3. Board means a board of medical examiners of the State of New York.
4. Medical examiner means a member of a board of medical examiners of the State of New York.
5. Medical school means any medical school, college, or department of a university, registered by the regents as maintaining a proper medical standard and as legally incorporated.
6. Medicine means medicine and surgery.
7. Physician means physician and surgeon.

§ 140. Qualifications.—No person shall practice medicine after September 1, 1891, unless previously registered and legally authorized or unless licensed by the regents and registered as required by this article; nor shall any person practice medicine who has ever been convicted of a felony by any court, or whose authority to practice is suspended or revoked by the regents on recommendation of a State board.

§ 141. State Boards of Medical Examiners.—There shall continue to be three separate State boards of medical examiners of seven members each, each of whom shall hold office for three years from August 1 of the year in which appointed. One board shall represent the Medical Society of the State of New York, one the Homeopathic Medical Society of the State of New York and one the Eclectic Medical Society of the State of New York. Each of these three societies shall at each annual meeting nominate twice the number of examiners to be appointed in that year on the board representing it. The names of such nominees shall be annually transmitted under seal by the president and secretary prior to May 1 to the regents, who shall, prior to August 1, appoint from such lists the examiners required to fill any vacancies that will occur from expiration of term on August 1. Any other vacancy, however occurring shall likewise be filled by the regents for the unexpired term. Each nominee before appointment shall furnish to the regents proof that he has received the degree of doctor of medicine from some reg-

istered medical school and that he has legally practiced medicine in this State for at least five years. If no nominees are legally before them from a society the regents may appoint from members in good standing of such society without restriction. The regents may remove any examiner for misconduct, incapacity or neglect of duty.

§ 142. Certificate of Appointment; Oath; Powers.—Every medical examiner shall receive a certificate of appointment from the regents and before beginning his term of office shall file with the Secretary of State the constitutional oath of office. Each board, or any committee thereof, may take testimony and proofs concerning all matters within its jurisdiction. Each board may, subject to the regents' approval, make all by-laws and rules not inconsistent with law needed in performing its duties; but no by-law or rule by which more than a majority vote is required for any specified action by the board shall be amended, suspended or repealed by a smaller vote than that required for action thereunder.

§ 143. Expenses.—From the fees provided by this article, the regents may pay all proper expenses incurred by its provisions, except compensation to medical examiners; and any surplus at the end of any academic year shall be apportioned among the three boards pro rata according to the number of candidates whose answer papers have been marked by each.

§ 144. Officers; Meetings; Quorum; Committees.—Each board shall annually elect from its members a president and a secretary for the academic year, and shall hold one or more meetings each year pursuant to call of the regents, who may also call joint meetings of the three boards or of their officers. At any meeting a majority shall constitute a quorum; but questions prepared by the boards may be grouped and edited, or answer papers of candidates may be examined and marked by committees duly authorized by the boards and by the regents.

§ 145. Admission to Examination.—The regents shall admit to any examination any candidate who pays a fee of $25 and submits satisfactory evidence, verified by oath, if required, that he

1. Is more than 21 years of age;
2. Is of good moral character;
3. Has the general education required preliminary to receiving the degree of bachelor or doctor of medicine in this State;
4. Has studied medicine not less than four full school years of at least nine months each, including four satisfactory courses of at least six months each, in four different calendar years in a medical college registered as maintaining at the time, a satisfactory standard. New York medical schools and New York medical students shall not be discriminated against by the registration of any medical school out of the State, whose minimum graduation standard is less than that fixed by statute for New York medical schools. The regents may, in their discretion, accept as the equivalent for any part of the third and fourth requirement, evidence of five or more years' reputable practice, provided that such substitution be specified in the license;
5. Has either received the degree of bachelor or doctor of medicine from some registered medical school, or a diploma or license conferring full rights to practice medicine in some foreign country. The degree of bachelor or doctor of medicine shall not be conferred in this State before the candidate has filed with the institution conferring it the certificate of the regents that before beginning the first annual medical course counted toward the degree unless matriculated conditionally as hereinafter specified (three years before the date of the degree), he had either graduated from a registered college or satisfactorily completed a full course in a registered academy or high school; or had a preliminary education considered and accepted by the regents as fully equivalent; or held a regents' medical student certificate, granted before this act took effect; or had passed regents' examinations as hereinafter provided. A medical school may matriculate conditionally a student deficient in not more than one year's academic work or 12 counts of the preliminary education requirement, provided the name and deficiency of each student so matriculated be filed at the regents' office within three months after matriculation, and that the deficiency be made up before the student begins the second annual medical course counted toward the degree. Students who had matriculated in a New York medical school before June 5, 1890, and students who had ma-

triculated in a New York medical school before May 13, 1895, as having entered before June 5, 1890, on the prescribed three years' study of medicine, shall be exempt from this preliminary education requirement.

A medical student certificate may be earned without notice to the regents of the conditional matriculation either before the student begins the second annual medical course counted toward the degree or two years before the date of the degree for matriculants in any registered medical school, in the four cases following:

1. For matriculants prior to May 9, 1893, for any 20 counts, allowing 10 for the preliminaries, not including reading and writing;
2. For matriculants prior to May 13, 1895, for arithmetic, elementary English, geography, spelling, United States history, English composition, and physics, or any 50 counts, allowing 14 for the preliminaries;
3. For matriculants prior to January 1, 1896, for any 12 academic counts;
4. For matriculants prior to January 1, 1897, for any 24 academic counts;

But all matriculants, after January 1, 1897, must secure 48 academic counts, or their full equivalent, before beginning the first annual medical course counted toward the degree, unless admitted conditionally, as hereinbefore specified when the deficiency must be made up before the student begins the second annual medical course counted toward the degree. (As amended by laws of 1896, ch. 111.)

(This act took effect March 21, 1896, except that the increase in the required course of medical study from three to four years does not take effect till January 1, 1898, and does not apply to students who matriculated before that date and received the degree of M. D. before January 1, 1902.)

§ 146. Questions.—Each board shall submit to the regents, as required, lists of suitable questions for thorough examinations in anatomy, physiology and hygiene, chemistry, surgery, obstetrics, pathology and diagnosis, and therapeutics including practice and materia medica. From these lists the regents shall prepare question papers for all these subjects, which at any examination shall be the same for all candidates, except that in therapeutics, practice and materia medica, all the questions submitted to any candidate shall be chosen from those prepared by the board selected by that candidate and shall be in harmony with the tenets of that school as determined by its State board of medical examiners.

§ 147. Examination and Reports.—Examinations for license shall be given in at least four convenient places in this State and at least four times annually, in accordance with the regents' rules, and shall be exclusively in writing and in English. Each examination shall be conducted by a regents' examiner who shall not be one of the medical examiners. At the close of each examination the regents' examiner in charge shall deliver the questions and answer papers to the board selected by each candidate, or to its duly authorized committee, and such board, without unnecessary delay, shall examine and mark the answers and transmit to the regents an official report, signed by its president and secretary, stating the standing of each candidate in each branch, his general average and whether the board recommends that a license be granted. Such report shall include the questions and answers and shall be filed in the public records of the University. If a candidate fails on first examination, he may after not less than six months' further study, have a second examination without fee. If the failure is from illness or other cause satisfactory to the regents they may waive the required six months' study.

§ 148. Licenses.—On receiving from a State board an official report that an applicant has successfully passed the examinations and is recommended for license, the regents shall issue to him, if in their judgment he is duly qualified therefor, a license to practice medicine. Every license shall be issued by the University under seal and shall be signed by each acting medical examiner of the board selected and by the officer of the University who approved the credential which admitted the candidate to examination, and shall state that the licensee has given satisfactory evidence of fitness as to age, character, preliminary and medical education and all other matters required by law and that after full examination he has been found properly qualified to practice. Applicants examined and licensed by other State examining boards registered by the regents as maintaining standards not lower than those provided by this article, and applicants who matriculated in a New York State medical

school before June 5, 1890, and who receive the degree M. D. from a registered medical school before August 1, 1895, may without further examination, on payment of $10 to the regents and on submitting such evidence as they may require, receive from them an indorsement of their licenses or diplomas conferring all rights and privileges of a regents' license issued after examination.

If any person whose registration is not legal because of some error, misunderstanding or unintentional omission, shall submit satisfactory proof that he had all requirements prescribed by law at the time of his imperfect registration and was entitled to be legally registered, he may on unanimous recommendation of a State board of medical examiners receive from the regents under seal a certificate of the facts which may be registered by any county clerk and shall make valid the previous imperfect registration.

Before any license is issued it shall be numbered and recorded in a book kept in the regents' office, and its number shall be noted in the license. This record shall be open to public inspection, and in all legal proceedings shall have the same weight as evidence that is given to a record of conveyance of land.

§ 149. Registry.—Every license to practice medicine shall, before the licensee begins practice thereunder, be registered in a book kept in the clerk's office of the county where such practice is to be carried on with name, residence, place and date of birth, and source, number and date of his license to practice. Before registering, each licensee shall file, to be kept in a bound volume in the county clerk's office, an affidavit of the above facts, and also that he is the person named in such license, and had, before receiving the same, complied with all requisites as to attendance, terms and amount of study and examinations required by law and the rules of the university as preliminary to the conferment thereof; that no money was paid for such license, except the regular fees paid by all applicants therefor; that no fraud, misrepresentation or mistake in any material regard was employed by any one or occurred in order that such license should be conferred. Every license, or if lost, a copy thereof legally certified so as to be admissible as evidence, or a duly attested transcript of the record of its conferment, shall, before registering, be exhibited to the county clerk, who, only in case it was issued or indorsed as a license under seal by the regents, shall indorse or stamp on it the date and his name preceded by the words: "Registered as authority to practice medicine in the clerk's office of ..... county." The clerk shall thereupon give to every physician so registered a transcript of the entries in the register with a certificate under seal that he has filed the prescribed affidavit. The licensee shall pay to the county clerk a total fee of one dollar for registration, affidavit and certificate.

§ 150. Registry in Another County.—A practicing physician having registered a lawful authority to practice medicine in one county, and removing such practice or part thereof to another county, or regularly engaging in practice, or opening an office in another county, shall show or send by registered mail to the clerk of such other county, his certificate of registration. If such certificate clearly shows that the original registration was of an authority issued under seal by the regents, or if the certificate itself is indorsed by the regents as entitled to registration, the clerk shall thereupon register the applicant in the latter county, on receipt of a fee of 25 cents, and shall stamp or indorse on such certificate the date and his name preceded by the words: "Registered also in ..... county," and return the certificate to the applicant.

§ 151. Certificate Presumptive Evidence; Unauthorized Registration and License Prohibited.—Every unrevoked certificate and indorsement of registry, made as provided in this article shall be presumptive evidence in all courts and place, that the person named therein is legally registered. Hereafter no person shall register any authority to practice medicine unless it has been issued or indorsed as a license by the regents. No such registration shall be valid unless the authority registered constituted at the time of registration, a license under the laws of the State then in force. No diploma or license conferred on a person not actually in attendance at the lectures, instruction and examination of the school conferring the same, or not possessed at the time of its conferment, or the requirements then demanded of medical students in this State as a condition of their being licensed so to practice, and no registration not in accordance with this article shall be lawful authority to practice medi-

cine, nor shall the degree of doctor of medicine be conferred causa honoris or ad eundem, nor if previously conferred, shall it be a qualification for such practice.

§ 152. Construction of this Article.—This article shall not be construed to affect commissioned medical officers serving in the United States army, navy or marine hospital service, while so commissioned; or any one while actually serving on the resident medical staff of any legally incorporated hospital; or any legally registered dentist exclusively engaged in practicing dentistry; or any manufacturer of artificial eyes, limbs or orthopedic instruments or trusses in fitting such instruments on persons in need thereof; or any lawfully qualified physician in other States or countries meeting legally registered physicians in this State in consultation; or any physician residing on a border of a neighboring State and duly authorized under the laws thereof to practice medicine therein, whose practice extends into this State, and who does not open an office or appoint a place to meet patients, or receive calls within this State; or any physician duly registered in one county called to attend isolated cases in another county, but not residing or habitually practicing therein. This article shall be construed to repeal all acts or parts of acts authorizing conferment of any degree in medicine causa honoris or ad eundem or otherwise than on students duly graduated after satisfactory completion of a preliminary and medical course not less than that required by this article, as a condition of license.

§ 153. Penalties and their Collection.—Any person who, not being then lawfully authorized to practice medicine within this State and so registered according to law, shall practice medicine in this State without lawful registration or in violation of any provision of this article; and any person who shall buy, sell or fraudulently obtain any medical diploma, license, record, or registration, or who shall aid or abet such buying, selling or fraudulently obtaining, or who shall practice medicine under cover of any medical diploma, license, record, or registration illegally obtained, or signed, or issued unlawfully or under fraudulent representations or mistake of fact in a material regard, or who, after conviction of a felony, shall attempt to practice medicine, or shall so practice and any person who shall append the letters M. D. to his or her name, or shall assume or advertise the title of doctor (or any title which shall show or tend to show that the person assuming or advertising the same is a practitioner of any of the branches of medicine) in such a manner as to convey the impression that he or she is a legal practitioner of medicine or of any of its branches without having legally received the medical degree, or without having received a license which constituted at the time an authority to practice medicine under the laws of this State then in force, shall be guilty of a misdemeanor, and on conviction thereof shall be punished by a fine of not more than $250 or imprisonment for six months for the first offence, and on conviction of any subsequent offence, by a fine of not more than $500 or imprisonment for not less than one year, or by both fine and imprisonment. Any person who shall practice medicine under a false or assumed name, or who shall falsely personate another practitioner of a like or different name, shall be guilty of a felony. When any prosecution under this article is made on the complaint of any incorporated medical society of the State or any county medical society of such county entitled to representation in a State society, the fines when collected shall be paid to the society making the complaint, and any excess of the amount of fines so paid over the expense incurred by the said society in enforcing the medical laws of this State, shall be paid at the end of the year to the county treasurer.

SUMMARY OF REQUIREMENTS FOR LICENSE.

All requirements for admission should be completed at least one week before examinations.

They are as follows:

1. Evidence that applicant is more than 21 years of age (Form 1).

2. Certificates of moral character from not less than two physicians in good standing (Form 2).

3. Evidence that applicant has the general education required, preliminary to receiving the degree of bachelor or doctor of medicine in this State (Medical student certificate).

4. Evidence that applicant has studied medicine not less than four full school years of at least nine months each, including four satisfactory courses of at least six months each, in four different calendar years in a medical school registered as maintaining at the time a satisfactory standard. New York medical schools and New York medical students shall not be discriminated against by the registration of any medical school out of the State, whose minimum graduation standard is less than that fixed by statute for New York medical schools.

The increase in the required course of medical study from three to four years does not take effect till January 1, 1898, and does not apply to students who matriculated before that date and received the degree of M. D. before January 1, 1902 (Form 1).

First exemption: "The regents may in their discretion accept as the equivalent for any part of the 3d and 4th requirement, evidence of five or more years reputable practice of medicine, provided that such substitution be specified in the license."

5. Evidence that applicant "has received the degree of bachelor or doctor of medicine from some registered medical school, or a diploma or license conferring full right to practice medicine in some foreign country" (Form 3 or original credentials).

6. The candidate must pass examinations in anatomy, physiology and hygiene, chemistry, surgery, obstetrics, pathology and diagnosis, therapeutics, practice and materia medica. The questions "shall be the same for all candidates, except that in therapeutics, practice and materia medica all the questions submitted to any candidate shall be chosen from those prepared by the board selected by that candidate and shall be in harmony with the tenets of that school as determined by its State board of medical examiners."

Second exemption: "Applicants examined and licensed by other State examining boards registered by the regents as maintaining standards not lower than those provided by this article, and applicants who matriculated in a New York State medical school before June 5, 1890, and who received the degree M. D. from a registered medical school before August 1, 1895, may without farther examination, on payment of $10 to the regents and on submitting such evidence as they may require, receive from them an indorsement of their licenses or diplomas, conferring all rights and privileges of a regents' license issued after examination."

7. A fee of $25 payable in advance.

Further information relating to State examination in Medicine and Dentistry, etc., may be obtained from Melvil Dewey, M. A., Albany, Secretary of the Board of Regents of the University of the State of New York.

The duration of human pregnancy is about 275 days. This is subject to some variation, and the longest period is still undetermined. As labor occurs in the larger proportion of cases between 270 and 290 days from the last menstruation, it is usual to reckon either from the first or last day of this period, taking as the mean 280 days, or a little over nine calendar months. For this approximate calculation the first day of the menstrual period may be used as being more readily ascertained. The table presents at a glance the beginning and end of 280 days for every day of the year. Find the date of menstruation in the upper line of the horizontal row, and the figure below, with the corresponding month, will indicate 280 days. In leap year, if the period of pregnancy includes February, the time for labor will be one day earlier than that given in the table.

§ 2.—This Association shall be composed of Fellows, who are regular practitioners of medicine or regular graduates in medicine, appointed while residing in the State of New York.

§ 3. All physicians in the State of New York, who are in good standing, and who subscribe to the code of ethics of this Association, may become Fellows upon paying the initiation fee and declaring their adherence to the Constitution and By-Laws; provided that each candidate for fellowship shall make a formal application therefor, and that this application shall have been approved in writing by one or more members of the Council from the district in which such candidate resides. The candidate's application shall then be transmitted, through the Secretary, to the Council for final action.

§ 4.—Fellows of the Association who participated in the foundation of the same, at the Convention held in the city of Albany on February 4th and 6th, 1884, shall be classified as Founders, and shall be so indicated in all lists of Fellows.

§ 5.—Fellows of the Association, who qualified as such at or previous to the first regular meeting of the Association in November, 1884, shall be classified as Original Fellows, and shall be so indicated in all lists of Fellows.

Fellows so appointed shall be styled non-resident Fellows.

§ 11.—Non-resident Fellows shall have all the privileges of resident Fellows, except that they shall not be eligible to any office in the Association, and they shall not have the right to vote in the meetings of the Association. No Fellow whose assessments have not been paid in full shall be entitled to participate in any way in the proceedings of the Branch, nor shall he be a candidate for any office in the Branch. The ayes and nays, when demanded on any question, shall always be called from the official register of the meeting. Each Fellow registering shall do so personally and with his own hand; and, in so doing he pledges himself in honor to adhere to and support the Constitution and By-Laws of the Branch, including its code of ethics. If the assessments of the Fellow resigning be paid in full to the date of his resignation, the Secretary shall forward notice of such removal or resignation to the Secretary of the parent Association.

§ 3.—No Fellow shall be permitted to resign while his assessments, or any part thereof, remain unpaid, or while he is under charges which may lead to his expulsion, unless he be allowed to resign by special resolution of the Branch.

§ 4.—Each and every resignation shall be reported by the Executive Committee at the next succeeding annual meeting of the Branch.

§ 5.—An application for reinstatement to fellowship in the Branch shall be submitted to and considered by the Executive Committee in the same manner as an original application for fellowship; except that, on the presentation of a duly authenticated certificate of former fellowship, together with satisfactory evidence of good professional standing during the time following the

resignation of former fellowship, payment of the initiation fee shall not be required when the former Fellow is reinstated.

§ 6.—No former Fellow, who has been expelled or who has been dropped from the list of Fellows for non-payment of assessments, can be reinstated according to the provisions of Section 5 of this Article; but such former Fellow may be appointed according to the provisions of the Constitution on payment of his initiation fee, if his back dues and assessments be paid in full up to the date when his previous fellowship had ceased.

In such cases the Executive Committee shall notify to appear before them any and every Fellow against whom a charge or charges have been preferred. With the said notification to appear before them, they shall furnish to the accused Fellow a copy of the charge or charges made against him. They shall also notify the accusing Fellow or Fellows to be present with the Fellow against whom the charge or charges have been made, when the said charge or charges shall be carefully investigated. The Executive Committee shall decide upon the charge or charges at as early a day as practicable, and shall report their decision to the Branch at the annual morning session next succeeding the day on which their decision shall have been made. In case the accused or accusing Fellows, or both, be not present at the time appointed for the investigation, the Executive Committee may, at their pleasure, either adjourn the investigation once, and once only, for a period not longer than one month, or they may decide upon the charge or charges at the time first appointed for the investigation, and report their decision to the Branch; provided always that the accused Fellow shall be entitled to one such adjournment upon his personal or written application for the same to the Executive Committee.

The arrangement of the order of the Transactions and the style of the volume in size, quality of paper, printing and binding shall be similar to that of 1889.

The expense of the publication of the Transactions shall, in part, be met by a sale of the volume to the several county medical societies, in the proportion of five volumes to every delegate that the county societies are entitled to send to this society. The price asked for the volume shall not exceed one hundred and twenty per cent. of the actual cost of the same.

A copy of the Transactions shall be sent by the Secretary, without charge, to each delegate from other State medical societies who may have been present at the meeting for which the Transactions are issued; to each permanent member who has paid his dues for the year; also to each public medical library in the State, not including those of societies represented in this Society; to the National Medical Library, and to any other public or incorporated library known to have a medical department. Two copies shall also be deposited in the library of this Society. The Committee of Publication are authorized to send presentation copies of the Transactions to the medical journals, domestic or foreign, and to such individuals as may be interested in the contents of the volume, as may, in their judgment, be for the interests of the Society.

§ 9.—Reports of officers and the foregoing standing committees, and of special committees to which references have been made at a preceding meeting, shall be made, and action upon resolutions proposed by them requiring the consideration of the Society shall be taken at the morning session of the first day of the meeting, and at no other time except on the recommendation of the Business Committee and by consent of the Society.

§ 10.—At least one week before the annual meeting the President shall appoint a Committee on Credentials, composed of three members, whose duty it shall be to attend at an early hour on the morning of opening the annual meeting to examine and pass upon the qualifications of each person presenting himself for registration. [See chaps. I. and VII.]

It shall also be their duty to transcribe from the register of this Society the

names of members, delegate and permanent, who are entitled to vote, as fast as they are registered, as a list for the use of the Secretary, when the ayes and noes are called on any question, or such other use as the Society may direct.

§ 11.—The President, at least two months before the annual meeting of the Society, shall appoint a committee of three members, to be called the Business Committee. He shall announce in the regular medical journals of New York State the name and postoffice address of each member of the committee, who shall receive titles of papers offered for the annual meeting by delegates and permanent members. Such titles or papers should be given to the committee at least two weeks before the meeting.

The Business Committee may examine all papers, and shall recommend to the Society which of them shall be read by title or abstract, and referred to the committee of publication, and which are of such immediate interest or sufficiently practical in their character as to make it desirable that they should be read in extenso, and discussed.

The Business Committee shall prepare a printed programme of the scientific and other business of the Society.

When the President shall announce miscellaneous business to be in order, the programme of the Business Committee shall be carried out unless otherwise directed by the Society.

Whenever the Business Committee finds it necessary it may, with the consent of the President, divide the Society into two or more sections for the consideration of scientific subjects.

The Business Committee shall fix the time that may be allowed for the reading of each paper, and its decision shall be final.

§ 12 —There shall be a standing committee consisting of the President, Secretary and Treasurer, to be called the Finance Committee.

All motions or resolutions presented to the Society requiring expenditure of money shall be referred to the Finance Committee, whose duty it is to pass on the question of the expenditure of money.

All standing, temporary, special or other committees, except the committee of publication whose duties require an expenditure of money, must apply to the Finance Committee for an allowance. The Finance Committee, when finding it necessary and consistent with the state of the treasury, may grant such committees an allowance for expenses, but this committee shall not authorize any expenditure by which a deficit shall be created in the treasury. The allowance granted must be specified and reported to and kept on file by the Treasurer.

The officers and committees, except the committee of publication, are prohibited from expending money unless directed by resolution of the Society, or by an allowance granted by the Finance Committee.

§ 13.—At the annual meeting immediately after the adjournment of the first session, the delegates and permanent members present from each senatorial district of 1836 shall be constituted a committee, who shall elect one person to be a member of the Nominating Committee. The presiding officer of the annual meeting shall appoint one member of the Nominating Committee to represent in that committee the general rights and interests of the Society; the member so appointed shall be the chairman of the committee. The person thus appointed, and the eight persons elected by the several senatorial district committees, each of which must be a member from the senatorial district which he represents, shall constitute the Committee of Nomination.*

(b.) The different senatorial meetings shall elect a chairman and secretary.

(c.) A majority of the whole number of registered delegates and permanent members present at the meeting of a senatorial district shall be necessary to a choice of a member to represent that district on the Committee of Nomination.

(d.) The secretary of each senatorial district shall report in writing to the President of the Society the name of the person elected as a member of the Committee of Nomination.

CHAPTER V.—ELECTION OF OFFICERS, PERMANENT MEMBERS, ETC.

§ 1.—After the Committee of Nomination has been duly appointed, its chairman shall notify each member of the committee of the time and place of holding its meeting.

After the committee has been organized it shall consider the applications of candidates for election to permanent membership as reported by the Secretary of the Society, and as soon as practicable report its action to the Society. [See chap. I, § 4.]

It shall then proceed to the nomination of officers, honorary members, persons eligible as honorary members, members of standing committees elected by the Society, and delegates to other societies.

§ 2.—The Committee of Nomination shall receive in writing from any member the names of suitable persons for the offices of the Society, and shall hold the same under consideration until the close of the second day of the session. On the morning of the third day of the session, the committee shall nominate a complete list of all the officers to be elected, and of honorary members, and of persons eligible as honorary members, and of the members of standing committees elected by the Society, and of delegates to other societies.

If, in the nomination of President, Vice-President, Treasurer or Secretary, the committee are not unanimous, they shall present to the Society the two names having the greatest number of votes in the committee. In all other cases they shall present only the names of those who have received a majority of votes in committee.

On the reception of this report the Society shall proceed to the election of officers. The President, Vice-President, Secretary and Treasurer, shall each be chosen separately by ballot, and those having the greatest number of votes for each office shall be declared elected.

The election of the other nominees may, at the discretion of the Society, be by ballot or by vote, accepting or amending the nominations of the committee.

§ 3.—Delegates to other State medical societies may be elected each year, in conformity with the requirements of those societies; but such delegates must in all cases be members of this Society.

§ 4.—During the adjournment of the Society, the President and Secretary are authorized to appoint delegates to such State and other societies as have not a proper representation of delegates from this Society.

CHAPTER VI.—RELATING TO COUNTY MEDICAL SOCIETIES.

§ 1.—It shall be the duty of every county medical society to forward to the committee on by-laws of this Society, one or more copies of the by-laws that may be enacted, or proposed to be enacted, from time to time, by said county medical society, for their examination. [See Preamble.]

§ 2.—If any county medical society shall neglect to perform all such acts as may be required to be done by it, by the law incorporating medical societies, or any other law of the State relative to the science of medicine, or shall do acts which may be considered derogatory to the honor of the medical profession, or shall oppose or neglect to comply with the by-laws of this society, it shall be admonished touching any such proceedings; and if it is deemed necessary for the public good that from the improper conduct of any such county medical society their corporate rights should for a time be suspended, then and in that case it shall be lawful and just for this Society to make application to the honorable the Legislature for such purpose.

§ 3.—Any member of any county medical society who shall feel aggrieved at the action of such society in enforcing discipline among the members, or any applicant who shall have been refused admission into a society, shall have the right to appeal to this Society.

§ 4.—No county medical society shall require less than one nor more than five dollars as a fee for admission to membership, except the medical society of the county of New York, which may impose a sum not exceeding ten dollars for admission.

§ 5.—Whenever it shall be deemed expedient for any county medical society to petition the Legislature of this State for any amendment to the laws regulating the practice of physic and surgery, it is expected that previous to the presentation of the petitions or memorials, they be submitted to the consideration of this Society.

§ 6.—The Secretary of each county medical society is required to transmit to the Secretary of this Society, the names of all officers immediately upon their election, and once every year a corrected list of officers and members of his society with their post-office address, in season for publication in the Transactions. He shall also inform the Society of the death of any member of his society who is a member of this Society, with his age and address and other data of biographical interest.

§ 7.—County medical societies and other medical institutions of this State entitled to representation in this Society, shall pay annually to the Treasurer of this Society the sum of five dollars for each delegate they are entitled to send to this Society, and no delegate shall be admitted to registration until such dues have been paid

§ 8.—As it is desirable that every reputable physician should become a member of his county medical society, special efforts should be made by the presidents and other officers of the several county societies in the State to enroll all such as members of their societies.

To enlarge their usefulness, the county societies should hold their meetings as often as every three months, and whenever practicable every month. Annual meetings for the election of officers and delegates should be held at county seats, and the other meetings at such places in the county as each society shall deem most advantageous.

§ 9.—Each county medical society should have a standing committee on hygiene, whose duty it shall be to gather facts, and after these facts have been presented and discussed in their own society, to forward them with such deductions and opinions as they may form, to the Committee on Hygiene of this Society, and co-operate in all practical ways with this committee.

§ 10.—Every society entitled to representation in this Society is expected and required to aid this Society in the disposal of its Transactions by purchasing, each year, a number of copies of the Transactions equal to five times the number of delegates it is entitled to send to this Society. Such copies are to be sold or otherwise disposed of to those who may desire them. It would be well, also, to always secure at least one yearly volume for the library of the society.

CHAPTER VII.—MISCELLANEOUS.

§ 1.—All annual dues are payable at the beginning of the session of the annual meeting of the Society.

§ 2.—Permanent members shall pay annually five dollars to the Treasurer for the use of this Society.

§ 3.—Every permanent member on his election shall pay an initiation fee of five dollars, and also the annual dues for the year in which he was elected.

If a permanent member-elect shall not pay his initiation fee within one year after his election, such election shall be void.

§ 4.—No permanent member shall be allowed to register his name at the meeting of the Society who has not paid his dues for that year and all arrearages.

§ 5.—Any permanent member who shall fail to pay to the Treasurer his annual dues for three successive years, shall have his name dropped from the published list of permanent members. His name be again restored to the list on his payment of all arrearages to date.

§ 6.—On all questions only those persons shall vote whose names are inscribed in the register for that meeting as either delegates or permanent members.

§ 7.—Any permanent member who shall be reported by the medical society of his county as being no longer in good professional standing shall be dropped from the list by the Secretary.

§ 8.—Candidates for vacancies in the State Board of Medical Examiners shall be selected by a committee of five, appointed by the President of the Society, their selection to be reported to the Society for its approval before being forwarded to the Board of Regents. In the event of any emergency making it necessary for the Board of Regents to request nominations from this Society between its annual meetings, then this committee is instructed to report directly to the Board of Regents.

§ 9.—No article of the By-laws shall be altered or amended without the consent of two-thirds of the members present at an annual meeting. Any of these By-Laws may be suspended by unanimous consent.

CHAPTER VIII.—RULES OF ORDER.

2. On the appearance of a quorum the President shall take the chair and call the members to order.

3. The President shall have the right of voting on all questions.

For subsequent sessions the business shall be in the order directed by the By-Laws and the Business Committee; executive business, shall, so far as compatible with the best interests of the Society, be transacted at the morning session of the first day of the meeting.

11. Whenever a report is received from any officer or officers of the Society, or from any standing or select committee, if the report be accompanied by resolutions requiring the consideration of the Society, the question on accepting the report shall be considered distinct from that on the resolutions.

12. All special committees shall be appointed by the presiding officer, unless otherwise directed by the Society.

MEDICAL LAWS OF NEW JERSEY.

AN ACT TO REGULATE THE PRACTISE OF MEDICINE AND SURGERY, TO LICENSE PHYSICIANS AND SURGEONS, AND TO PUNISH PERSONS VIOLATING THE PROVISIONS THEREOF.

Approved May 22, 1894.

CHAPTER CCCVI.

An Act to Regulate the Practice of Medicine and Surgery, to License Physicians and Surgeons, and to Punish Persons Violating the Provisions Thereof.

§ 1.—Be it enacted by the Senate and General Assembly of the State of New Jersey, That the governor shall appoint, by and with the advice and consent of the senate, a board of examiners to be known as the State board of medical examiners, said board to consist of nine members, who shall be persons of recognized professional ability and honor; the terms of office of said board shall be three years, or until their successors are appointed; provided, however, that the members of the board first appointed shall be divided into three classes, each class to consist of three persons; the first class shall hold office under said appointment for one year, the second for two years and the third for three years from the date of their appointment, and thereafter each member shall be appointed for a term of three years, and provided further, that said board shall consist of five old-school physicians, three homœopathic and one eclectic; said appointees, shall, within thirty days after the receipt of the respective commissions, take, subscribe and file, in the office of the secretary of state, the oath or affirmation prescribed by law.

§ 2.—And be it enacted, That said board shall elect a president, a secretary and a treasurer from its membership; it shall have a common seal, and its president shall be empowered to issue subpœnas and to administer oaths in taking testimony in any matter pertaining to the duties of said board; it shall make and adopt all necessary rules, regulations and by-laws not inconsistent with the laws of this State or of the United States, whereby to perform the duties and to transact the business required under the provisions of this act.

§ 3.—And be it enacted, That said board shall hold meetings for examinations at the capitol building of this State on the third Tuesday of June and September of each year, and at such other times and places as the board may deem expedient; said board shall keep an official record of all its meetings, and an official register of all applicants for a license to practise medicine and surgery in this State; said register shall show the name, age, nativity, last and intended place of residence, of each candidate, the time he or she has spent in obtaining a competent common-school education, and in medical study, in or out of medical school, and the names and location of all medical schools or examining and licensing boards which have granted said applicant any degree or certificate of attendance upon lectures upon medicine and surgery or State examinations; said register shall also show whether said applicant was examined, licensed or rejected under this act, and said register shall be prima facie evidence of all matters therein contained.

§ 4.—And be it enacted, That all persons hereafter commencing the practice of medicine or surgery in any of its branches in this State, shall apply to said board for a license so to do; applicants for examination shall present to the secretary of this board, at least ten day before the commencement of the examination at which he or she is to be examined, a written application on a form or forms provided by said board, together with satisfactory proof that the applicant is more than twenty-one years of age, is of good moral character, has obtained a competent common-school education, and has either received a diploma conferring the degree of doctor of medicine from some legally incorporated medical college (which in the opinion of said board was

in good standing at the time of issuing said diploma) in the United States, or a diploma or license conferring the full right to practice all the branches of medicine and surgery in some foreign country, and has also studied medicine four years, including three courses of lectures in different years in some legally incorporated American or foreign medical college or colleges prior to the granting of said diploma or foreign license; provided, however, that two courses of medical lectures, both of which shall be either begun or completed within the same calendar year, shall not be considered to satisfy the above requirement; and if said application is approved and the said applicant shall have deposited the sum of twenty-five dollars with the treasurer of such board as an examination fee, which said sum shall be returned to such applicant in case of failure to pass such examination, the applicant shall sign his or her name opposite a number in a book kept for that purpose by the secretary, and shall mark his or her examination paper with said number and shall be known to the members of said board only by said number until his or her papers have been examined and marked; applicants examined and licensed by or who are or have been members of State examining and licensing boards of other States, upon the payment of fifty dollars to the treasurer of said board, and on filing with the secretary of said board a copy of his or her license or certificate, certified by the affidavit of the president and secretary of such board, showing also that the standard requirements of said board at the time of said license or certificate was issued were substantially the same as that required by the said board, and of his or her affidavit as to the personality thereof, may be granted a license by said board without further examination thereby.

§ 5.—And be it enacted, That all examinations shall be written in the English language, and the questions and answers shall be, except in materia medica and therapeutics, such as can be answered in common by all schools of practice, if the applicant intends to practice homœopathy or eclecticism, the members of said board of those schools respectively shall examine said applicant in materia medica and therapeutics of the school in which such applicant intends to practice; the examinations shall be in the following subjects, namely, materia medica and therapeutics, obstetrics and gynecology, practice of medicine, including diseases of the skin, nose and throat; surgery, including surgical anatomy and diseases of the eye, ear and genito-urinary organs, anatomy, physiology, chemistry, histology, pathology, bacteriology, hygiene, medical jurisprudence, and in such other subjects as the board may decide; all examinations shall be both scientific and practical, and of sufficient severity to test the candidate's fitness to practice medicine and surgery; if said examination is satisfactory, the board shall issue a license, entitling the applicant to practice medicine and surgery in this State; the votes of all examiners shall be yes or no, and written with their signatures upon the backs of the examination papers of each candidate; said application and examination papers shall be deposited in the State library, in the capitol building, and they shall be prima facie evidence of all matters therein contained; all licenses shall be signed by the president and secretary of the board, and shall be attested by the seal thereof.

§ 6.—And be it enacted, That the board may refuse to grant or may revoke a license for the following causes, to-wit, chronic and persistent inebriety; the practice of criminal abortion; conviction of crime involving moral turpitude or for publicly advertising special ability to treat or cure chronic and incurable diseases; or where any person shall present to this board any diploma, license or certificate that shall have been illegally obtained, or that shall have been signed or issued unlawfully or under fraudulent representations; in complaints for violating the provisions of this section, the accused person shall be furnished with a copy of the complaint, and given a hearing before said board in person or by attorney; and any person, after such refusal or revocation of license who shall attempt or continue the practise of medicine shall be subject to the penalties hereinafter prescribed.

§ 7. And be it enacted, That the person so receiving said license shall file the same, or a certified copy thereof, with the clerk of the county in which he or she resides, and said clerk shall file said certificate or copy thereof and enter a memorandum thereof, giving the date of said license, with the name of the person to whom the same is issued, and the date of said filing, in

a book to be provided by this board and to be kept for that purpose, and for which registry the said county clerk shall be entitled to demand and receive from each person registering the sum of one dollar; in case the person so licensed shall move into another county of this State, he or she shall procure from the said clerk a certified copy of such registration, and then file the same with the clerk of the county to which he or she shall remove; and the said clerk shall file and enter the same with like effect as if the same was an original license, and for which registry the said clerk shall be entitled to demand and receive the sum of one dollar; and each county clerk in the counties of this State shall, upon the last day of November of each year, furnish to the secretary of said board a list of all the certificates of this board filed in his office during the previous year, and upon notice to him of the change of location or death of the person so licensed, or of the revocation of said license, said county clerk shall enter at the appropriate place in the records so kept by him, a memorandum of said fact, and said memoranda shall be furnished to the secretary of this board in the annual report above-required.

§ 8. And be it enacted, That any person shall be regarded as practicing medicine or surgery, within the meaning of this act, who shall use the words or letters "Dr.," "Doctor," "Professor," "M.D.," or "M.B." in connection with his or her name, or any other title intending to imply or designate him or her as a practitioner of medicine or surgery in any of its branches, and who in connection with such title or titles or without the use of such titles shall prescribe, direct, recommend, advise, apply, give or sell, for the use of any person or persons, any drug or medicine or other agency or application for the treatment, cure or relief of any bodily injury, infirmity or disease; and it is further provided that the use of any one of the aforementioned titles or the exposure of a sign, circular, advertisement or any other device or information, indicating thereby the occupation of the person or persons, shall be considered prima facie evidence; and it is further provided, that the provisions of this act shall apply to all persons professing and attempting to cure disease by means of the so-called system of "faithcurism," "mind-reading," "laying-on-of-hands," and other similar systems.

§ 9. And be it enacted, That this act shall not apply to the commissioned surgeons of the United States army, navy or marine hospital service while so commissioned, or to lawfully qualified physicians or surgeons residing in other States meeting registered physicians and surgeons of this State in consultation, or to any legally qualified physician or surgeon of another State taking charge of the practice of a legally qualified physician or surgeon of this State temporarily during the latter's absence therefrom and upon the written requests to said board therefor, or to any physician or surgeon of another State and duly authorized under the laws thereof, to practice medicine and surgery therein; provided, that such practitioner shall not open an office or a place for the practice of his profession within the borders of this State, or to anyone while actually serving as a member of the resident medical staff of any legally incorporated charitable or municipal hospital or asylum, or to any legally qualified and registered dentist exclusively engaged in practicing the art of dentistry, or to any person claiming the right to practice medicine and surgery in this State who has been practicing therein since before the fourth day of July, one thousand eight hundred and ninety; provided, said right or title was obtained upon a duly-registered diploma, of which the holder and applicant was the lawful possessor, issued by a legally-chartered medical institution which, in the opinion of said board, was in good standing at the time said diploma was issued, or to any person resident of this State who has been continuously engaged in giving treatment by electricity herein during the past seven years; provided, that said person has graduated from a legally incorporated electro-therapeutic school in good standing.

§ 10. And be it enacted, That any person hereafter commencing or continuing the practise of medicine and surgery in any of its branches in this State without first having obtained and filed the license herein provided for or contrary to the provisions of this act, shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punished for the first offense by a fine of not less than one hundred dollars or by imprisonment in the county

jail for a period of not less than thirty days, or by both fine and imprisonment, and for each subsequent offence the punishment shall be double that of the preceding one; and it shall be the duty of the respective district attorneys of the counties of this State to prosecute violation of the provisions of this act.

§ 11. And be it enacted, That the expenses of said board and of the examination shall be paid from the license fees above provided for, and if any surplus remain, the same may be distributed among the members of said board as a compensation for their services as members, but otherwise they shall receive no compensation whatever.

§ 12. And be it enacted, That all acts or parts of acts, general or special, now existing not in accordance with the provisions of this act, or inconsistent therewith, are hereby repealed.

THE MEDICAL SOCIETY OF NEW JERSEY.

OFFICERS FOR 1899-1900.

President, Luther M. Halsey, Williamstown; First Vice-President, William Pierson, Orange; Second Vice-President, John D. McGill, Jersey City; Third Vice-President, E. L. B. Godfrey, Camden; Corresponding Secretary, E. W. Hedges, Plainfield; Recording Secretary, W. J. Chandler, South Orange; Treasurer, Archibald Mercer, Newark.

Committee on Medical Directory, Archibald Mercer, Chairman; Talbot W. Chambers, J. S. Green.

NEXT PLACE OF MEETING—ATLANTIC CITY, N. J., JUNE 4, 1900.

THE MEDICAL SOCIETY OF NEW JERSEY was organized (1766) as a voluntary association for mutual improvement and for promoting the welfare of the medical profession. "Every gentleman of the profession in the province" was invited to become a member.

It received its first charter by an act passed June 2, 1790: "For incorporating a certain number* of the physicians and surgeons of this State by the style and title of The Medical Society of New Jersey."

This act expired by its own limitation in 1815, and a new act of 1816 provided for a District Society in each County, to make their own laws and regulate their own concerns, provided they were not contrary to the Constitution of the State Society.

This act of 1816 placed the control of the Society in the hands of fifteen managers, to be elected annually by a plurality of votes. This board was empowered to choose its own officers and make such by-laws and regulations for the due management of its concerns as might be deemed necessary. At the Annual Meeting of the Society, in May of the same year, it constituted District Societies in the counties of Middlesex, Somerset, Monmouth, Essex and Morris counties.

The terms of this charter, placing the control of the Society in the hands of a board of managers, an imperium in imperio, was not acceptable to the profession, and in 1818 a supplement was passed providing that the Society should be composed of four delegates from each District Society which were or might hereafter be formed, who, with the officers for the time being, should constitute the Society.

This supplementary act, constituting the Society by delegates of the local societies, placed it on a new basis and secured the cordial sympathy and co-operation of the physicians of the State. The State Society was thus made the creature of the local societies, and derived its life from their delegates annually elected. The mode of constituting the Society has undergone no substantial change since 1818.

In the act of 1823, the Presidents of the Society "shall rank as Fellows and be entitled to all the rights and privileges of delegated members."

In 1864 the Society, desirous of surrendering "all its special privileges and pecuniary immunities, and to reorganize, as nearly as possible, upon the voluntary basis," applied for and obtained its present charter, which went into effect on its centennial year.

CHARTER, 1866, OF THE MEDICAL SOCIETY OF NEW JERSEY.

Whereas, The Medical Society of New Jersey is approaching its centenary anniversary; and, whereas, the Society, by petition, has expressed a desire to surrender all its special privileges and pecuniary immunities, and to reorganize, as nearly as possible, upon the voluntary basis; therefore,

1. Be it enacted, by the Senate and General Assembly of the State of New Jersey, That the Medical Society of the State of New Jersey, already incorporated by the style and name of "The Medical Society of New Jersey," shall continue to be a body corporate and politic, in fact and in name, and shall and may have and use a common seal, and alter the same at their pleasure; and that the said Society shall be composed of delegates (not less than three), chosen by and from each of the district or county societies, which now are, or which under

* Fifty-two are named in the act as corporators.

the authority of the said Society may be hereafter instituted; the officers for the time being shall be ex-officio members of the said Society, independently of the authority of delegation; and all persons who shall have been, or may hereafter be, Presidents of the Society, shall rank as Fellows, and be entitled to all privileges of delegated members.

2. And be it enacted, That the Society shall have the authority to confer the degree of M. D., under such rules and regulations as they may adopt, which degree shall be deemed sufficient evidence of a regularly educated and qualified practitioner of the healing art; and hereafter no one shall be admitted to membership in any District or County Society having connection with this Society, unless he shall have received the said degree of Doctor of Medicine, or been admitted ad eundem from some other medical authorities, which this Society shall deem proper to recognize; provided, that this shall not be construed so as to prohibit any person from becoming a member of any District Society, who has received the degree of M. D. in any school recognized by, or in affiliation with, the "American Medical Association," previous to the passage of this act.

3. And be it enacted, That this Society shall have power to prescribe the duties of its officers and members, fix their compensation, assess from time to time an annuity upon the District or County Societies in the ratio of their membership respectively, and adopt such rules and regulations for the due management of the concerns of this and the several District Societies as may be deemed necessary; provided, the same be not contrary to the laws of this State; and may hold any estate, real and personal, the annual income of which shall not exceed one thousand dollars.

4. And be it enacted, That this act shall be considered a public act, and shall take effect on the fourth Tuesday of January, eighteen hundred and sixty-six; and that the act entitled "An Act to incorporate Medical Societies for the purpose of regulating the practise of physic and surgery in this State," passed January twenty-eighth, eighteen hundred and thirty, and all supplements thereto, be and the same are hereby repealed.

To this committee shall be referred all voluntary essays, papers and clinical cases for presentation to the Society; and they shall select such as they may deem worthy to be presented to and discussed by the Society, but not more than fifteen minutes shall be devoted to the presentation of any such essay, paper or case.

§ 14.—The Committee on Honorary Membership shall consist of three Fellows, to be appointed by the Society to serve three years, or until their successors are appointed.

The essays may be on any subject connected with the practice of medicine, and shall be signed with an assumed name and have a motto, both of which shall be endorsed on a sealed envelope to accompany the essay, containing the author's name, residence and District Society; and none of these envelopes shall be opened by the committee until after its award, and then only those bearing the mottoes and names appended to the successful essays. The committee shall select the first two essays in order of merit, reference being had not only to the subject matter, but to the language and style of the author. To the first shall be awarded the prize of money; to the second, that of honorable mention.

The committee shall notify the successful authors to be present at the next annual meeting of the Society, and give to the President the names of these authors, with their assumed names and mottoes. The President shall announce to the Society at the annual meeting, the authors, with their mottoes and nom de plume, and before the whole Society, with some suitable ceremony, shall make the awards. The unsuccessful authors shall receive back their essays, upon their identification to the chairman of the committee. The successful essay shall be the property of the Society, and be published in its transactions. No awards shall be made unless the merits of the essays shall be of a decided character; and in this case the money shall remain in the treasury until applied for a subsequent award.

§ 16.—A Committee of Arrangements of five members shall be appointed annually, a majority of whom, at least, shall be taken, if possible, from the members of the District Society of the district in which the annual meeting of the State Society is appointed to be held. The committee shall make the necessary arrangements for the meeting, and report their proceedings in writing to the Society.

CHAPTER III.—ELECTIONS.

§ 1.—All elections for officers shall be at the annual meeting of the Society, and by ballot; and a majority of votes shall be required to determine a choice.

§ 2.—Before the Society proceeds to ballot, the Committee on Nominations shall present a list of candidates for the several offices, provided for in the second chapter of these By-laws, and an opportunity having been given to the members to make other nominations, the Society shall then be called to ballot; if no election is obtained on the first canvass, the two highest shall be considered the candidates for the succeeding balloting, and when a choice shall have been made, the persons chosen shall hold their office during the term of one year, excepting members of Standing Committee (see Chapter II, Section 7), and until others shall be elected.

CHAPTER IV.—DISTRICT SOCIETIES.

§ 1.—The Medical Society of New Jersey, whenever applied to for that purpose, may establish District Medical Societies, if expedient, in any of the counties of this State; five licensed physicians or surgeons, practitioners and residents of the county, are necessary to organize any District Society.

§ 2.—Nothing in these By-laws shall be construed to prevent any recognized physician, resident in a county having no District Society connected with this, from being a member of such society in an adjacent county. Whenever three-fourths of the members present concur in an application, they shall forthwith cause a commission to be issued, in the following form:

§ 4.—Each District Society shall select and appoint its annual members of delegation, and send a certificate thereof to the Recording Secretary, with a list of its members, at least ten days before the annual meeting, yearly and every year, and they shall be considered members of this Society for one year, and until others shall be appointed. The Secretary of each District Society shall also report to the Recording Secretary of this Society the names of all persons nominated (according to the provisions of Section 4, Chapter I,) for election as permanent delegates.

§ 5.—Each District Society shall, when required, give evidence that it is regularly organized, holds meetings at stated periods, has at least five attending members, and has complied with the By-laws, Rules and Regulations of this Society.

§ 6.—Each District Society shall compel the attendance of its delegation at every stated and special meeting of this Society; and if any district shall fail to be represented, without due reason assigned, an investigation and report of the causes of such failure shall be required from the District Medical Society thus unrepresented; and upon a failure of representation for three successive years, the said Society shall be suspended until restored by a vote of this Society.

CHAPTER V.—REGULATIONS CONCERNING THE DEGREE OF DOCTOR OF MEDICINE AND HONORARY MEMBERSHIP.

§ 1.—Candidates for the Degree of Medicinæ Doctor, may apply to any District Society of this State, and shall be admitted to examination under the following rules and regulations:

1. Each District Society shall appoint annually, or pro re nata, a committee of not less than five members, who shall conduct the examinations.

2. All examinations shall be in the presence of the Society at a regular meeting; and no candidate shall be examined until he has given satisfactory evidence of having reached the age of twenty-one years, is of good moral character, that his preliminary education has been such as to qualify him for the study and practice of medicine, and has pursued his medical studies under the care of some regular practitioner for the term of three years, including two courses of lectures in some medical institution in affiliation with the American Medical Association.

MEDICAL LAWS OF CONNECTICUT.

AN ACT CONCERNING THE PRACTICE OF MEDICINE, SURGERY AND MIDWIFERY.

Be it enacted by the Senate and House of Representatives in General Assembly convened:

§ 1.—No person after the first day of October, 1893, shall, in this State, for compensation, gain or reward, received or expected, treat, operate, or prescribe for any injury, deformity, ailment, or disease, actual or imaginary, of another person, nor practice surgery or midwifery, unless or until he has obtained a certificate of registration as hereinafter provided, and then only in the kind or branch of practice as stated in said certificate; but this act shall not apply to dentists while practising dentistry only; nor to any person in the employ of the United States government while acting in the scope of his employment; nor to any person who shall furnish medical or surgical assistance in cases of sudden emergency; nor to any person residing out of this State who shall be employed to come into the State to assist or consult with any physician or surgeon who has been registered in conformity with the provisions of this act; nor to any physician or surgeon then actually residing out of this State who shall be employed to come into this State to treat, operate or prescribe for any injury, deformity, ailment or disease from which any person is suffering at the time when such non-resident physician or surgeon is so employed, nor to any actual resident of this State recommending by advertisement or otherwise the use of proprietary remedies sold under trade-marks issued by the United States government, nor to any chiropodist or clairvoyant who does not use in his practice any drugs, medicines or poison, nor to any person practicing the massage method, or Swedish movement cure, sun cure, mind cure, magnetic healing, or Christian science, nor to any other person who does not use or prescribe in his treatment of mankind, drugs, poisons, medicine, chemicals, or nostrums.

§ 2.—Any resident of this State who at the time of the passage of this act shall be, or previously thereto has been actually engaged in this State in the practice of medicine, surgery, midwifery, or any alleged practice of healing, may, before the first day of October, 1893, file with the State Board of Health duplicate statements subscribed and sworn to by him upon blanks furnished by said board, giving his name, age, and place of birth, and present residence, stating whether he is a graduate of any medical college or not, and if so, of what college, and the date of such graduation, and, if practicing under a license from any of the medical societies of this State, stating which society and the date when said license was obtained, and also stating the length of time during which said person has been engaged in practice in this State and how long in practice elsewhere; and he shall also state whether he has been engaged in general practice, or only in some special branch of medicine or surgery, and if so, what branch. Upon the receipt of such statement as aforesaid, the State Board of Health shall issue upon the receipt of two dollars, to the person filling the same, a certificate of registration which shall state the kind or branch of practice in which the person named therein is engaged.

§ 3.—Any person who shall, subsequent to said first day of October, 1893, file with said State Board of Health duplicate statements in the form prescribed in the preceding section, showing that he is a graduate of a medical college which is recognized as reputable by any one of the chartered medical societies of the State, shall receive from said State Board of Health upon the payment of two dollars, a certificate of regristration, which shall state the kind or branch of practice in which the person named therein is engaged or is to be engaged.

§ 4.—Any person residing in any town in another State which town adjoins the boundary line of Connecticut, who at the time of the passage of this act shall be actually engaged in such town in the practice of medicine, surgery, or midwifery, or any branch of practice, may, before the first day of October,

1893, obtain from the State Board of Health of this State a like certificate of registration, upon the payment of two dollars and upon filing duplicate statements in the form prescribed in section two, which statements shall also show that he is entitled to receive such certificate under the provisions of this section.

§ 5.—Except as provided in sections two, three, and four, of this act, no person shall, after the first day of October, 1893, obtain or receive a certificate of registration, as required by the provisions of section one, until he has passed a satisfactory examination before a committee to be appointed for the purpose by the State Board of Health, as hereinafter provided, nor until he has filed with said Board of Health duplicate certificates as aforesaid, together with duplicate certificates signed by a majority of one of said examining committees, stating that they have found him qualified to practice either medicine, surgery, or midwifery, and any person filing said certificates shall receive from said State Board of Health, upon the payment of two dollars, a certificate of registration which shall state that the person named has been found qualified so to practice.

§ 6.—During the month of December, 1893, The Connecticut Medical Society, The Connecticut Homeopathic Medical Society, and The Connecticut Eclectic Medical Association, shall each file with the State Board of Health the names of five physicians, and annually in the month of December thereafter, the name of one physician practicing in this State, who shall have been recommended by the respective medical societies as persons competent to serve upon the examining committees to be appointed by the State Board of Health as hereinafter provided, and from time to time, in case any vacancy occurs upon any of said examining committees the president of the respective society shall nominate and the State Board of Health shall appoint such person to fill said vacancy.

§ 7.—In the month of January, 1894, the State Board of Health shall appoint three examining committees, each consisting of five physicians, which committees shall severally be composed wholly of the persons nominated by one of the said medical societies respectively, as aforesaid. One of the members of each of said committees shall be appointed for one year, one for two years, one for three years, one for four years, and one for five years. Thereafter, in the month of January in each year, the State Board of Health shall appoint one member of each of said committees, who shall have been nominated for such office as aforesaid, to serve five years; and said board shall in the same manner fill any vacancy occurring at any time in any of said committees.

§ 8.—The State Board of Health shall designate when and where said committees shall hold said examinations, but shall call a meeting of a committee within thirty days after receipt of application for examination by it. Applicants to practice medicine or surgery shall be examined in anatomy, physiology, medical chemistry, obstetrics, hygiene, surgery, pathology, diagnosis, and therapeutics, including practice and materia medica. Each committee shall frame its own questions and conduct its examinations in writing, and both questions and answers shall be placed on file with the State Board of Health. Each applicant shall have the right to choose which of the three committees shall be the one by whom he shall be examined; but before taking such examination he shall pay to the committee their expenses, not exceeding, however, the sum of ten dollars. An applicant, after having been rejected by any of said examining committees, shall not be eligible to examination by another committee of examination until after the expiration of twelve months.

§ 9.—Upon the receipt of any duplicate statements as hereinbefore provided, the State Board of Health shall transmit one of said duplicate statements, together with a duplicate of the certificate of registration in each case, to the town clerk of the town wherein the person so filing said statement resides; and in case such person does not reside in the State of Connecticut, then the State Board of Health shall transmit said statement and certificate to the town clerk of the town in this State nearest to the place of residence of such person; and said town clerk shall record the same in books to be provided for that purpose by the State Board of Health, and shall then return the same to the person who filed the same with the Board of Health; and said town clerk shall receive for such recording a fee of twenty-five cents, to be paid by the State Board of Health out of the amount so paid to it as aforesaid.

§ 10.—The secretary of each of said medical societies shall file with the secretary of the State Board of Health a list of medical colleges or institutions recognized as legal and reputable by his society; or all of such secretaries may agree upon a single list; and such list or lists may be corrected from time to time as may be necessary.

§ 11.—Every person violating any of the provisions of section one of this act shall be deemed guilty of a misdemeanor, and on conviction shall be punished by a fine of not less than one hundred nor more than three hundred dollars for the first offense, and for each subsequent offense by a fine of not less than two hundred nor more than five hundred dollars, or by imprisonment in the county jail for not less than thirty nor more than ninety days, or by both such fine and imprisonment; the fine, when collected, shall be paid one-half to the person or corporation making the complaint, and the other half to the State Board of Health.

§ 12.—Any person who shall swear to any false statement contained in any statement required by this act to be filed with the State Board of Health, shall be deemed guilty of perjury and be punished accordingly.

§ 13.—The State Board of Health may, from time to time, appoint one of its number, or a person not a member of its board, to discharge the clerical duties imposed by this act upon said board, and may fix a salary therefor, to be paid only out of the fees and penalties received under the provisions of this act.

§ 14.—Sections 3,006, 3,007 and 3,008 of the general statutes are hereby repealed, but nothing herein shall be construed to repeal or effect any of the provisions of any private charter.

§ 15.—The provisions of this bill shall not apply to licensed pharmacists.

§ 16.—All physicians or surgeons practicing under the provisions of this act shall, when requested, write a duplicate of their prescriptions in the English language. Any person who shall violate the requirements of this section shall pay a fine of not less than ten dollars for each and every offense.

Approved, May 25, 1893.

CHARTER.

General Assembly, May Session, 1870, Amending the Charter of the Connecticut Medical Society.

Resolved by this Assembly:

§ 1.—That the Physicians and Surgeons now members of the Connecticut Medical Society, and all Physicians and Surgeons who shall be associated with them in pursuance of the provisions of this act, shall be and remain a body politic and corporate, by the name of The Connecticut Medical Society; and by that name they and their successors shall and may have perpetual succession; shall be capable of suing and being sued, pleading and being impleaded in all suits of whatever name and nature; may have a common seal, and may alter the same at pleasure; and may also purchase, receive, hold, and convey any estate, real or personal, to an amount not exceeding one hundred thousand dollars.

§ 2.—That the superintendence and management of the Society shall be vested in a body to be known and called by the name of "The President and Fellows of the Connecticut Medical Society;" which body shall have power to prescribe the duties of its officers and members, and fix their compensation; to establish the conditions of admission, dismission, and expulsion; to lay a tax from time to time upon the members, not exceeding five dollars in each year; to collect the same, and to hold and dispose of all moneys and other property belonging to the Society in such manner as they may think proper to promote the objects and interests of the Society; and in general, to make such By-laws and regulations for the due government of the Society, not repugnant to the laws of the United States or of this State, as may be deemed necessary.

§ 3.—That the President and Fellows of the Connecticut Medical Society shall be composed of the officers of the Society for the time being, and of Fellows (not less than three nor more than five) chosen by and from each of the County Associations.

§ 4.—That hereafter no one shall be admitted to membership in any County Association having connection with this Society, unless he shall have received the degree of Doctor of Medicine, or have been admitted ad eundum, from such medical authorities as this Society shall deem proper to recognize.

§ 5.—It shall be the duty of the several clerks of the County Associations, in their respective counties, to collect and pay over to the Treasurer of the Society all such taxes as shall from time to time be laid by the President and Fellows, upon the members of the Society as aforesaid; and for that purpose said clerks may procure a warrant, under the hand of a justice of the peace, against such member or members of the Society as shall neglect or refuse to pay the taxes so imposed upon them as aforesaid; which warrant any justice of the peace is hereby empowered to issue, and said warrant shall be directed to the sheriff or his deputies of the county in which such delinquent member or members reside; and said sheriff, or either of his deputies, on receiving such warrant, may therewith proceed to enforce the collection of such tax or taxes, in the same manner, and with the addition of the same fees, as are by law prescribed and allowed to the collectors of town taxes. And if any of the clerks of the County Associations shall neglect or refuse to collect the taxes entrusted to him to collect, by the time the same are made payable, or having collected the same shall neglect or refuse to pay the same over to the Treasurer of the Society, such Treasurer may cause a suit or suits to be instituted against such delinquent, in the name of the Society, before any court proper to try the same, and the same to pursue to final judgment; and the clerks shall be allowed and receive a compensation of five

per centum on all moneys collected by them respectively, and paid to the Treasurer of the Medical Society.

§ 6.—That these amendments shall take effect on the day of its passage; and so much of the act entitled an act to incorporate the Connecticut Medical Society, approved June 5, 1834, and all such acts in addition thereto and amendments thereof as are inconsistent herewith, be, and the same are hereby repealed.

Approved July 8, 1870.

BY-LAWS.

CHAPTER I.

§ 1.—This Society shall be known by the name of The Connecticut Medical Society; and shall be composed of the several County Associations, formed of Active Members residing in the State; and of Honorary Members, not residing in this State, elected by the President and Fellows.

§ 2.—The President and Fellows of the Connecticut Medical Society shall hold an Annual meeting on the fourth Wednesday in May of each year, alternately at Hartford and New Haven, except when by a majority vote they may agree to hold the annual meeting in some other place.

§ 3.—The Connecticut Medical Society shall hold an annual Convention for Literary and Scientific exercises following the general meeting of the President and Fellows.

§ 4.—The members of the Connecticut Medical Society, constituting County Associations, shall meet annually in their respective counties at least four weeks before the annual meeting of the President and Fellows, and at such other times as said County Associations may determine.

CHAPTER II.

§ 1.—The officers of the Society shall consist of a President, Vice- President, Treasurer, Secretary and Assistant Secretary, Committee on Matters of Professional Interest in the State, and the Presidents of the County Associations, who shall be Vice-Presidents ex-officio.

§ 2.—It shall be the duty of the President to preside at all the meetings of the President and Fellows and at the Conventions of the Society, to preserve order, state and put questions, call for reports of committees, see that the by-laws are properly observed, and perform such other duties as may be appropriate to his office. At the Annual Meeting of the President and Fellows, the President shall present such matter for their consideration as he may think requires attention. At the Annual Convention he shall deliver an address on some suitable subject.

§ 3.—In the absence or disability of the President, the Vice-President or one of the ex-officio Vice-Presidents shall preside. In case of a vacancy in the office of President, caused by death, resignation or removal, all the duties of his office shall devolve on the Vice-President.

§ 4.—It shall be the duty of the Treasurer to take charge and keep a correct account of all moneys belonging to the Society, together with the receipts and disbursements, and render annually to the President and Fellows a statement of all moneys received and paid by him. He shall preserve for the benefit of the Society, all donations and other movable property committed to his charge, and keep an exact list of the same, together with the names of the respective donors. He shall not pay any money out of the Treasury, nor make any investment of the funds of the Society, or change the same, but by order of the President and Secretary. And he shall deliver to his successor all books and papers, with the balance of cash or other property in his hands.

§ 5.—The Secretary shall have charge of the records of the Society, attend all the meetings of the President and Fellows, and the Annual Convention of the Society, record all the transactions of the same, give true copies of them when requested, conduct their correspondence, and have the custody of the Seal of the Society. The Secretary shall be ex-officio Chairman of the Committee of Publication. One of the elective members of the Committee of Publication, to be selected by the Secretary, shall be the Assistant Secretary. The Secretary shall send due notice of the annual meeting to each member, and publish

notice of the same in three of the daily papers printed in this State. When definitely informed that the Delegates to the American Medical Association or any State Society cannot attend, he may appoint substitutes or give certificates to those otherwise selected. The Secretary shall send each year an extra copy of the published "Proceedings" of the Society to each of the Clerks, for the use of the County Associations; also to other State Societies and to Honorary Members.

§ 6.—The Committee on Matters of Professional Interest in the State, shall consist of three, and be ex-officio Fellows of the Connecticut Medical Society, to be elected annually by ballot, the first named to be Chairman, whose duty it shall be, at every Annual Convention, to report the progress of our science, particularly in Connecticut—remarkable and instructive cases of disease that have come to their knowledge—interesting facts or discoveries relating to medicine—all circumstances connected with epidemics (if any have prevailed) and the treatment adopted, whether successful or otherwise—in short, whatever influences may concern the health of the citizens of Connecticut. And the more effectually to perfect this report, it shall be the duty of each County and other Association represented in this Society annually to appoint one of its members as a Reporter, who shall furnish to this Committee, on or before the first of May, all the information he can get relative to these subjects, within the limits of the district in which the local Association exists.

§ 7.—Any officer of the Society may, for sufficient reasons, resign his office, or may be removed therefrom by order of the President and Fellows, for neglect, inattention, or malconduct; in either of which cases, or on the death of any officer, the President and Fellows shall supply the office vacated as soon as may be convenient.

§ 8.—The necessary expenses of the Treasurer, Secretary and Chairman of the Committee on Matters of Professional Interest in the State, shall be paid; and in addition thereto the Treasurer shall receive twenty-five dollars and the Secretary one hundred and fifty dollars per annum respectively for their services.

§ 9.—The Secretary of the Society shall hold his office for four years and until another shall be elected. All other officers of the Society shall be elected annually.

Note.—By special vote this By-Law does not affect the tenure of office of the present Secretary.

CHAPTER III.

§ 1.—The Annual Meeting of the President and Fellows of the Connecticut Medical Society shall be held on the fourth Wednesday of May in each year.

§ 2.—The President, Vice-Presidents, Treasurer, Secretary, Committee on Matters of Professional Interest in the State, and the Fellows elected in the several counties shall be known and called by the name of the President and Fellows of the Connecticut Medical Society, a majority of whom legally assembled together shall be a quorum for the transaction of business, and shall have the power to make by-laws for the regulation and government of the Society and for the promotion of the objects of the same, not repugnant to the laws of this State or of the United States; to expel any member of the Society for misconduct; to make rules for the admission of members of the Society; and for their dismission from the same; to lay a tax on each member of the Society not exceeding five dollars in each year; to dispose of the moneys thus raised and all other property of the Society in such manner as they may think proper to promote the objects and interests of the Society.

The President and Fellows at any annual meeting, and after one year's nomination of every candidate, and not otherwise, may, by a major vote of those present, elect eminent physicians not resident in this State to be honorary members of this Society. But those so elected shall not exceed three in any one year.

§ 3.—The President of the Society, or in case of his death or inability, the Vice-President, shall have power to call a meeting of the President and Fellows at such time and place as he may think proper, when requested by any five Fellows of whom two at least are from different counties, and he shall cause notice thereof to be given by the Secretary to each member of the

President and Fellows of the time and place of meeting, which notice shall be mailed at least one week previous to said meeting.

§ 4.—Officers and Standing Committees shall be elected by ballot. The Committee of Publication shall consist of the Secretary, ex-officio, and two other members elected by ballot, one of whom shall be Assistant Secretary. Each Annual County Meeting shall designate one of the elected Fellows to serve on the Nominating Committee of the President and Fellows. All other committees shall be appointed by the presiding officer of the Society. The President may appoint the usual committees two weeks before the Annual Convention.

§ 5.—The President shall, at an early hour of the session, appoint a Committee of three Fellows, of which the Secretary shall be one, to be called the Business Committee, to whom all reports of cases, dissertations or other papers designed to be read at the Meetings of the Society shall be presented. This Committee shall examine them and recommend the manner and order in which they shall be read to the Society.

§ 6.—It shall be the duty of the Fellows of the several counties to present to the Society short obituary sketches of deceased members, which shall be revised, amended or condensed by the Committee of Publication as they deem expedient. In case, however, of any considerable changes in obituary sketches either in revising, amending or condensing, said sketches shall be submitted to the writer before publication in the Proceedings.

CHAPTER IV.

§ 1.—The members of the Connecticut Medical Society shall meet annually in their respective counties, and at such other times and at such places as have been or may hereafter be agreed upon by them; provided, the annual meeting shall be at least four weeks before the fourth Wednesday in May. Each County Association of members of the Connecticut Medical Society shall be known and called by the name of the county in which it is held. Each County Association shall choose a President, Clerk and such other officers as may be found necessary. At their annual meeting they shall elect by ballot, of their own number, in each county, five, except in the county of Tolland which shall elect three, Fellows to have part in the superintendence and management of the Society. Each County Association shall elect as many Alternates as they elect Fellows, who shall act in the absence of their primaries. Each County Association shall designate one of their Fellows as a member of the Nominating Committee and another as his Alternate.

§ 2.—The several County Associations shall have power to adjourn, to call special meetings, as they shall deem expedient, and adopt such by-laws as they find desirable, not contrary to the laws of the State or the by-laws of the Connecticut Medical Society.

§ 3.—Any practising physician of good moral character having the qualifications prescribed by the Charter and By-Laws of the Connecticut Medical Society and making application for that purpose may be admitted to membership in said Society by a major vote by ballot of the members present at any regular meeting of the Association in the County where said person resides, provided he has been residing and practising in the State one year, and in said County six months.

§ 4.—All persons so elected shall, within one year after said election, subscribe to the by-laws of the Society or otherwise declare in writing their assent to the same or such election shall be void.

§ 5.—Any County Association may, by a major vote, dismiss from the Society any member of their county who shall remove from the State or who shall leave the profession for other pursuits.

§ 6.—Any County Association may, if it is deemed expedient, recommend to the President and Fellows, for dismissal from the Society, any member residing in that county who shall apply for such dismissal by a written request to that effect, delivered to the Clerk of said County Meeting at least ten days before the time of holding any legal county meeting; and also any member who shall refuse or neglect to pay taxes; and upon the approval of such recommendation by the President and Fellows in annual meeting, the connection between such member and the Society shall be dissolved; provided,

that no member shall be honorably dismissed from the Society until all his taxes shall have been paid.

The Clerk of each County Association shall omit from the roll of members which he reports to the Treasurer the names of all members who have for two years refused or neglected to pay the taxes assessed by the President and Fellows, reporting the names of such delinquents to the County Meeting. Said County Association shall suspend such delinquent members till said taxes are paid, or unless they find good reasons for delay, may expel such delinquent members, reporting their action to the President and Fellows for approval.

The annual tax shall be collected from all members except the Clerks of County Associations; provided, that any County Association may recommend to the President and Fellows the abatement of the taxes, on account of disability or pecuniary embarrassment, of a member who is over sixty years of age.

§ 7.—All violations of the by-laws of the Connecticut Medical Society, or of the Medical Police adopted by the Society, or of the rules and regulations passed by the County Associations in conformity with the by-laws of the State Society, may be prosecuted and tried in the respective County Associations, under the following regulations, viz.: They shall appoint from among their members three persons to be known as the Board of Censors, the duties of which board shall be to take cognizance and advisory consideration of all instances of violation of the by-laws of the Society, that may come to their knowledge or be properly presented to them, and shall make report to the County Association of their action whenever it shall seem to them expedient, or they shall be thereto ordered by the Association. The member accusing another of a violation of any of the before mentioned regulations, shall make a statement, in writing, and lay the same before a Fellow of the Society; and such Fellow shall issue notification to the accused to appear before the next County Association, stating the time when and the place where it is to be held, to defend, if he sees fit, against such accusation. A copy of such accusation and notification shall be left with the accused, or at his last usual place of abode, at least twelve days previous to the time of holding the next County Association. And the accuser shall cause the said accusation and notification to be served and returned to the Clerk of the County Association on or before the day of their sitting; at which day the case with the accompanying papers shall be referred to the Board of Censors hereinbefore mentioned, who shall hear all evidence and report to the Association the conclusions at which they have arrived, and their reasons therefor, and the offender, upon conviction, may be punished by admonition, by suspension from the privileges of the Society for a period not exceeding two years, or by expulsion from the Society; provided, that no sentence of expulsion shall be valid until confirmed by the President and Fellows in annual meeting.

§ 8.—When a new Clerk is chosen in any of the County Associations, his predecessor shall deliver to him all the records and papers pertaining to the office, retaining copies of the same if he think proper.

§ 9.—It shall be the duty of the several Clerks of the County Associations, in their respective counties, to collect and pay over to the Treasurer of the State Society all such taxes as shall from time to time be laid by the President and Fellows upon the members of the Connecticut Medical Society. A certified copy of the levy of the tax signed by the President and Secretary, shall be sent annually to the Clerk of each County Association. And the Clerks shall be allowed a compensation of five per cent. on all moneys collected by them respectively and paid to the Treasurer of the State Society; provided, that such additional sum as the County Association may direct, not exceeding five per cent. of the moneys collected, may be retained by the Clerk to pay the expenses of the meetings of said Association.

§ 10.—The Secretary shall send to each Clerk, before the annual meeting of the County Medical Association, blanks for the returns required for the Secretary and Treasurer of the State Society. The Clerks shall return to the Secretary a true list of the officers elected at the annual meeting, all the members of the County Associations, with the post-office address of each—In case of new members the date and place of graduation should be invariably given; the names of members who have died since the last meeting, with the name of the person appointed to write an obituary sketch; also a list of delin-

quent tax-payers with the amount due from each, and all other information therein required that may be necessary for the Secretary to make up the program for the annual convention. This return shall be certified by the Clerk, who shall transmit to the Secretary obituary sketches of those who have died, and all papers destined for the Transactions of the Society, or to be acted upon in convention. The blank to be returned to the Treasurer shall contain a list of the taxable members and those exempt, with the reason therefor; also such other facts as may be therein required, the whole return to be certified by the Clerk. Those who fail in this duty shall be subject to a fine of five dollars, to be collected by the Treasurer.

CHAPTER V.

§ 1.—Each member of the Society shall have free access to the records of the Society, and of the County Association to which he belongs, and may take attested copies thereof if he requests them.

§ 2.—All the members of the Connecticut Medical Society have the privilege of attending all the meetings of the President and Fellows, and performing all the duties of Fellows except voting. Honorary members shall have the privilege of a seat at the Annual Meeting, and of taking part in the discussions; but they shall not vote on any question or be eligible to any office.

§ 3.—Any member of the Society who shall make, vend, or publicly recommend, or who is directly or indirectly interested in the manufacture, use, or sale of any nostrum or patent medicine, shall not be eligible to any office, and is liable to be suspended from the privileges of the Society, or to expulsion.

§ 4.—No member of the Society shall hold professional consultation or intercourse with any other than licensed physicians and surgeons in regular standing.

§ 5.—It shall be the duty of every member of this Society to accuse any other member of the Society for such misdemeanors as he deems contrary either to the By-Laws, Medical Police, or Rules and Regulations adopted by the Society; and the accuser shall proceed in the manner directed in Chapter iv, Sec. 7, of By-Laws.

The privileges and obligations of membership revert to a regular physician on returning to the State.

CHAPTER VI.

§ 1.—All elections of officers of the Society shall be at the Annual Meeting of the President and Fellows, and by ballot; and a majority of votes shall be requisite to elect.

§ 2.—Before the President and Fellows proceed to ballot, the Committee on Nominations shall present a list of candidates for the several officers to be elected; and, an opportunity having been given to the members to make other nominations, the Society shall then be called to ballot; if no election is obtained on the first canvass, the two highest shall be candidates for the next balloting. When a choice is made, the persons chosen shall hold their office during one year, and until others shall be elected.

§ 3.—The Nominating Committee shall report names for the delegates to the American Medical Association, and to corresponding Societies, and shall also nominate a Committee of Arrangements, whose duty it shall be to provide convenient accommodations for the next annual convention, and an Anniversary Chairman, who shall preside at the dinner of the next year. The Anniversary Chairman shall be one of the Committee of Arrangements.

CHAPTER VII.

§ 1.—The Society adopts the Code of Ethics of the American Medical Association as a part of its Constitution and By-Laws.

§ 2.—No article of the By-Laws, as now adopted, shall be altered, or amended, except the subject proposed shall have been submitted in writing to the consideration of the President and Fellows at a previous annual meeting; and a vote of two-thirds of the members present in that body shall be necessary to ratify and confirm any amendment. But any By-Law may be suspended by a two-thirds vote.

§ 3.—On the day of the annual convention, a dinner shall be provided, at

the expense of those members partaking of it. Delegates from other Societies shall be provided for under the direction of the Committee of Arrangements. An invitation to this dinner may be given to such eminent persons as the President of the Society, or Anniversary Chairman, shall think proper to notice in this manner.

CHAPTER VIII.

§ 1.—No member of this Society shall be recommended to the President and Fellows of Yale College for the honorary degree of Doctor of Medicine until such member shall have been in the practice of medicine for a period of twenty-five years at least, and no more than one shall be recommended from this State in any one year, and such degree shall be conferred solely on the ground of distinguished merit and honor of the individual. Adopted in 1856.

§ 2.—The names of candidates for the honorary degree of Doctor of Medicine and honorary membership shall be published in the Proceedings of the Society, and not be acted upon for one year subsequent to the time such nominations are made. Passed May, 1860.

DUTIES OF THE PUBLICATION COMMITTEE.

It shall be the duty of the Publication Committee to print, as soon as practicable after each annual meeting, a report of the Proceedings.

This shall contain the Secretary's report of the business transacted, the papers presented, a list of members, and such other material as may properly be placed in such a publication. All remarks made in the discussion of any scientific subject may be committed to writing by the person making them, either before or immediately after they are made and given to the Committee of Publication. The Secretary at the expense of the Society shall provide suitable tablets for this purpose. In the compilation of the Proceedings the papers shall be arranged in the following order: The Secretary's Report, the President's Address, the Dissertations, papers by members presented at the request of the Society, papers recommended for publication by the County Meetings, voluntary papers, obituary notices of deceased members.

Should the papers presented exceed suitable limits for publication the Committee is authorized and directed to omit such as they consider of the least value. In cases of doubt the Committee are authorized to use the order in which the papers are named above as the order of preference. A printed copy of the Proceedings shall be sent to each member of the Society, except to those who are in arrears two or more years for dues.

The Committee shall forward to the author of each published article twenty-five reprints of his paper, when such are requested.

Reprints of obituary sketches shall be sent, bound in proper form, in such numbers as may be desired, to the families of deceased members.

The Yale Medical School shall be allowed, free of expense, the use of two pages for advertising purposes.

Other proper medical or surgical advertisements may be inserted, a suitable charge being made for their admission.

PRECEDENCE OF MOTIONS IN ORDER.—WHEN A QUESTION IS UNDER DEBATE. (Cushing.)

1. To adjourn; 2. To lay on the table; 3. The previous question; 4. To postpone to a day certain; 5. To commit; 6. To amend; 7. To postpone indefinitely; 8. The main question.

REPORTS OF COMMITTEES.—HOW TO DISPOSE OF THEM.

When a committee is ready to report, the first question is whether the assembly will receive the report.

If the assembly, either by formal vote, or by tacit consent, permits a report to be read, the report, by such permission, is received, and goes to the Clerk for his files—that is to say, lies on the table.

The committee, by reading the report is dissolved and discharged, and cannot act again without new power from the assembly.

The report having been received, as above indicated, lies on the table, and the matter may end at this point without further action being taken or a word said.

But if the assembly wishes to discuss, or take action on any part or the whole of a report it can do so as soon as the report is read, or at any subsequent time, upon motion properly seconded. Whenever a report, or any part of it is thus taken up, it may be treated and disposed of precisely as any other proposition—it may be allowed to stand as it came from the committee, or it may be amended in its statement, reasons, opinion, or in its resolutions or other propositions, if it contain such—any portion being taken separately, several portions together, or the whole at once.

In whatever way the report be treated, the final question on any portion, or the whole, as the case may be, is on acceptance, and "when accepted it is adopted" (Cushing, p. 151, sec. 295) by the assembly, and becomes the statement, reasoning, opinion, resolution, or other act, as the case may be, of the assembly, the same as it would have been had it originated in the assembly itself without the intervention of a committee.

(Though the question may be properly put on acceptance of a statement of facts, reasoning, or opinion; on agreeing to resolutions or other similar propositions; on adopting the order, or on passing and coming to the vote recommended, etc.; all these phrases are only equivalent to acceptance, which comprehends them all.)

The points then always to be remembered are, that a report is received by being allowed to be read; and that the whole, or any part of it, when accepted is adopted and should be so entered in the Proceedings.

If the above exposition, strictly in accordance with Cushing and correct parliamentary usage, were constantly kept in mind by presiding officers, the deliberations of our Societies would be greatly facilitated and much confusion avoided.

CONSTITUTION.

(Revised to March 28, 1891).

PLAN OF ORGANIZATION FOR A NATIONAL MEDICAL ASSOCIATION.

Whereas, The Medical Convention, held in the City of New York, in May, 1846, have declared it expedient "for the medical profession of the United States to institute a National Medical Association;" and,

Inasmuch as an institution so conducted as to give frequent, united and emphatic expression to the views and aims of the medical profession in this country, must at all times have a beneficial influence, and supply more efficient means than have hitherto been available here for cultivating and advancing medical knowledge; for elevating the standard of medical education; for promoting the usefulness, honor, and interests of the medical profession; for enlightening and directing public opinion in regard to the duties, responsibilities, and requirements of medical men; for exciting and encouraging emulation and concert of action in the profession, and for facilitating and fostering friendly intercourse between those who are engaged in it: therefore, be it

Resolved, In behalf of the medical profession of the United States, that the members of the Medical Convention, held in Philadelphia, in May, 1847, and all others who, in pursuit of the objects above mentioned, are to unite with or succeed them, constitute a National Medical Association; and that for the organization and management of the same, they adopt the following Regulations:*

I.—TITLE OF THE ASSOCIATION.

This institution shall be known and distinguished by the name and title of "The American Medical Association."

II.—MEMBERS.

The members of this institution shall collectively represent and have cognizance of the common interests of the medical profession in every part of the United States, and shall hold their appointment to membership either as delegates from local institutions, as members by invitation, as permanent members, or members by application.

The Delegates shall receive their appointment from permanently organized State medical societies, and such county and district medical societies as are recognized by representation in their respective state societies, and from the medical department of the Army and Navy of the United States, and the Marine Hospital Service of the United States.

Each delegate shall hold his appointment for one year, and until another is appointed to succeed him, and shall participate in all the business and affairs of the Association.

Each state, county and district medical society entitled to representation, shall have the privilege of sending to the Association one delegate for every ten of its regular resident members, and one for every additional fraction of more than half that number. Provided, however, that the number of delegates from any particular state, territory, county, city or town shall not exceed the ratio of one in ten of the resident physicians who may have signed the Code of Ethics of this Association. The Medical Staffs of the Army and Navy shall be entitled to four delegates each. The Marine Hospital Service of the United States shall be entitled to one delegate.

No individual who shall be under sentence of expulsion or suspension from any state or local medical society of which he may have been a member, or whose name shall have been, for non-payment of dues, dropped from the rolls of the same, shall be received as a delegate to this Association, or be allowed any of the privileges of a member, until he shall have been relieved from the said sentence or disability by such state or local society, or shall have paid up

* Revised to date.

all arrears of membership; nor shall any person not a member and supporter of a local medical society, where such a one exists, be eligible to membership in the American Medical Association.

No one expelled from this Association shall at any time thereafter be received as a delegate or member, unless by a three-fourths vote of the members present at the meeting to which he is sent, or at which he is proposed.

Members by Invitation shall consist of practioners of reputable standing from sections of the United States not otherwise represented at the meeting. They shall receive their appointment by invitation of the meeting, after an introduction from, and being vouched for by, at least three of the members present, or three of the absent permanent members. They shall hold their connection with the Association until the close of the annual session at which they are received, and shall be entitled to participate in all its affairs, as in the case of delegates, except the right to vote.

The Permanent Members shall consist of all those who have served in the capacity of delegates, and of such other members as may receive the appointment by unanimous vote, and shall continue such so long as they remain in good standing in the body from which they were sent as delegates, and comply with the requirements of the By-Laws of the Association. Permanent members shall at all times be entitled to attend the meetings, and participate in the affairs of the Association, so long as they shall continue to conform to its regulations, but without the right of voting; and when not in attendance, they shall be authorized to grant letters of introduction to reputable practitioners of medicine residing in their vicinity, who may wish to participate in the business of the meeting, as provided for members by invitation.

Members by Application shall consist of such members of the state, county and district medical societies entitled to representation in this Association as shall make application for admission, in writing, to the Treasurer, and accompany said application with a certificate of good standing, signed by the President and Secretary of the society of which they are members, and the amount of the annual fee, five dollars. They shall have their names upon the roll, and have all the rights and privileges accorded to permanent members, and shall retain their membership on the same terms.

Every member elect, prior to the permanent organization of the annual meeting, or before voting on any question after the meeting has been organized, must exhibit his credentials to the proper committee, and sign these regulations, inscribing his name and address in full, specifying in what capacity he attends, and, if a delegate, the title of the institution from which he has received his appointment.

III.—MEETINGS.

The regular meetings of the Association shall be held annually. The place of meeting shall be determined, with the time of meeting for each next successive year, by vote of the Association.

IV.—OFFICERS.

The officers of the Association shall be a President, four Vice-Presidents, a Secretary and an Assistant Secretary, a Treasurer, and a Librarian. All of them except the Secretary shall be nominated by a special committee of one member from each State represented at the meeting, and shall be elected by vote on a general ticket.

Each officer except the Secretary shall hold office for one year and until his successor is elected. The editor of the journal of the American Medical Association shall be the Secretary of this Association, and shall serve as such without additional compensation.

The President and Vice-Presidents shall assume the functions of their respective offices at the beginning of the annual meeting next succeeding their election; all other officers shall enter upon their duties immediately after their election.

The President shall preside at the meetings, preserve order and decorum in debate, give a casting vote when necessary, and perform all other duties that custom and parliamentary usage may require.

The Vice-presidents, when called upon, shall assist the President in the performance of his duties, and during the absence, or at the request of the President, one of them shall officiate in his place.

The Secretary shall record the minutes and authenticate the proceedings; give due notice of the time and place of each next ensuing annual meeting; notify all members of committees of their appointment, and of the duties assigned to them; hold correspondence with other permanently organized medical societies, both domestic and foreign; and carefully preserve the archives and unpublished transactions of the Association.

The Assistant Secretary shall aid the Secretary in recording and authenticating the proceedings of the Association; serve as a member of the Committee of Arrangements, and perform all the duties of the Secretary temporarily whenever that office shall be vacant, either by death, resignation, or removal.

The Treasurer shall have the immediate charge and management of the funds and property of the Association. He shall give to the Board of Trustees bonds for the safe keeping and proper use and disposal of his trust. And through the same Board he shall present his accounts, duly authenticated, at every regular meeting.

The Librarian shall receive and preserve all the property in books, pamphlets, journals, and manuscripts presented to or acquired by the Association, record their titles in a book prepared for the purpose and acknowledge the receipt of the same.

V.—STANDING COMMITTEES.

The Committee of Arrangements shall, if no sufficient reasons prevent, be mainly composed of seven members, of whom the Assistant Secretary shall be one, residing in the place at which the Association is to hold its next annual meeting; and shall be required to provide suitable accommodations for the meeting, to verify and report upon the credentials of membership, to receive and announce all essays and memoirs voluntarily communicated, either by members of the Association, or by others through them, and to determine the order in which such papers are to be read and considered.

The Board of Trustees shall consist of nine members, three of whom shall be elected annually, on the nomination of the Nominating Committee, and shall serve for three years. It shall be the duty of this Board to provide for and superintend the publication and distribution of all such proceedings, transactions, and memoirs of the Association as may be ordered to be published, in such manner as the Association may direct, and in doing this it shall have authority to appoint an editor and such assistants, and determine their salaries, and procure and control such materials as may be necessary for the accomplishment of the work assigned to it. To further facilitate its work, it shall be the duty of the Secretaries of the Association, and of the several sections during each annual meeting, or as soon thereafter as practicable, to deliver to the Board, or such editor or agent as it shall appoint, all such records of proceedings, reports, addresses, papers and other documents as may have been ordered for publication either in the general sessions or in the Sections. All moneys received by the Board of Trustees, or its agents, resulting from the discharge of the duties assigned them, must be paid to the Treasurer of the Association, and all orders on the Treasurer for disbursements of money in any way connected with the work of publication, must be indorsed by the President of the Board of Trustees. It shall be the further duty of the said Board of Trustees to hold the official bond of the Treasurer for the faithful execution of his office, to annually audit and authenticate his accounts, and present a statement of the same in its annual report to the Association during the year, the number of copies still on hand, and the amount of all other property belonging to the Association, under its control, with such suggestions as it may deem necessary.

VI.—FUNDS AND APPROPRIATIONS.

Funds shall be raised by the Association for meeting its current expenses and awards from year to year, but never with the view of creating a permanent income from investments. Funds may be obtained by an equal assessment of not more than ten dollars annually, on each of the delegates and permanent

members; by voluntary contributions for specific objects; and by the sale and disposal of publications, or of works prepared for publication.

The funds may be appropriated for defraying the expenses of the Secretary in maintaining the necessary correspondence of the Association; for publication; for enabling the Standing Committees to fulfill their respective duties, conduct their correspondence, and procure the materials necessary for the completion of their stated annual reports; for the encouragement of scientific investigation by prizes and awards of merit; and for defraying the expenses incidental to specific investigations under the instruction of the Association, where such investigations have been accompanied with an order on the Treasurer to supply the funds necessary for carrying them into effect.

VII.—THE SECTIONS AND GENERAL BUSINESS COMMITTEE.

That each Section of this Association shall elect an Executive Committee of three members, who shall be chosen from among those who have been in attendance upon the sessions of the Section for at least two years; to serve one, two, and three years respectively; and that thereafter the retiring Chairman of the Section shall take the place upon the Executive Committee of the retiring member of the Committee. It shall be the duty of the Executive Committee, in conjunction with the Chairman and Secretary, to give especial attention to the interests of their own Section.

These Executive Committees of the Sections so formed shall constitute the General Business Committee of the Association. They shall hold daily meetings during the sessions of the Association, and all matters of business not provided for by the Committee of Arrangements, the Board of Trustees, the Judicial Council, the Committee of American Medical Necrology and Special Committees shall be referred to them without debate.

It shall be the duty of the General Business Committee to give especial attention to the interests of the Association, and to promote the welfare of the various Sections; to consider all matters of business referred to it by the Association and report upon them at the earliest possible moment, when the Association may adopt or reject the report as it may deem best.

All sections or parts of sections of the Constitution or By-Laws of the Association not in harmony with this amendment are hereby repealed.

VIII.—PROVISION FOR AMENDMENT.

No amendment or alteration shall be made in any of these articles, except at the annual meeting next subsequent to that at which such amendment or alteration may have been proposed; and then only by the voice of three-fourths of all the delegates in attendance.

Provided, however, that when an amendment is properly under consideration, and an amendment is offered thereto, germane to the subject, it shall be in order, and if adopted, shall have the same standing and force as if proposed at the preceding meeting of the Association.

BY-LAWS.

I.—ORDER OF BUSINESS.

The order of business at the annual meetings of the American Medical Association shall at all times be subject to the vote of three-fourths of all the members in attendance; and, until permanently altered, except when for a time suspended, it shall be as follows, namely:

1. The calling of the meeting to order by the President elected the preceding year, or, in his absence, by one of the Vice-Presidents. 2. The report of the Committee of Arrangements on the credentials of members, after the latter have registered their names and addresses, and the titles of the institutions which they represent. 3. The reception of members by invitation. 4. The election of permanent members. 5. The reading of notes from absentees. 6. The hearing of the annual address of the President. 7. The reception of the reports of all special committees and voluntary communications, and their

reference to the appropriate Sections. 8. The appointment of the committee of one from each State represented, to nominate officers of the Association, and to fill the standing committees. 9. The reading and consideration of the reports of Standing Committees, of Publication, on Prize Essays, and of Chairmen of Sections. 10. Resolutions introducing new business, and instructions to the permanent committees. 11. The selection of the next place of meeting. 12. The Report of the Nominating Committee, and the election of officers of the Association. 13. Reports from the several Sections. 14. Reading of the minutes by the Secretary. 15. Unfinished and miscellaneous business. 16. Adjournment.

II.—SECTIONS.

The general meetings of the Association shall be restricted to the morning sessions; and the afternoon sessions, commencing at three o'clock, shall be devoted to the hearing of reports and papers and their consideration in the following Sections:

1. Practical Medicine. 2. Obstetrics and Diseases of Women. 3. Surgery and Anatomy. 4. State Medicine. 5. Ophthalmology. 6. Diseases of Children. 7. Stomatology. 8. Medical Jurisprudence and Neurology. 9. Dermatology and Syphilis. 10. Laryngology and Otology. 11. Materia Medica, Pharmacy, and Therapeutics. 12. Physiology and Dietetics.

On the second day of each annual meeting each Section shall nominate its own officers to serve for the next ensuing year, their duties to commence with the close of the annual meeting at which they are nominated, and to continue until their successors are appointed.

The Chairman of each Section shall prepare an address on the recent advances in the branches belonging to his Section, including such suggestions in regard to improvements or methods of work as he may regard important, and present on the first day of the annual session the same to the Section over which he presides. The reading of such address not to occupy more than forty minutes.

It shall be the duty of every member of the Association who proposes to present a paper or report to any one of the Sections, to forward either the paper, or a title indicative of its contents, and its length, to the Secretary of said Section at least one month before the annual meeting at which the paper or report is to be read. It shall also be the duty of the Chairman and Secretary of each Section to communicate the same information to the Chairman of the Committee of Arrangements concerning such papers and reports as may come into their possession or knowledge, for their respective Sections, the same length of time before the annual meeting. And the Committee of Arrangements shall determine the order of reading or presentation of all such papers, and announce the same in the form of a programme for the use of all members attending the annual meeting. Such programme shall also contain the rules specified in the By-Laws and Ordinances concerning the consideration and disposal of all papers in the Sections.

No paper shall be read before either of the Sections, the reading of which occupies more than twenty minutes. Such papers shall be referred by the Section to subcommittees, specially appointed for their examination. The subcommittees shall be allowed thirty days for their examination; at the end of which time they shall forward the papers to the Board of Trustees, with such recommendations as they may deem proper. The authors of such papers, however, may read abstracts before the Section within the allotted twenty minutes. No member shall address the Section more than once upon the same subject, nor speak longer than fifteen minutes without unanimous consent.

All papers presented directly to the Association, and other matters, may, at the discretion of the Association, be referred to the various Sections for their consideration and report.

III.—STANDING COMMITTEES.

The following are the Standing Committees of the Association, to be filled by the Committee on Nominations, and to report at the next annual meeting subsequent to their appointment, namely: Committee of Arrangements, Board of Trustees, and Committee on American Medical Necrology.

The Board of Trustees shall append to each volume of the Transactions hereafter published, a copy of the Constitution, By-Laws and Code of Ethics of the Association. It shall print conspicuously, at the beginning of each volume of the Transactions, the following disclaimer, namely: The American Medical Association, although formally accepting and publishing the reports of the various standing committees, holds itself wholly irresponsible for the opinions, theories or criticisms therein contained, except when otherwise decided by special resolution.

The Committee on American Medical Necrology shall consist of one member for each State and Territory represented in the Association, whose duty it shall be to procure memorials of the eminent and worthy dead among the distinguished physicians of their respective States and Territories, and transmit them to the chairman of this committee on or before the 1st of April of each and every year.

IV.—THE PUBLICATION OF PAPERS AND REPORTS.

No report or other paper shall be entitled to publication in the volume for the year in which it shall be presented to the Association, unless it be placed in the hands of the Board of Trustees on or before the first day of July. It must also be so prepared as to require no material alteration or addition at the hands of its author.

Authors of papers are required to return their proofs within two weeks after their reception; otherwise they will be passed over and omitted from the volume.

Every paper received by this Association and ordered to be published, and all plates or other means of illustration, shall be considered the exclusive property of the Association, and shall be published and sold for the exclusive benefit of the Association.

The Board of Trustees shall have full discretionary power to omit from the published Transactions, in part or in whole, any paper that may be referred to it by the Association, or either of the Sections, unless specially instructed to the contrary by vote of the Association.

V.—ASSESSMENTS.

The sum of five dollars shall be assessed annually, upon each delegate to the sessions of the Association, as well as upon each of its permanent members, whether attending or not, for the purpose of raising a fund to defray necessary expenses. The payment of this sum shall be required of the delegates and members in attendance upon the sessions of the Association previous to their taking their seats and participating in the business of the sessions. Permanent members, not in attendance, shall transmit their dues to the Treasurer.

Any permanent member who shall fail to pay his annual dues for three successive years, unless absent from the country, shall be dropped from the roll of permanent members, after having been notified by the Secretary of the forfeiture of his membership.

VI.—DELEGATES FROM THE MEDICAL STAFFS OF THE ARMY, NAVY, AND MARINE-HOSPITAL SERVICE.

Delegates representing the medical staffs of the United States Army and Navy, shall be appointed by the Chief of the Army and Navy Medical Bureaus, and the U. S. Marine-Hospital Service. The number of delegates so appointed shall be four from the Army medical officers, and an equal number from the Navy medical officers, and one from the Marine-Hospital Service.

VII.—DELEGATES TO FOREIGN MEDICAL SOCIETIES.

The President shall be authorized annually to appoint delegates to represent this Association at the meetings of the British Medical Association, the American Medical Society at Paris, and such other scientific bodies in Europe and other foreign countries as may be affiliated with us.

VIII.—DUTIES OF MEMBERS.

No one shall be permitted to address the Association, except he shall have first given his name and residence, which shall be distinctly announced from the chair, and the member may be required to go forward and speak from the stand, but not more than ten minutes at one time.

No one appointed on a special committee, who fails to report at the meeting next succeeding the one at which he is appointed, shall be continued on such committee, or appointed on any other, unless a satisfactory excuse is offered.

IX.—CONDITION EXCLUDING REPRESENTATION.

No State or Local Medical Society, or other organized institution, shall be entitled to representation in this Association that has not adopted the Code of Ethics; or that has intentionally violated or disregarded any article or clause of the same.

X.—OF THE PREVIOUS QUESTION.

When the previous question is demanded, it shall take at least twenty members to second it; and when the main question is under force of the previous question and negatived, the question shall remain under consideration the same as if the previous question had not been enforced.

XI.—JUDICIAL COUNCIL.

A council, consisting of twenty-one members, shall be appointed by the Nominating Committee, whose duty it shall be to take cognizance of, and decide, all questions of an ethical or judicial character that may arise in connection with the Association. Of the twenty-one members of the council first appointed the seven first named on the list shall hold office one year, and the second seven named shall hold office two years.

With these exceptions the term of office of members of the council shall be three years, seven being appointed by the Nominating Committee annually.

The said council shall organize by choosing a President and Secretary, and shall keep a permanent record of its proceedings. The decisions of said council on all matters referred to it by the Association shall be final, and shall be reported to the Association at the earliest moment.

All questions of a personal character, including complaints and protests, and all questions on credentials, shall be referred at once, after the report of Committee of Arrangements or other presentation, to the Judicial Council, and without discussion.

XII.—NEW BUSINESS.

No new business, resolutions by members, etc., shall be introduced at the general session of the Association except on the first and fourth days of meetings.

XIII.—OFFICERS AND COMMITTEES.

In the election of officers and appointment of committees by this Association and its President, they shall be confined to members and delegates present at the meeting, except in the Committee of Arrangements.

XIV.—ADDRESSES.

The Association shall annually elect, on the nomination of the Nominating Committee, three members of the profession, eminent in some of its departments, to deliver addresses in the general session of the next ensuing annual meeting —one on some topic or topics relating to general medicine, another relating to general surgery, and the third relating to public medicine, including under that head, hygiene, sanitation, prophylaxis, education and medical legislation, each of such addresses not to exceed one hour in its delivery.

The following resolution was adopted at the session of 1888:

That in future, each delegate or permanent member, shall, when he registers, also record the name of the Section, if any, that he will attend, and in which he will cast his vote for Section officers.

Also, that the Permanent Secretary may be enabled to erase from the roll the names of those who have forfeited their membership, the Secretaries are, by special resolution, requested to send to him annually, a corrected list of the membership of their respective Societies.

ORDINANCES.

Resolved, That the several Sections of this Association be requested, in the future, to refer no papers or reports to the Board of Trustees, except such as can be fairly classed under one of the three following heads, namely: 1. Such as may contain and establish positively new facts, modes of practice or principles of real value. 2. Such as may contain the results of well-devised original experimental researches. 3. Such as present so complete a review of the facts on any particular subject as to enable the writer to deduce therefrom legitimate conclusions of importance.

Resolved, That the several Sections be requested, in the future, to refer all such papers as may be presented to them for examination by this Association, that contain matter of more or less value, and yet cannot be fairly ranked under either of the heads mentioned in the foregoing resolution, back to their authors with the recommendation that they be published in such regular medical periodicals as said authors may select, with the privilege of placing at the head of such papers, "Read to the Section of the American Medical Association on the day of 18 ." (Vide "Transactions," Vol. xvi., p. 40.)

Resolved, That instead of yearly reprinting the list of members of the American Medical Association, the Board of Trustees be instructed to prepare and print in the "Transactions" an alphabetical catalogue triennially, containing a complete list of the Permanent Members, with their names in full, designating their residences, the year of their admission, the offices they have held in the Association, and, in case of death or rejection, the date thereof. (Vide "Transactions," Vol. xvii., p. 33.)

Resolved, That no report or other paper shall be presented to this Association unless it be so prepared that it can be put at once into the hands of the Permanent Secretary, to be transmitted to the Board of Trustees. (Vide "Transactions," Vol. xvii., p. 27.)

Resolved, That the Permanent Secretary hereafter and from this date be authorized to draw a warrant upon the Treasurer for the expenses incurred in his attendance upon each session of the Association, and that the Treasurer is hereby instructed to pay the same. (Vide "Transactions," Vol. xviii., p. 42.)

Resolved, That the faculties of the several medical colleges of the United States be recommended to announce explicitly, in their annual announcements, circulars and advertisements that they will not receive certificates of time of study from irregular practitioners, and that they will not confer the degree upon any one who may acknowledge his intention to practice in accordance with any exclusive system. (Vide "Transactions," Vol. xix., p. 31.)

Resolved, That those gentlemen who desire to report on special subjects, and will pledge themselves to report at the next meeting, be requested to send their names, and the subjects on which they desire to report to the Permanent Secretary. (Vide "Transactions," Vol. xix., p. 42.)

Resolved, That hereafter the necessary expenses for rent of hall for general meetings and rooms for Sections to accommodate the annual meetings, and the necessary expenses for cards of membership, be paid out of the treasury of the Association. (Vide "Transactions," Vol. xix., p. 42.)

CODE OF ETHICS OF THE AMERICAN MEDICAL ASSOCIATION.

Chapter I.—Of the Duties of Physicians to their Patients and of the Obligations of Patients to their Physicians.

ARTICLE I.—DUTIES OF PHYSICIANS TO THEIR PATIENTS.

§ 1.—A physician should not only be ever ready to obey the calls of the sick, but his mind ought also to be imbued with the greatness of his mission and the responsibility he habitually incurs in its discharge. These obligations are the more deep and enduring because there is no tribunal other than his own conscience to adjudge penalties for carelessness or neglect. Physicians should, therefore, minister to the sick with due impressions of the importance of their office, reflecting that the ease, the health and the lives of those committed to their charge depend on their skill, attention and fidelity. They should study also in their deportment so to unite tenderness with firmness, condescension with authority, as to inspire the minds of their patients with gratitude, respect and confidence.

§ 2.—Every case committed to the charge of a physician should be treated with attention, steadiness and humanity. Reasonable indulgence should be granted to the mental imbecility and caprices of the sick. Secrecy and delicacy, when required by peculiar circumstances, should be strictly observed; and the familiar and confidential intercourse to which physicians are admitted in their professional visits should be used with discretion and with the most scrupulous regard to fidelity and honor. The obligation of secrecy extends beyond the

period of professional services; none of the privacies of personal and domestic life, no infirmity of disposition or flaw of character observed during professional attendance should ever be divulged by the physician except when he is imperatively required to do so. The force and necessity of this obligation are indeed so great that professional men have, under certain circumstances, been protected in their observance of secrecy by courts of justice.

§ 3.—Frequent visits to the sick are in general requisite, since they enable the physician to arrive at a more perfect knowledge of the disease—to meet promptly every change which may occur and also tend to preserve the confidence of the patient. But unnecessary visits are to be avoided, as they give useless anxiety to the patient, tend to diminish the authority of the physician, and render him liable to be suspected of interested motives.

§ 4.—A physician should not be forward to make gloomy prognostications, because they savor of empiricism by magnifying the importance of his services in the treatment or cure of the disease. But he should not fail, on proper occasions, to give to the friends of the patient timely notice of danger when it really occurs, and even to the patient himself, if absolutely necessary. This office, however, is so peculiarly alarming when executed by him, that it ought to be declined whenever it can be assigned to any other person of sufficient judgment and delicacy. For the physician should be the minister of hope and comfort to the sick, that, by such cordials to the drooping spirit, he may smoothe the bed of death, revive expiring life, and counteract the depressing influence of those maladies which often disturb the tranquillity of the most resigned in their last moments. The life of a sick person can be shortened not only by the acts, but also by the words or the manner, of the physician. It is, therefore, a sacred duty to guard himself carefully in this respect, and to avoid all things which have a tendency to discourage the patient and to depress his spirits.

§ 5.—A physician ought not to abandon a patient because the case is deemed incurable; for his attendance may continue to be highly useful to the patient and comforting to the relatives around him, even in the last period of a fatal malady, by alleviating pain and other symptoms and by soothing mental anguish. To decline attendance, under such circumstances, would be sacrificing to fanciful delicacy and mistaken liberality that moral duty which is independent of, and far superior to, all pecuniary consideration.

§ 6.—Consultations should be promoted in difficult or protracted cases, as they give rise to confidence, energy and more enlarged views in practice.

§ 7.—The opportunity which a physician not unfrequently enjoys of promoting and strengthening the good resolutions of his patients, suffering under the consequences of vicious conduct, ought never to be neglected. His counsels, or even remonstrances, will give satisfaction, not offense, if they be proffered with politeness and evince a genuine love of virtue, accompanied by a sincere interest in the welfare of the person to whom they are addressed.

ARTICLE II.—OBLIGATIONS OF PATIENTS TO THEIR PHYSICIANS.

§ 1.—The members of the medical profession, upon whom is enjoined the performance of so many important and arduous duties toward the community, and who are required to make so many sacrifices of comfort, ease and health, for the welfare of those who avail themselves of their services certainly have a right to expect and require that their patients should entertain a just sense of the duties which they owe to their medical attendants.

§ 2.—The first duty of a patient is to select as his medical adviser one who has received a regular professional education. In no trade or occupation do mankind rely on the skill of an untaught artist, and in medicine, confessedly the most difficult and intricate of the sciences, the world ought not to suppose that knowledge is intuitive.

§ 3.—Patients should prefer a physician whose habits of life are regular, and who is not devoted to company, pleasure or to any pursuit incompatible with his professional obligations. A patient should also confide the care of himself and family, as much as possible, to one physician; for a medical man who has become acquainted with the peculiarities of constitution, habits and predispositions of those he attends, is more likely to be successful in his treatment than one who does not possess that knowledge.

A patient who has thus selected his physician should always apply for advice in what may appear to him trivial cases, for the most fatal results often supervene on the slightest accidents. It is of still more importance that he should apply for assistance in the forming stage of violent diseases; it is to a neglect of this precept that medicine owes much of the uncertainty and imperfection with which it has been reproached.

§ 4.—Patients should faithfully and unreservedly communicate to their physician the supposed cause of their disease. This is the more important, as many diseases of a mental origin simulate those depending on external causes and yet are only to be cured by ministering to the mind diseased. A patient should never be afraid of thus making his physician his friend and adviser; he should always bear in mind that a medical man is under the strongest obligations of secrecy. Even the female sex should never allow feelings of shame or delicacy to prevent their disclosing the seat, symptoms and causes of complaints peculiar to them. However commendable a modest reserve may be in the common occurrences of life, its strict observance in medicine is often attended with the most serious consequences, and a patient may sink under a painful and loathsome disease which might have been readily prevented had timely intimation been given to the physician.

§ 5.—A patient should never weary his physician with a tedious detail of events or matters not appertaining to his disease. Even as relates to his actual symptoms, he will convey much more real information by giving clear answers to interrogatories than by the most minute account of his own framing. Neither should he obtrude upon his physician the details of his business nor the history of his family concerns.

§ 6.—The obedience of a patient to the prescriptions of his physician should be prompt and implicit. He should never permit his own crude opinions as to their fitness to influence his attention to them. A failure in one particular may render an otherwise judicious treatment dangerous, and even fatal. This remark is equally applicable to diet, drink and exercise. As patients become convalescent they are very apt to suppose that the rules prescribed for them may be disregarded, and the consequence, but too often, is a relapse. Patients should never allow themselves to be persuaded to take any medicine whatever that may be recommended to them by the self-constituted doctors and doctresses who are so frequently met with, and who pretend to possess infallible remedies for the cure of every disease. However simple some of their prescriptions may appear to be, it often happens that they are productive of much mischief, and in all cases they are injurious by contravening the plan of treatment adopted by the physician.

§ 7.—A patient should, if possible, avoid even the friendly visits of a physician who is not attending him—and when he does receive them, he should never converse on the subject of his disease, as an observation may be made, without any intention of interference, which may destroy his confidence in the course he is pursuing, and induce him to neglect the directions prescribed to him. A patient should never send for a consulting physician without the express consent of his own medical attendant. It is of great importaance that physicians should act in concert; for although their modes of treatment may be attended with equal success when employed singly, yet conjointly they are very likely to be productive of disastrous results.

§ 8.—When a patient wishes to dismiss his physician, justice and common courtesy require that he should declare his reasons for so doing.

§ 9.—Patients should always, when practicable, send for their physician in the morning, before his usual hour of going out; for, by being early aware of the visits he has to pay during the day, the physician is able to apportion his time in such a manner as to prevent an interference of engagements. Patients should also avoid calling on their medical adviser unnecessarily during the hours devoted to meals or sleep. They should always be in readiness to receive the visits of their physician, as the detention of a few minutes is often of serious inconvenience to him.

§ 10.—A patient should, after his recovery, entertain a just and enduring sense of the value of the services rendered him by his physician; for these are of such a character, that no mere pecuniary acknowledgment can repay or cancel them.

Chapter II.—Of the Duties of Physicians to each Other and to the Profession at Large.

ARTICLE I.—DUTIES FOR THE SUPPORT OF PROFESSIONAL CHARACTER.

§ 1.—Every individual on entering the profession, as he becomes thereby entitled to all its privileges and immunities, incurs an obligation to exert his best abilities to maintain its dignity and honor, to exalt its standing, and to extend the bounds of its usefulness. He should, therefore, observe strictly such laws as are instituted for the government of its members; should avoid all contumelious and sarcastic remarks relative to the faculty as a body; and while, by unwearied diligence, he resorts to every honorable means of enriching the scinence, he should entertain a due respect for his seniors, who have, by their labors, brought it to the elevated condition in which he finds it.

§ 2.—It is not in accord with the interests of the public or the honor of the profession that any physician or medical teacher should examine or sign diplomas or certificates of proficiency for, or otherwise be specially concerned with, the graduation of persons whom they have good reason to believe intend to support and practice any exclusive and irregular system of medicine.

§ 3.—There is no profession from the members of which greater purity of character and a higher standard of moral excellence are required than the medical; and to attain such eminence is a duty every physician owes alike to his profession and to his patients. It is due to the latter, as without it he cannot command their respect and confidence, and to both, because no scientific attainments can compensate for the want of correct moral principles. It is also incumbent upon the faculty to be temperate in all things, for the practice of physic requires the unremitting exercise of a clear and vigorous understanding, and on emergencies, for which no professional man should be unprepared, a steady hand, an acute eye and an unclouded head may be essential to the well-being, and even to the life, of a fellow-creature.

§ 4.—It is derogatory to the dignity of the profession to resort to public advertisements, or private cards, or hand bills, inviting the attention of individuals affected with particular diseases—publicly offering advice and medicine to the poor gratis, or promising radical cures; or to publish cases and operations in the daily prints, or suffer such publications to be made; to invite laymen to be present at operations; to boast of cures and remedies; to adduce certificates of skill and success, or to perform any other similar acts. These are the ordinary practices of empirics, and are highly reprehensible in a regular physician.

§ 5.—Equally derogatory to professional character is it for a physician to hold a patent for any surgical instrument or medicine, or to dispense a secret nostrum, whether it be the composition or exclusive property of himself or of others. For, if such nostrum be of real efficacy, any concealment regarding it is inconsistent with beneficence and professional liberality; and if mystery alone give it value and importance, such craft implies either disgraceful ignorance or fraudulent avarice. It is also reprehensible for physicians to give certificates attesting the efficacy of patent or secret medicines, or in any way to promote the use of them.

ARTICLE II.—PROFESSIONAL SERVICES OF PHYSICIANS TO EACH OTHER.

§ 1.—All practitioners of medicine, their wives, and their children while under the paternal care, are entitled to the gratuitous services of any one or more of the faculty residing near them, whose assistance may be desired. A physician afflicted with disease is usually an incompetent judge of his own case, and the natural anxiety and solicitude which he experiences at the sickness of a wife, a child, or any one who, by the ties of consanguinity, is rendered peculiarly dear to him, tend to obscure his judgment and produce timidity and irresolution in his practice. Under such circumstances, medical men are peculiarly dependent upon each other, and kind offices and professional aid should always be cheerfully and gratuitously afforded. Visits ought not, however, to be obtruded officiously, as such unasked civility may

give rise to embarrassment or interfere with that choice on which confidence depends. But if a distant member of the faculty, whose circumstances are affluent, request attendance, and an honorarium be offered, it should not be declined; for no pecuniary obligation ought to be imposed which the party receiving it would wish not to incur.

ARTICLE III.—OF THE DUTIES OF PHYSICIANS AS RESPECTS VICARIOUS OFFICES.

§ 1.—The affairs of life, the pursuit of health, and the various accidents and contingencies to which a medical man is peculiarly exposed, sometimes require him temporarily to withdraw from his duties to his patients, and to request some of his professional brethren to officiate for him. Compliance with this request is an act of courtesy, which should always be performed with the utmost consideration for the interest and character of the family physician, and when exercised for a short period all the pecuniary obligations for such service should be awarded to him. But if a member of the profession neglect his business in quest of pleasure and amusement, he cannot be considered as entitled to the advantages of the frequent and long continued exercise of this fraternal courtesy, without awarding to the physician who officiates the fees arising from the discharge of his professional duties.

In obstetrical and important surgical cases, which give rise to unusual fatigue, anxiety and responsibility, it is just that the fees accruing therefrom should be awarded to the physician who officiates.

ARTICLE IV.—OF THE DUTIES OF PHYSICIANS IN REGARD TO CONSULTATIONS.

§ 1.—A regular medical education furnishes the only presumptive evidence of professional abilities and acquirements, and ought to be the only acknowledged right of an individual to the exercise and honors of his profession. Nevertheless, as in consultations the good of the patient is the sole object in view, and this is often dependent on personal confidence, no intelligent regular practitioner, who has a license to practice from some medical board of known and acknowledged respectability, recognized by this Association, and who is in good moral and professional standing in the place in which he resides, should be fastidiously excluded from fellowship, or his aid refused in consultation, when it is requested by the patient. But no one can be considered as a regular practitioner or a fit associate in consultation whose practice is based on an exclusive dogma, to the rejection of the accumulated experience of the profession, and of the aids actually furnished by anatomy, physiology, pathology and organic chemistry.

§ 2.—In consultations, no rivalship or jealousy should be indulged; candor, probity and all due respect should be exercised toward the physician having charge of the case.

§ 3.—In consultations the attending physician should be the first to propose the necessary questions to the sick, after which the consulting physician should have the opportunity to make such further inquiries of the patient as may be necessary to satisfy him of the true character of the case. Both physicians should then retire to a private place for deliberation, and the one first in attendance should communicate the directions agreed upon to the patient or his friends, as well as any opinion which it may be thought proper to express. But no statement or discussion of it should take place before the patient or his friends, except in the presence of all the faculty attending, and by their common consent; and no opinions or prognostications should be delivered which are not the result of previous deliberation and concurrence.

§ 4.—In the consultations, the physician in attendance should deliver his opinion first, and when there are several consulting, they should deliver their opinions in the order in which they have been called. No decision, however, should restrain the attending physician from making such variations in the mode of treatment as any subsequent unexpected change in the character of the case may demand. But such variation, and the reasons for it, ought to be carefully detailed at the next meeting in consultation. The same privilege belongs also to the consulting physician if he is sent for in an emergency,

when the regular attendant is out of the way, and similar explanations must be made by him at the next consultation.

§ 5.—The utmost punctuality should be observed in the visits of physicians when they are to hold consultation together, and this is generally practicable, for society has been considerate enough to allow the plea of a professional engagement to take precedence of all others, and to be an ample reason for the relinquishment of any present occupation. But as professional engagements may sometimes interfere and delay one of the parties, the physician who first arrives should wait for his associates a reasonable period, after which the consultation should be considered as postponed to a new appointment. If it be the attending physician who is present, he will, of course, see the patient and prescribe; but if it be the consulting one, he should retire, except in case of emergency, or when he has been called from a considerable distance, in which latter case he may examine the patient, and give his opinion in writing and under seal, to be delivered to his associate.

§ 6.—In consultations, theoretical discussions should be avoided, as occasioning perplexity and loss of time. For there may be much adversity of opinion concerning speculative points, with perfect agreement in those modes of practice which are founded, not on hypothesis, but on experience and observation.

§ 7.—All discussions in consultation should be held as secret and confidential. Neither by words nor manner should any of the parties to a consultation assert or insinuate that any part of the treatment pursued did not receive his assent. The responsibility must be equally divided between the medical attendants—they must equally share the credit of success as well as the blame of failure.

§ 8.—Should an irreconcilable diversity of opinion occur when several physicians are called upon to consult together, the opinion of the majority should be considered as decisive; but if the numbers be equal on each side, then the decision should rest with the attending physician. It may, moreover, sometimes happen that two physicians can not agree in their views of the nature of a case and the treatment to be pursued. This is a circumstance much to be deplored, and should always be avoided, if possible, by mutual concessions as far as they can be justified by a conscientious regard for the dictates of judgment. But in the event of its occurrence a third physician should, if practicable, be called to act as umpire, and, if circumstances prevent the adoption of this course, it must be left to the patient to select the physician in whom he is most willing to confide. But, as every physician relies upon the rectitude of his judgment, he should, when left in the minority, politely and consistently retire from any further deliberation in the consultation or participation in the management of the case.

§ 9.—As circumstances sometimes occur to render a special consultation desirable, when the continued attendance of two physicians might be objectionable to the patient, the member of the faculty whose assistance is required in such cases should sedulously guard against all future unsolicited attendance. As such consultations require an extraordinary portion of both time and attention, at least a double honorarium may be reasonably expected.

§ 10.—A physician who is called upon to consult, should observe the most honorable and scrupulous regard for the character and standing of the practitioner in attendance; the practice of the latter, if necessary, should be justified as far as it can be, consistently with a conscientious regard for truth, and no hint or insinuation should be thrown out which could impair the confidence reposed in him, or affect his reputation. The consulting physician should also carefully refrain from any of those extraordinary attentions or assiduities which are too often practiced by the dishonest for the base purpose of gaining applause, or ingratiating themselves into the favor of families and individuals.

ARTICLE V.—DUTIES OF PHYSICIANS IN CASES OF INTERFERENCE.

§ 1.—Medicine is a liberal profession, and those admitted into its ranks should found their expectations of practice upon the extent of their qualifications; not on intrigue or artifice.

§ 2.—A physician, in his intercourse with a patient under the care of another practitioner, should observe the strictest caution and reserve. No meddling inquiries should be made—no disingenuous hints given relative to the nature

and treatment of his disorder; nor any course of conduct pursued that may directly or indirectly tend to diminish the trust reposed in the physician employed.

§ 3.—The same circumspection and reserve should be observed when, from motives of business or friendship, a physician is prompted to visit an individual who is under the direction of another practitioner. Indeed, such visits should be avoided, except under peculiar circumstances, and when they are made, no particular inquiries should be instituted relative to the nature of the disease or the remedies employed, but the topics of conversation should be as foregin to the case as circumstances will admit.

§ 4.—A physician ought not to take charge of or prescribe for a patient who has recently been under the care of another member of the faculty in the same illness, except in cases of sudden emergency, or in consultation with the physician previously in attendance, or when the latter has relinquished the case or been regularly notified that his services are no longer desired. Under such circumstances, no unjust and illiberal insinuations should be thrown out in relation to the conduct or practice previously pursued, which should be justified as far as candor and regard for truth and probity will permit; for it often happens that patients become dissatisfied when they do not experience immediate relief, and, as many diseases are naturally protracted, the want of success in the first stage of treatment affords no evidence of a lack of professional knowledge and skill.

§ 5.—When a physician is called to an urgent case, because the family attendant is not at hand, he ought, unless his assistance in consultation be desired, to resign the care of the patient to the latter immediately on his arrival.

§ 6.—It often happens in cases of sudden illness, or of recent accidents and injuries, owing to the alarm and anxiety of friends, that a number of physicians are simultaneously sent for. Under these circumstances, courtesy should assign the patient to the first who arrives, who should select from those present any additional assistance that he may deem necessary. In all such cases, however, the practitioner who officiates should request the family physician, if there be one, to be called, and, unless his further attendance be requested, should resign the case to the latter on his arrival.

§ 7.—When a physician is called to the patient of another practitioner, in consequence of the sickness or absence of the latter, he ought on the return or recovery of the regular attendant and with the consent of the patient, to surrender the case.

(The expression "patient of another practitioner" is understood to mean a patient who may have been under the charge of another practitioner at the time of the attack of sickness, or departure from home of the latter, or who may have called for his attendance during his absence or sickness, or in any other manner given it to be understood that he regarded the said physician as his regular medical attendant.)

§ 8.—A physician, when visiting a sick person in the country, may be desired to see a neighboring patient who is under the regular direction of another physician, in consequence of some sudden change or aggravation of symptoms. The conduct to be pursued on such an occasion is to give advice adapted to present circumstances; to interfere no further than is absolutely necessary with the general plan of treatment; to assume no future direction unless it be expressly desired, and, in this last case, to request an immediate consultation with the practitioner previously employed.

§ 9.—A wealthy physician should not give advice gratis to the affluent; because his doing so is an injury to his professional brethren. The office of a physician can never be supported as an exclusively beneficent one, and it is defrauding, in some degree, the common funds for its support when fees are dispensed with which might justly be claimed.

§ 10.—When a physician who has been engaged to attend a case of midwifery is absent, and another is sent for; if delivery is accomplished during the attendance of the latter, he is entitled to fee, but should resign the patient to the practitioner first engaged.

ARTICLE VI.—OF DIFFERENCES BETWEEN PHYSICIANS.

§ 1.—Diversity of opinion and opposition of interest may, in the medical as in other professions, sometimes occasion controversy and even contention. Whenever such cases unfortunately occur and cannot be immediately terminated, they should be referred to the arbitration of a sufficient number of physicians or a court-medical.

§ 2.—As peculiar reserve must be maintained by physicians toward the public, in regard to professional matters, and as there exist numerous points in medical ethics and etiquette through which the feelings of medical men may be painfully assailed in their intercourse with each other, and which can not be understood or appreciated by general society, neither the subject-matter of such differences nor the adjudication of the arbitrators should be made public, as publicity in a case of this nature may be personally injurious to the individuals concerned, and can hardly fail to bring discredit on the faculty.

ARTICLE VII.—OF PECUNIARY ACKNOWLEDGMENTS.

Some general rules should be adopted by the faculty, in every town or district, relative to pecuniary acknowledgments from their patients, and it should be deemed a point of honor to adhere to these rules with as much uniformity as varying circumstances will admit.

CHAPTER III.—OF THE DUTIES OF THE PROFESSION TO THE PUBLIC, AND OF THE OBLIGATIONS OF THE PUBLIC TO THE PROFESSION.

ARTICLE I.—DUTIES OF THE PROFESSION TO THE PUBLIC.

§ 1.—As good citizens, it is the duty of physicians to be ever vigilant for the welfare of the community, and to bear their part in sustaining its institutions and burdens; they should also be ever ready to give counsel to the public in relation to matters especially appertaining to their profession, as on subjects of medical police, public hygiene and legal medicine. It is their province to enlighten the public in regard to quarantine regulations; the location, arrangement and dietaries of hospitals, asylums, schools, prisons, and similar institutions; in relation to the medical police of towns, as drainage, ventilation, etc., and in regard to measures for the prevention of epidemic and contagious diseases; and when pestilence prevails, it is their duty to face the danger, and to continue their labors for the alleviation of the suffering, even at the jeopardy of their own lives.

§ 2.—Medical men should also be always ready, when called on by the legally constituted authorities, to enlighten coroners' inquests and courts of justice on subjects strictly medical—such as involve questions relating to sanity, legitimacy, murder by poisons or other violent means, and in regard to the various other subjects embraced in the science of Medical Jurisprudence. But in these cases, and especially where they are required to make a post-mortem examination, it is just, in consequence of the time, labor and skill required and the responsibility and risk they incur, that the public should award them a proper honorarium.

§ 3.—There is no profession by the members of which eleemosynary services are more liberally dispensed than the medical, but justice requires that some limits should be placed to the performance of such good offices. Poverty, professional brotherhood, and certain of the public duties referred to in the first section of this article, should always be recognized as presenting valid claims for gratuitous services; but neither institutions endowed by the public or by rich individuals, societies for mutual benefit, for the insurance of lives or for analogous purposes, nor any profession or occupation, can be admitted to possess such privilege. Nor can it be justly expected of physicians to furnish certificates of inability to serve on juries, to perform militia duty, or to testify to the state of health of persons wishing to insure their lives, obtain pensions,

or the like, without a pecuniary acknowledgment. But to individuals in indigent circumstances, such professional services should always be cheerfully and freely accorded.

§ 4.—It is the duty of physicians, who are frequent witnesses of the enormities committed by quackery, and the injury to health and even destruction of life caused by the use of quack medicines, to enlighten the public on these subjects, to expose the injuries sustained by the unwary from the devices and pretentions of artful empirics and impostors. Physicians ought to use all the influence which they may possess, as professors in Colleges of Pharmacy and by exercising their option in regard to the shops to which their prescriptions shall be sent, to discourage druggists and apothecaries from vending quack or secret medicines or from being in any way engaged in their manufacture and sale.

ARTICLE II.—OBLIGATIONS OF THE PUBLIC TO PHYSICIANS.

§ 1.—The benefits accruing to the public, directly and indirectly, from the active and unwearied beneficence of the profession, are so numerous and important that physicians are justly entitled to the utmost consideration and respect from the community. The public ought likewise to entertain a just appreciation of medical qualifications; to make a proper discrimination between true science and the assumption of ignorance and empiricism; to afford every encouragement and facility for the acquisition of medical education—and no longer to allow the statute books to exhibit the anomaly of exacting knowledge from physicians, under a liability to heavy penalties, and of making them obnoxious to punishment for resorting to the only means of obtaining it.

EXPLANATORY DECLARATIONS.

Whereas, Persistent misrepresentations have been and still are being made concerning certain provisions of the Code of Ethics of this Association, by which many in the community, and some even in the ranks of the profession, are led to believe those provisions exclude persons from professional recognition simply because of differences of opinions or doctrines; therefore,

1. Resolved, That clause first, of Article IV., in the National Code of Medical Ethics, is not to be interpreted as excluding from professional fellowship, on the ground of differences in doctrine or belief, those who in other respects are entitled to be members of the regular medical profession. Neither is there any other article or clause of the said Code of Ethics that interferes with the exercise of the most perfect liberty of individual opinion and practice.

2. Resolved, That it constitutes a voluntary disconnection or withdrawal from the medical profession proper, to assume a name indicating to the public a sectarian, or exclusive system of practice, or to belong to an association or party antagonistic to the general medical profession.

3. Resolved, That there is no provision in the National Code of Medical Ethics in any wise inconsistent with the broadest dictates of humanity, and that the article of the Code which relates to consultations can not be correctly interpreted as interdicting, under any circumstances, the rendering of professional services whenever there is a pressing or immediate need of them. On the contrary, to meet the emergencies occasioned by disease or accident, and to give a helping hand to the distressed without unnecessary delay, is a duty fully enjoined on every member of the profession, both by the letter and the spirit of the entire code.

But no such emergencies or circumstances can make it necessary or proper to enter into formal professional consultations with those who have voluntarily disconnected themselves from the regular medical profession, in the manner indicated by the preceding resolution.*

PRACTICE OF DENTISTRY.

LAWS OF NEW YORK, 1893, CH. 661, AS AMENDED BY LAWS, 1895, CH. 626, 1896, CH. 297.

As used in this article, the terms university, regents and physicians have respectively the meanings defined in article eight of this chapter. Board, where not otherwise limited, means the State Board of Dental Examiners. Registered medical or dental school means a medical or dental school, college or department of a university, registered by the regents as maintaining a proper educational standard and legally incorporated. Examiner, where not otherwise qualified, means a member of the board.

§ 160.—Only the following persons shall be deemed licensed to practise dentistry: (1) Those duly licensed and registered as dentists in this State prior to the first day of August, 1895, pursuant to the laws in force at the time of their license and registration. (2) Those duly licensed and registered after the first day of August, 1895, pursuant to the provisions of this chapter.

§ 161.—On the first day of August, 1895, the State Board of Censors of the Dental Society of the State of New York, as the latter body shall be composed at the date of such appointment, shall become the State Board of Dental Examiners. The existing division of said censors into four classes, and their terms of office shall remain the same for the said board, except that said terms shall expire on the 31st day of July in each year. Before the day when the official terms of the members of any of said classes shall expire, the regents shall appoint their successors, to serve for the term of four years from said day. Such appointments shall be made from nominations in number twice the number of the out-going class made by such society to the regents prior to the third Tuesday in May of each year. In default of such nominations, the regents shall appoint such examiners from the legally qualified dentists in the State belonging to the State Dental Society. The regents, in the same manner, shall also fill vacancies in the board that may occur. All nominations and appointments shall be so made that every vacancy in the board shall be filled by a resident of the same judicial district in which the last incumbent of the

office resided. The board shall convene at the call of the secretary of the regents within not less than two weeks after appointment, and organize by electing to serve for one year a president and secretary. These officers shall be elected annually. No person shall be appointed an examiner unless he has received a dental degree from a body lawfully entitled to confer the same, and in good standing at the time of its conferment, and has been engaged within the State during not less than five years prior to his appointment in the actual and lawful practice of dentistry. Nor shall any person connected with a dental college as professor or instructor be eligible to such appointment. Cause being shown before them, the regents may remove an examiner from office upon proven charges of inefficiency, incompetency, immorality or professional misconduct.

§ 162.—The regents shall admit to examination any candidate who pays the fee herein prescribed, and submits satisfactory evidence, verified by oath if required, that he: (1) Is more than 21 years of age; (2) Is of good moral character; (3) Has the general education required in all cases after August 1, 1895, preliminary to receiving the degree of bachelor or doctor of medicine in this State; and either has been graduated in course, with a dental degree from a registered dental school, or else having been graduated in course from a registered medical school with the degree of doctor of medicine, has pursued thereafter a course of special study of dentistry for at least one year in a registered dental school, or holds a diploma or license conferring full right to practice dentistry in some foreign country, and granted by some registered authority. Any member of the board may inquire of any applicant for examination concerning his qualifications, and may take testimony of any one in regard thereto, under oath, which he is hereby empowered to administer. No degree in dentistry shall be conferred in this State till the candidate has satisfactorily completed a course of not less than three years in an institution registered by the Regents of the University as maintaining proper dental standards, nor before the candidate has filed with the institution conferring it the certificate of the regents that three years before the date of the degree he has either been graduated from a registered college or satisfactorily completed a full course in a registered academy or high school; or had a preliminary education considered and accepted by the regents as fully equivalent; or had passed regents examinations representing, for degrees conferred in 1898, one year of academic work, for degrees conferred in 1899, two years of academic work, and for degrees conferred in 1900, a full high school course. The regents may, in their discretion, accept as the equivalent for any part of the third of fourth requirement evidence of five or more years' reputable practice, provided that such substitution be specified in the license.

A person having lawfully received a dental degree in course from a registered dental school, or the degree of doctor of medicine from a registered medical school, and having thereafter lawfully practiced dentistry for the term of five years, may apply to the regents for the degree of Master of Dental Surgery, which degree the regents may confer after examination of the applicant by the board under such rules and regulations as the regents and the board shall frame. No degree in dentistry shall be conferred in this State on any candidate who has not before matriculation in the institution conferring it, filed a certificate of the regents that he has had a satisfactory preliminary education, which for those matriculating after January 1, 1897, shall be not less than a full high school course.

On certification by the board of dental examiners that a candidate has successfully passed the examination and is competent to practice dentistry, the regents shall issue to him their license so to practice pursuant to the rules established by them. Upon the recommendation of the board, the regents may also, without the examination hereinbefore provided for, issue their license to any applicant therefor who shall furnish proof satisfactory to them that he has been duly licensed to practice dentistry in any State or country after full compliance with the requirements of its dental laws, and has been thereafter lawfully and reputably engaged in such practice for five years next preceding his application; provided, that his preliminary and professional education shall have been not less than that required in this State. The regents may also license any applicant on the certificate of the board that

after due investigation or examination it finds his education and professional attainments and experience of not less than five years in actual practice to be together fully equal to the requirements for license in this State. Every license so issued shall state upon its face the grounds upon which it is granted, and the applicant may be required to furnish his proofs upon affidavit.

Every person practicing dentistry in this State and not lawfully registered before this act takes effect, shall register in the office of the clerk of the county where his place of business is located, in a book kept by the clerk for such purpose, his name, age, office, and post-office address, date and number of his license to practice dentistry, and the date of such registration, which registration he shall be entitled to make only upon showing to the county clerk his license or a duly authenticated copy thereof, and making an affidavit stating name, age, birthplace, the number of his license and the date of its issue; that he is the identical person named in the license; that before receiving the same he complied with all the preliminary requirements of this statute and the rules of the regents and board as to the terms and the amount of study and examination; that no money, other than the fees prescribed by this statute and said rules, was paid, directly or indirectly, for such license, and that no fraud, misrepresentation or mistake in a material regard was employed or occurred in order that such license should be conferred. The county clerk shall preserve such affidavit in a bound volume and shall issue to every licentiate duly registering and making such affidavit, a certificate of registration in his county, which shall include a transcript of the registration. Such transcript and the license may be offered as presumptive evidence in all courts of the facts stated therein. The county clerk's fee for taking such registration and affidavit and issuing such certificate shall be one dollar. A practicing dentist having registered a lawful authority to practice dentistry in one county of the State and removing such practice or part thereof to another county, or regularly engaging in practice or opening an office in another county shall show or send by registered mail to the clerk of such other county his certificate of registration. If such certificate clearly shows that the original registration was of an authority issued under seal by the regents, or if the certificate itself is endorsed by the regents as entitled to registration, the clerk shall thereupon register the applicant in the latter county, on receipt of a fee of 25 cents, and shall stamp or indorse on such certificate the date and his name, preceded by the words, "registered also in ——county," and return the certificate to the applicant.

Every applicant for license to practice dentistry shall pay a fee of not more than $25. From the fees provided by this article the regents may pay all proper expenses incurred by them under its provisions, and any surplus at the end of any academic year shall be paid to the society nominating the examiners to defray its expenses incurred under the law.

If any practitioner of dentistry be charged under oath before the board with unprofessional or immoral conduct, or with gross ignorance, or inefficiency in his profession, they shall notify him to appear before them at an appointed time and place, with counsel, if he so desires, to answer said charges, furnishing to him a copy thereof. Upon the report of the board that the accused has been guilty of unprofessional or immoral conduct, or that he is grossly ignorant or inefficient in his profession, the regents may suspend the person so charged from the practice of dentistry for a limited season, or may revoke his license. Upon the revocation of any license, the fact shall be noted upon the records of the regents and the license shall be marked as cancelled, of the date of its revocation. Upon presentation of a certificate of such cancellation to the clerk of any county wherein the licentiate may be registered, said clerk shall note the date of the cancellation on the register of dentists and cancel the registration. A conviction of felony shall forfeit a license to practice dentistry, and upon presentation to the regents or a county clerk of a certified copy of a court record showing that a practitioner of dentistry has been convicted of felony, that fact shall be noted on the record of license and clerk's register, and the license and registration shall be marked cancelled. Any person who, after conviction of a felony shall practice dentistry in this State, shall be subject to all the penalties prescribed for the unlicensed practice of dentistry, providing that if such conviction be subsequently reversed upon appeal and the accused acquitted or discharged, his license shall become again operative from the date of such acquittal or discharge.

§ 163.—This article shall not be construed to prohibit an unlicensed person from performing merely mechanical work upon inert matter in a dental office or laboratory, or the student of a licentiate from assisting his preceptor in dental operations while in the presence and under the personal supervision of the instructor, or a duly licensed physician from treating diseases of the mouth or performing operations in oral surgery. But nothing in the provisions of this article shall be construed to permit the performance of dental operations by any unlicensed person under cover of the name of a registered practitioner. Any student of dentistry whose certificate of study under private preceptorship shall have been duly filed with the secretary of the State Dental Society at the time this act takes effect pursuant to the provisions of the law then in force, may present himself for examination to the board under the same conditions as those under which he might have presented himself for examination before the censors of the State Dental Society under the laws in force when his certificate was filed; providing, however, that he shall file a notice with the regents on or before the 1st day of September, 1895, that he purposes availing himself of this exemption.

§ 164.—(a) A person who, in any county of this State practices or holds himself out to the public as practicing dentistry, not being at the time of said practice or holding out a dentist licensed to practice as such in this State and registered in the office of the clerk of such county pursuant to the general laws regulating the practice of dentistry, is guilty of a misdemeanor, and punishable upon conviction of a first offense by a fine of not less than $50, and upon conviction of a subsequent offense by a fine of not less than $100, or by imprisonment for not less than two months, or by both such fine and imprisonment. Any violation of this section by a person theretofore convicted under the then existing laws of this State of practicing dentistry without license or registration shall be included in the term a subsequent offense.

(b) A person shall be deemed guilty of a misdemeanor, and upon every conviction thereof shall be punished by a fine of not less than $500 or by imprisonment for not less than six months, or by both fine and imprisonment, who (1) Shall sell or barter, or offer to sell or barter, any diploma or document conferring or purporting to confer any dental degree or any certificate or transcript made or purporting to be made pursuant to the laws regulating the license and registration of dentists; or, (2) Shall purchase or procure by barter any such diploma, certificate or transcript with intent that the same shall be used as evidence of the holder's qualifications to practice dentistry, or in fraud of the laws regulating such practice; or, (3) Shall, with fraudulent intent, alter in a material regard any such diploma, certificate or transcript; or, (4) Shall use or attempt to use any such diploma, certificate or transcript which has been purchased, fraudulently issued, counterfeited or materially altered either as a license or color of license to practice dentistry or in order to procure registration as a dentist; or, (5) Shall practice dentistry under a false or assumed name; or, (6) Shall assume the degree of bachelor of dental surgery, doctor of dental surgery, or master of dental surgery, or shall append the letters B. D. S., D. D. S., M. D. S. to his name, not having had duly conferred upon him by diploma from some college, school or board of examiners legally empowered to confer the same, the right to assume said titles; or shall assume any title or append any letters to his name with the intent to represent falsely that he has received a medical or dental degree or license.

(c) Any person who in any affidavit or examination required of an applicant for examination, license or registration under the laws regulating the practice of dentistry shall make wilfully a false statement in a material regard shall be guilty of perjury, and punishable upon conviction thereof by imprisonment not exceeding ten years.

(d) All fines, penalties or forfeitures imposed or collected for violations of the foregoing provisions relating to dental practice and the corresponding sections of the penal code must be paid to the state dental society. Said society may prefer a complaint for violation of the law regulating the practice of dentistry before any court, tribunal or magistrate having jurisdiction, and may, by its officers, counsel and agents aid in presenting the law and facts before such court, tribunal or magistrate in any proceedings taken.

§2.—Of the laws enumerated in the schedule hereto annexed, that portion specified in the last column is repealed, but it is expressly provided that any

license or registration duly obtained in this State prior to the first day of August, 1895, without fraud and in full compliance with provisions of the laws in force at the time of its procurement, shall not be affected by the repeal of those laws, but shall continue to be as valid as it was at the time of its procurement.

§3.—This act shall take effect upon and after the first day of August, 1895.

CHAPTER 247.

An act to permit examination of dental students matriculated prior to January 1, 1896, under the conditions as to preliminary education in force at the date of their matriculation. Became a law April 15, 1897, with the approval of the Governor. Passed, three-fifths being present.

The people of the State of New York, represented in Senate and Assembly, do enact as follows:

§1.—Any student who had matriculated in a registered dental school prior to January 1, 1896, in compliance with the requirements as to preliminary education announced in the catalogue, prospectus or announcement of such dental school for that year shall, on completing his full course of professional study, passing satisfactory examinations thereon, and in all other respects complying with the requirements of the faculty and trustees of said dental school, be entitled to receive his degree in dentistry from said dental school without other requirements as to preliminary education, and shall on application be certified by the regents to the State Board of Dental Examiners for examination for license to practice dentistry; providing that said application shall in all respects, other than preliminary education, meet the present requirements of said regents and said board.

§ 2.—This act shall take effect immediately.

AN ACT IN RELATION TO THE PRACTICE OF DENTISTRY.

The people of the State of New York, represented in Senate and Assembly, do enact as follows (Passed 1898):

§ 1. The first paragraph of article nine of chapter six hundred and sixty-one of the laws of eighteen hundred and ninety-three, entitled "An act in relation to the public health, constituting chapter twenty-five of the general laws," as amended by chapter two hundred and ninety-six, is hereby amended so as to read as follows:

Definitions as Used in this Article.—The terms university, regents and physician, have respectively the meaning defined in article eight of this chapter. Board, where not otherwise limited, means the State Board of Dental Examiners of the State of New York. Registered medical or dental school means a medical or dental school, college or department of a university, registered by the Regents as maintaining a proper educational standard and legally incorporated. Examiner, where not otherwise qualified, means a member of the Board. State Dental Society means the Dental Society of the State of New York.

§ 2. The third subdivision of section one hundred and sixty-two of said act, being entitled "Licenses," is hereby amended so as to read as follows:

Licenses.—On certification by the Board of Dental Examiners that a candidate has successfully passed the examination and is competent to practice dentistry, the Regents shall issue to him their license so to practice pursuant to the rules established by them. Upon the recommendation of the Board, the Regents may also, without the examination hereinbefore provided for, issue their license to any applicant therefor who shall furnish proof satisfactory to them that he has been duly licensed to practice dentistry in any State or country after full compliance with the requirements of its dental laws, and has been thereafter lawfully and reputably engaged in such practice for five years next preceding his application; or who holds a license to practice dentistry in any other of the United States granted by a State Board of Dental Examiners, endorsed by the Dental Society of the State of New York, provided, that in either case his preliminary and professional education shall have been not less than that required in this State. The Regents may also license any applicant on the certificate of the Board that, after due investigation or examination, it finds his education and professional attainments and experience of

not less than five years in actual practice to be together fully equal to the requirements for license in this State. Every license so issued shall state upon its face the grounds upon which it is granted, and the applicant may be required to furnish his proofs upon affidavit.

§ 3. The first paragraph of section one hundred and sixty-four of said act is hereby amended so as to read as follows:

(a) A person who, in any county of this State, practices or holds himself out to the public as practicing dentistry, not being at the times of said practice or holding out, a dentist licensed to practice as such in this State, and registered in the office of the clerk of such county pursuant to the general laws regulating the practice of dentistry, is guilty of a misdemeanor and punishable upon conviction of a first offence by a fine of not less than fifty dollars; and upon a conviction of a subsequent offence by a fine of not less than one hundred dollars or by imprisonment for not less than two months, or by both such fine and imprisonment. Any violation of this section by a person theretofore convicted under the then existing laws of this State of practicing dentistry without license or registration shall be included in the term a subsequent offense. Every conviction of unlawful practice or holding out subsequent to a first conviction thereof shall be a conviction of a second offence. Every practitioner of dentistry must display in a conspicuous place upon the house or in the office where he practises his full name. If there are more chairs than one in any office or "dental parlor," the name of the practitioner using each chair must be displayed on or by said chair in plain sight of the patient. Any person who shall practice dentistry without displaying his name as herein prescribed; and any proprietor, owner, or manager of a dental office, establishment, or parlor who shall fail so to display or cause to be displayed the name of each person employed as a practicing dentist or practicing as a dentist in said office, establishment or parlor, is guilty of a misdemeanor and punishable upon a first conviction by a fine of fifty dollars, and upon every subsequent conviction by a fine of not less than one hundred dollars, or by imprisonment for not less than sixty days, or by both fine and imprisonment.

§ 15.—The Vice-President shall assist the President in the performance of his duties, and in case of his absence or disability, or at his request, shall officiate in his place.

He shall be chairman of the Committee on Publication.

§ 18.—The Treasurer shall receive and be accountable for all moneys belonging to the Society, and make disbursements only upon a vote of the Society and an order of the President. He shall give security satisfactory to the Committee on By-Laws for the faithful performance of his duties, and shall, at each annual meeting, give a full report of the financial condition of the Society.

§ 19.—The Correspondent shall have charge of and conduct the correspondence of the Society. He shall open communication with dental, medical and scientific societies, and with eminent dentists, physicians, and scientists, in any part of the world, and report annually to this Society.

STANDING COMMITTEES.

§ 20.—There shall be nine standing committees, which shall be appointed annually by the President, unless otherwise ordered by the Society, and in all cases subject to the approval of the Society, viz.: Committee on Arrangements, on Business, on Publication, on By-Laws, on Ethics, on Practice, on Legislation, on Law, and on Necrology, and shall consist of three members each; except those on Law and on Legislation, which shall include eight members, every district being represented, who shall be put in nomination by the majority of each District delegation present at the annual meeting. § 22.—The Committee on Business shall, with the aid of the President, secure essayists and arrange a suitable programme for the annual meeting. It shall arrange the order of business for the meeting, subject to the provisions of the By-Laws of the Society—receive and examine all dissertations, essays, or other like papers offered for reading, and determine what parts shall be read, and the order in which they shall be presented, and employ a stenographer for the purpose of reporting the discussions in full.

§ 23.—The Committee on Publication shall put in order and publish, within four months after the adjournment of the annual meeting, such parts of the proceedings as the Society may direct.

§ 24.—The Committee on By-Laws shall take cognizance of the action of all officers and committees of this Society, and of the by-laws and proceedings of district societies—report all infractions of the laws of the State Society, and recommend such changes in the By-Laws of this Society as in their judgment may be required. This Committee shall also audit all accounts, and examine and report upon the security offered by the Treasurer.

§ 25.—The Committee on Ethics shall take cognizance of and report all violations of the Code of Ethics by district societies, or by members of this Society; and all appeals from the action of district societies shall be referred to this Committee. Charges of violation of the laws or ethics of the Society,

or immoral conduct or habits, shall be presented in writing to the Chairman of the Committee, enclosed in a sealed envelope. The Chairman, on receiving such charges, shall notify the Committee to meet and examine the same, and the evidence thereof. If a majority of the Committee having met, shall be of opinion that the charges are well founded, they shall serve a copy of them upon the accused at least two weeks previous to the meeting at which the Committee is to report. At such meeting the Committee shall report its opinion, and the grounds thereof; and if the accused, having had a fair opportunity of making a defence, shall be found guilty by a vote of two-thirds of the members present, the Society shall proceed to determine the penalty, and cause it to be carried into effect. The penalty shall be decided by a majority of the votes cast.

§ 26.—The Committee on Practice shall, during each year, examine any improvements or novelties in the practice of dentistry, or any new dental appliances or apparatus which may be brought to their notice, or which they can discover, and make report upon the same to the Society at each Annual Meeting, endeavoring also in conjunction with the Committee of Arrangements to procure clinical exhibitions so far as possible or advisable, of the subjects of their report at the same meeting.

§ 27.—The Committee on Law is empowered, at its discretion, to bring suit or suits against all persons practicing dentistry illegally in this State, and to carry such suit or suits to a decision by the proper authorities, and to have charge of all matters appertaining to the Dental Laws of this State, and report the same at the Annual Meeting.

§ 28.—The Committee on Legislation shall have charge of all matters relating to the securing of such legal enactments as shall be approved by this Society, and also shall have authority to take necessary action to prevent the repeal of the present laws relating to the practice of dentistry or to defeat those introduced into the Legislature from improper or unwise motives.

§ 29.—The Committee on Necrology shall be vested with authority to examine the records, and shall prepare memorial sketches for preservation in the transactions of those members who may die from year to year, together with suitable resolutions of condolence, for transmission to friends or publication in the journals.

§ 30.—Nominations for appointment on the Board of Dental Examiners shall be made at the Annual Meeting in the same order as that employed in past years by this Society in electing the members of the Board of Censors, and a majority of the members and delegates present at the Annual Meeting from the districts, entitled to representation, shall be required to nominate.

§ 31.—If, at the Annual Meeting of the Society, a majority of any standing committee shall not be present, the presiding officer of the Society may fill the vacancy for the time being.

All reports of officers and committees must be made in writing.

MEETINGS.

§ 32.—The Society shall hold its annual meeting in the city of Albany, commencing on the second Wednesday of May in each year, at 10 o'clock A. M., and such other meetings as may be fixed by adjournment, or called by the President.

ELECTIONS.

§ 36.—All elections of the Society at the annual meeting shall be by ballot, separately for each officer or candidate; and no person shall be declared elected who shall not have received a majority of the votes cast.

§ 37.—In voting by ballot, the President or the Society shall appoint three

tellers, who shall receive and count the votes and declare the result. Each member shall lay his vote by or upon the ballot box, and it shall be placed therein by one of the tellers. One of the tellers shall keep a tally of the voters, and if the number of votes cast shall exceed the tally, that ballot shall be declared void. No blank vote shall be counted except to make up the tally.

If upon the second ballot for any officer, or permanent or honorary member, no person shall receive a majority, the election shall be made from the three persons receiving the greatest number of votes on the second ballot, and if there be no choice on the third ballot, the election shall be made from the two having the highest vote on that ballot.

§ 38.—Candidates for permanent membership shall be put in nomination by a majority of the delegates present at an annual meeting from the district claiming the privilege to nominate, and this shall be accorded from year to year in numerical order, provided always that one permanent member only shall be elected any year from a given district, and that the delegation must consist of three members to enable it to present a nomination.

If from lack of representation or disagreement any district fails to nominate a candidate in the prescribed method, the nomination from that district shall lapse, and will not recur until again reached in regular order. Permanent members shall be elected by ballot.

§ 39.—All the officers and committees of this Society shall assume their duties at the close of the annual meeting at which they were elected or appointed.

§ 40.—At the close of the annual election the President incumbent shall appoint a committee of two to conduct the President-elect to the chair.

§ 46.—Any member who shall be regularly appointed, with his assent, to prepare a dissertation or other paper to be read before this Society, and shall fail to perform that duty, shall pay into the treasury the sum of five dollars.

§ 47.—If any person who shall be chosen a permanent member of this Society shall not within one year thereafter signify his acceptance, and pay the fee of admission, he shall be deemed to have declined the election; and if any permanent member shall neglect to pay his annual dues for one year after having been notified by the Treasurer, his name may, on vote of the Society, be erased from the roll of membership.

But such delinquent member may be restored to good and regular standing if the recommendation of the Committee on By-Laws to that effect is adopted, and all arrearages paid.

2. And be it enacted, That immediately after the passage of this act the present members of the "board of examiners" shall meet and organize as the State Board of Registration and Examination in Dentistry, under this act, by the election from their number of a president and secretary, who shall severally hold office until the first Tuesday in October next, and until their successors are elected; the board shall annually elect from its number a president and secretary, who shall have the power, during their term of office, to administer oaths and take affidavits, certifying thereto, under their hands and the seal of said board; said board shall hold at least two meetings in each year for the purpose of examining and licensing persons to practise dentistry in this State; three of said board shall constitute a quorum, and its proceedings shall, at all reasonable times, be open to public inspection; said board shall make an annual report of its proceedings to the governor on or before the thirty-first day of December, in each year; the board shall adopt rules for its own government, and rules for the examination and licensing of practitioners of dentistry in this State; the examination of applicants for license to practise shall be confined to written or oral examination, or both written and oral, upon subjects properly relating to the science of dentistry, and a knowledge of which is necessary to the proper and skilful practice of said science; the said board may also require from applicants, as part of the examination, demonstrations of their skill in operative and mechanical dentistry; and any rule altering the nature of the examination and increasing the severity thereof, or the subjects to be included therein, shall not be enforced at any examination held within six months after

its adoption and public promulgation; said board shall have the power to determine the good standing and repute of any college or colleges, and may from time to time designate in some public manner colleges whose diplomas will be received by it; the said board shall announce in the leading dental journals, from time to time, its regular stated times for holding examinations; it shall also cause to be published, at least once in such journals, the rules and amendments thereto adopted for the examination and licensing of practitioners, and the mode and terms of application for examining and license, which shall in all cases be reasonable and fair; said board shall adopt a common seal, and may sue or be sued, and in all actions brought by or against it, it shall be made a party under the name of the State Board of Registration and Examination in Dentistry.

3. And be it enacted, That it shall be the duty of every person lawfully practicing, or entitled to practice dentistry in this State at the time of the passage of this act, to apply to said board, before the first day of January, anno domini one thousand eight hundred and ninety-one, to cause his name, residence and place of business to be registered in a book to be kept for that purpose by the secretary of said board; and the said board shall issue to each person registered by it a certificate under its seal and the hand of its president and secretary, setting forth that such person was, at the time of the passage of this act, lawfully entitled, by the laws of this State, to practice dentistry and is duly registered; the said board, for good cause shown, may register and issue its certificate thereof, to any person applying therefor after said first day of January, anno domini one thousand eight hundred and ninety-one, provided it shall appear to the satisfaction of said board that the person so applying was lawfully practicing or entitled to practice dentistry at the time of the passage of this act, and that the refusal to issue such certificate will work hardship to said person so applying; the said board may demand from any person applying for registration and certificate proof of his right to the same under this act, and may refuse to grant registration and certificate thereof to any person not lawfully entitled thereto.

4. And be it enacted, That any person aggrieved by such action of said board may apply within sixty days after such refusal by said board to the supreme court of this State for its writ of mandamus to compel said board to register and issue its certificate to him; and in case any justice of said court shall issue or allow on such application an order on said board to show cause, no suit for the collection of any penalty for violation of this act shall be instituted against such person until the final hearing and determination of such application.

in any of the Courts of this State of the right of the person named therein to practise dentistry in this State.

6. And be it enacted, That from and after the passage of this act any person desiring to study dentistry in this State with any duly authorized dentist, for the purpose of presenting himself for examination and license as a practitioner of dentistry in this State at the expiration of his term of study, shall cause his name and residence and the name and residence of his preceptor to be registered with said board, and his term of study shall commence and date only from such registration; any person so registered as a student may perform mechanical work in the office of his preceptor, but no student shall perform any operation upon the mouth or jaw of any person, save in the presence and under the supervision of his preceptor, under penalty of revocation of his registration as a student, and such further penalty as is hereinafter provided for unlawful practice of dentistry in this State.

7. And be it enacted, That it shall be unlawful for any person not now by the laws of this State authorized, hereafter to practice dentistry in this State save after examination and license by the said State Board of Registration and Examination in Dentistry, and no person shall be examined by said board for license unless he is, at the time of such examination, the graduate of and the holder of a diploma of graduation from a dental college recognized as in good repute by said board, or shall have studied with a reputable dentist for five years continuously preceding his application for examination.

8. And be it enacted, That out of the funds coming into the possession of said board shall be paid the expenses of said board incurred in carrying out the provisions of this act, and mileage to each member, at the rate of five cents per mile for all distances necessarily traveled in discharge of his duties; no part of the mileage or other expenses of the board shall ever be paid out of the State treasury; all moneys received shall be held by the secretary of the board, and paid out only upon resolution of the board and warrant of its president, and the secretary shall give bond in such sum as the board shall, from time to time, direct, with good and sufficient surety, to be approved by the board; and the said board shall, in its annual report to be made to the Governor, submit a statement of all moneys received and disbursed by it during the period covered by said report.

9. And be it enacted, That any person not now lawfully practicing or entitled to practice dentistry by the laws of this State, who shall practice dentistry in this State after the passage of this act without having first obtained from said Board of Registration and Examination in Dentistry a certificate of license to practice in accordance with the provisions of this act, shall forfeit and pay the sum of three hundred dollars for each and every offence; any person now lawfully practicing or entitled to practice dentistry under the laws of this State, who shall, after the first day of January, anno domini one thousand eight hundred and ninety-one, practice dentistry in this State without having first obtained from said Board of Registration and Examination in Dentistry a certificate of registration, in accordance with the provisions of this act, shall forfeit and pay the sum of fifty dollars for each and every offence; any person who shall knowingly or falsely, and with the intent to deceive the public, claim or pretend to have or hold a certificate of registration or of license granted by said board, or who shall falsely, and with the intent to deceive the said board, claim or pretend to be a graduate or the holder of a diploma of graduation from any dental college, not being such graduate or rightfully holding or entitled to such diploma, shall forfeit and pay the sum of three hundred dollars; any person to whom a certificate of registration or of license shall be issued under the provisions of this act, and who shall practice dentistry under a false name, with intent to deceive the public, shall be liable to have such certificate revoked, upon twenty days' notice of such proposed revocation, and of the time and place of considering such revocation, by orders of the said board; and any person who, after such revocation of his certificate, shall continue to practice dentistry in this State, shall forfeit and pay the sum of three hundred dollars; a certificate of registration or of license granted to a person under one name shall not be pleaded as a defence to an action brought against him for practicing without a certificate under another name; each and every act of dentistry performed by any person, in violation of any of the provisions of this act, shall be deemed and taken to

DENTAL LAWS OF CONNECTICUT.

An Act Concerning the Practice of Dentistry.

PASSED MAY 25TH, 1893.

§ 1.—The Governor shall appoint, on or before the first day of July, 1893, and biennially thereafter, five persons to be known as dental commissioners, who shall hold their respective offices for two years from the first day of July in the year of their respective appointments, and until their successors shall have been appointed and qualified.

§ 2.—No person shall be appointed a dental commissioner who shall not have been, for at least ten years previous to such appointment, a practitioner in dentistry in this State and in good standing in said profession.

§ 3.—Said commissioners shall appoint one of their number to be their official recorder, whose duty it shall be to keep a record of the official proceedings of said commissioners, and copies of said record certified by him shall be legal evidence.

§ 4.—On request of said commissioners the comptroller shall provide a suitable place in the capitol at Hartford, for all meetings of said commissioners.

§ 5.—Said commissioners shall meet in May of each year and at such other times as they shall designate, for the purpose of attending to their duties as prescribed by this act.

§ 6.—Said commissioners shall give due notice of every meeting to be held by them pursuant to the provisions of this act, by advertising the place of their meetings, for two weeks successively in two of the daily newspapers published in said City of Hartford, and before the date of said meetings.

§ 7.—Said commissioners may make such rules of procedure for the regulation of all matters of application and hearing before them as they may think advisable.

§ 8.—No person, unless he has already commenced the practice of dentistry

in this State before the passage and approval of this act, and shall be engaged in said practice at the said time, shall engage in such practice in any town in this State, unless such person shall have first obtained from said commissioners a license therefor.

§ 9.—All applications for such license shall be in writing and signed by the applicant, and no license shall issue to any person unless he shall have received a diploma or other sufficient certificate of honorable graduation from some reputable dental college or medical college, having a department in dentistry, and duly recognized by the laws of the State or States wherein the same is situated, or unless he shall have spent as a pupil or assistant at least three years under the instruction and direction of some reputable dentist, or unless he shall have had at least three years' continuous practice as a dentist, which facts must be shown to said commissioners by sufficient evidence.

§ 10.—Nothing in this act shall be construed as preventing any practicing physician or surgeon from the performance of any operation in dentistry on any patient under his charge. Nor shall any lawfully practicing dentist be prohibited hereby from availing himself of the services of any pupil, student or assistant, employed by him and under his immediate supervision.

§ 11.—Every applicant for a license shall be examined by said commissioners, as to his professional knowledge and skill, before such license shall be granted, and they may refuse to grant a license, where they are satisfied that the applicant is unfit or incompetent; they may for good and legal cause revoke any license that has been granted and may prohibit any dentist in lawful practice from further practice, on satisfactory proof that such dentist has become unfit or incompetent therefor.

§ 12.—Cruelty, incapacity, unskilfulness, gross negligence, indecent conduct towards patients, or any such professional misbehavior as shows unfitness on the part of the dentist, shall be sufficient cause for the revocation of a license, or prohibition to practice as above provided; and whenever complaint shall be made to any of said commissioners against any dentist practicing in this State, said commissioners shall investigate the matter, and, on finding probable cause, shall notify the party complained of to appear before them and show cause why he should not be prohibited, or why his license should not be revoked.

§ 13.—Every such notice shall be in writing, and signed by the recorder, and shall contain a statement of the causes for which such prohibition or revocation is claimed, and shall specify the place and time for the hearing, which shall be at least twelve days after the service of said notice. Said notice may be served by leaving a copy thereof attested by the recorder, at the place of business of the party complained of or at his last usual place of abode, or by sending the same by mail.

§ 14.—Any dentist, who shall at any hearing before the commissioners, either by himself or by his procurement, make any false statement or misrepresentation with intent to deceive or mislead said commissioners, shall thereby forfeit his license or be prohibited from practice.

§ 15.—Any dentist who is aggrieved by the action of the said commissioners in the revocation of his license, or prohibition from his practice, may apply to the Superior Court or Court of Common Pleas, next to be in session in the county in which he resides, for a writ of mandamus, requiring them to revoke their decision, if the same be found on hearing to have been erroneous. Such application for a mandamus may be served on said commissioners by some proper officer or indifferent person, by leaving with recorder, or at his usual place of abode a true and attested copy thereof within twelve days after said commissioners shall have notified such dentist of their decision.

§ 16.—Every person applying for a license shall at the time of his application pay to the recorder a fee of twenty-five dollars, and, if such application shall fail to obtain his license, twenty dollars shall be returned to him.

§ 17.—The recorder shall keep an account of all moneys received by him, and shall annually in November render his account to the comptroller, and shall pay over from the moneys received by him the necessary travelling expenses of the commissioners, and for necessary books and stationery, and shall keep all files, receipts and records in his possession, and deliver the same to his successors in office.

§ 18.—Said commissioners shall make to the State Board of Health an annual

report of their proceedings, in such form and at such time as such Board of Health shall prescribe.

§ 19.—Any person who sha l engage in the practice of dentistry in violation of the provisions of this act shall be guilty of a misdemeanor and shall be fined not less than twenty dollars nor more than fifty dollars for each offence, and the unlawful practice of dentistry for one week or part of a week shall be deemed a separate offense.

§ 20.—Sections 2024 and 2025 of the general statutes are hereby repealed.

CODE OF DENTAL ETHICS.

ARTICLE I.—THE DUTIES OF THE PROFESSION TO THEIR PATIENTS.

§ 1.—The dentist shall be ever ready to respond to the wants of his patrons, and should fully recognize the obligations involved in the discharge of his duties toward them. As they are, in most cases, unable to correctly estimate the character of his operations, his own sense of right must guarantee faithfulness in their performances. His manner should be firm, yet kind and sympathizing, so as to gain the respect and confidence of his patients; and even the simplest case committed to his care should receive that attention which is due to any operation performed on living, sensitive tissue.

§ 2.—It is not expected that the patient will possess a very extended or a very accurate knowledge of professional matters. The dentist should make due allowance for this, patiently explaining many things which may seem quite clear to himself, thus endeavoring to educate the public mind so that it will properly appreciate the beneficent efforts of our profession. He should encourage no false hopes by promising success where, in the nature of the case, there is uncertainty.

§ 3.—The dentist should be temperate in all things, keeping both mind and body in the best possible health, that his patients may have the benefit of that clearness of judgment and skill which is their right.

ARTICLE II.—MAINTAINING PROFESSIONAL CHARACTER.

§ 1.—A member of the dental profession is bound to maintain its honor, and to labor earnestly to extend its sphere of usefulness. He should avoid everything in language and conduct calculated to discredit or dishonor his profession, and should ever manifest a due respect for his brethren. The young should show special respect to their seniors; the aged, special encouragement to their juniors.

§ 2.—The person and office arrangements of the dentist should indicate that he is a gentleman; and he should sustain a high-toned moral character.

§ 3.—It is unprofessional to resort to public advertisements, such as cards, handbills, posters or signs, calling attention to peculiar styles of work, prices for services, special modes of operating, or to claim superiority over neighboring practitioners; to publish reports of cases, or certificates in the public prints; to go from house to house soliciting or performing operations; to circulate or recommend nostrums, or to perform any other similar acts. But nothing in this section shall be so construed as to imply that it is unprofessional for dentists to announce in the public prints, or by cards, simply their names, occupation, and place of business; or, in the same manner, to announce their removal, absence from or return to business; or to issue, to their patients, appointment cards having a fee bill for professional services thereon.

§ 4.—When consulted by the patient of another practitioner, the dentist should guard against inquiries or hints disparaging to the family dentist, or calculated to weaken the patient's confidence in him; and if the interest of the patient will not be endangered thereby, the case shall be temporarily treated, and referred back to the family dentist.

§ 5.—When general rules shall have been adopted by members of the pro-

fession practicing in the same localities, in relation to fees, it is unprofessional and dishonorable to depart from these rules, except when variation of circumstances requires it. And it is ever to be regarded as unprofessional to warrant operations or work as an inducement to patronage.

ARTICLE III.—THE RELATIVE DUTIES OF DENTISTS AND PHYSICIANS.

Dental surgery is a specialty in medical science. Physicians and dentists should both bear this in mind. The dentist is professionally limited to diseases of the dental organs and the mouth. With these he should be more familiar than the general practitioner is expected to be; and while he recognizes the superiority of the physician in regard to diseases of the general system, the latter is under equal obligations to respect his higher attainments in his specialty. Where this principle governs, there can be no conflict, or even diversity, of professional interests.

ARTICLE IV.—THE MUTUAL DUTIES OF THE PROFESSION AND THE PUBLIC.

Dentists are frequent witnesses, and at the same time the best judges, of the impositions perpetrated by quacks, and it is their duty to enlighten and warn the public in regard to them. For this and the many other benefits conferred by the competent and honorable dentists, the profession is entitled to the confidence and the respect of the public, who should always discriminate in favor of the true man of science and integrity, and against the empiric and impostor. The public has no right to tax the time and talents of the profession in examinations, prescriptions, or in any way, without proper remuneration.

PHARMACEUTICAL LAWS OF NEW YORK.

CHAPTER 661.—AN ACT IN RELATION TO THE PUBLIC HEALTH, CONSTITUTING CHAPTER TWENTY-FIVE OF THE GENERAL LAWS.

Approved by the Governor, May 9, 1893. Passed three-fifths being present. The People of the State of New York, represented in the Senate and Assembly, do enact as follows:

CHAPTER XXV. OF THE GENERAL LAWS. THE PUBLIC HEALTH LAW.

ARTICLE XI.—PHARMACY.

§ 180.—State Board; appointment.—There shall continue to be a State Board of Pharmacy for the State, excepting the counties of New York, Kings and Erie, of five members, each holding office for a term of five years from the first Tuesday in September of the year when such term begins. The New York State Pharmaceutical Association shall at each annual meeting nominate five pharmacists, residents of the State, but not of the said counties, from which number the Governor shall fill the vacancy annually occurring in such board by expiration of the term of one of the incumbents. If a vacancy occurs from any other cause than expiration of term, the Governor shall fill the vacancy from the list of names so nominated at the annual meeting of such association next preceding the happening of the vacancy.

§ 181.—Oaths; meetings; officers; by-laws.—Each member of such board shall, before entering upon the discharge of his duties, take and subscribe the constitutional oath of office and file the same in the office of the Secretary of State. The board shall meet annually on the first Tuesday of September at 12 o'clock, noon, and elect a president, secretary and treasurer, who shall hold office for one year. It shall hold other meetings at least once in three months. The board may make by-laws and regulations for the examination of applicants for licenses and the granting of licenses to applicants.

§ 182.—Kinds of Licenses.—There shall be two grades of license established, that of pharmacist, which confers on the licentiate the privilege of carrying on the practice of pharmacy, either on his own account, as proprietor, or for some other person, and that of assistant pharmacist, which entitles the holder to retail medicines and poisons, but not to compound physicians' prescriptions in the absence of the licensed pharmacist.

§ 183.—Duties of Board.—Such Board of Pharmacy shall:

1. Examine all applicants for license under this article, and grant licenses such as they may be entitled thereto.

2. Keep a record of all pharmacists and assistant pharmacists licensed or authorized by it.

3. Investigate all complaints of disregard of, non-compliance with, or violation of any provision of this article, and bring all such cases, and all cases of offenses against the provisions of the penal code relating to pharmacy, to the notice of the proper prosecuting officer.

4. Render annually to the Governor and to the State Pharmaceutical Association at its annual meeting a full statement of all its receipts and disbursements during the preceding year.

§ 184.—Who are entitled to license.—Any person who has had four years' experience in the practice of pharmacy previous to January 1, 1893, or any person who holds a certificate of registration as a pharmacist by examination from any Board of Pharmacy legally created under the laws of this State is entitled to license as a pharmacist, and any person who has had two years' experience in the practice of pharmacy is entitled to license as an assistant pharmacist, on compliance with the regulations of the State Board of Pharmacy and the other requirements of this article. Any person who, on the twenty-fourth day of May, eighteen hundred and eighty-four, was entitled to be licensed as a pharmacist, but who failed within ninety days thereafter to apply to the State Board for a license, may, within ninety days after this chapter takes effect, on eight days' notice to the secretary of such Board, apply to the

Supreme Court, at a special term, in the district where such applicant resides, for an order directing such Board to issue such license; and such Court may grant such order on proof of good cause for the neglect to so apply, and such board shall issue such license on receipt of a certified copy of such order served on the secretary of such board.

§ 185.—Additional requirements.—No person shall be entitled to a license as a pharmacist or assistant pharmacist from any Board of Pharmacy created under the laws of this State, unless he furnish proof to such board by his own affidavit or otherwise, in addition to the other requirements of law relating to the granting of licenses by such board, that he is a resident of the city, county or district for which such board is created, or, if a non-resident, that he intends to practice in such city, county or district; that he has not applied for a license to or been examined by any Board of Pharmacy of the State and has been refused a license within six months immediately preceding.

§ 186.—Fee; posting and revocation of license.—No license shall be granted by such State Board, under this article, unless the applicant pays to such board a fee of $5 for a license as a pharmacist and $3 for a license as an assistant pharmacist. Every person to whom a license is granted by such board shall post it and keep it posted in a conspicuous part of the pharmacy in which such person does business. No license granted by such board shall be revoked except for just and sufficient cause. No person shall hereafter practise as a pharmacist unless a license has been granted to such person by the State Board of Pharmacy.

§ 187—Application of article limited.—This article shall not apply to the business of a practitioner of medicine who is not proprietor of a store for the retailing of drugs, medicines or poisons, and shall not prevent practitioners of medicine from supplying their patients with such articles as they may deem proper, nor shall it apply to persons who sell medicines or poisons at wholesale, or to the sale of Paris green, white hellebore and other poisons for destroying insects or any substances for use in arts, or to the manufacture and sale of propietary medicines, or to the sale of the usual domestic remedies by retail dealers in the rural districts. The term " usual domestic remedies " here employed means medicines a knowledge of the properties of which and dose has been acquired from common use, and includes only such remedies as may be safely employed without the advice of a physician, such as epsom salts, rochelle salts, salts of tartar, borax, sulphur, magnesia, camphor, aloes, myrrh, guaiac, arnica, rhubarb, senna, squills, ipecac and preparations of the same, castor oil, olive oil, origanum, spike, amber, wintergreen, peppermint, wormwood, glycerine, spirits of nitre and other like remedies, but does not include opium, morphine, laudanum, strychnine, arsenic, belladonna, aconite and other poisons requiring knowledge and pharmaceutical skill to safely dispense, unless they are sold in original packages or packages bearing the label of a licensed pharmacist. The term "rural districts," here employed, shall apply only to small villages and country districts having no store where pharmacy is practiced. The term "practice of pharmacy" when used in this article means the compounding of prescriptions or of any United States pharmacopoeial preparation, or of any drug or poison, to be used as medicines, or the retailing of any drug or poison, except as provided for in this section.

§ 188.—Apprentices.—This article shall not be construed to prohibit the employment in any pharmacy of apprentices for the purpose of being instructed in the practice of pharmacy; but such apprentices shall not be permitted to prepare and dispense physicians' prescriptions, in the presence of and under the supervision of a licensed pharmacist.

§ 189.—Exemption of New York, Kings and Erie Counties.—Except the provision relating to the proof to be furnished to any Board of Pharmacy by an applicant for a license, this article shall not apply to the counties of New York, Kings and Erie, but a license as a pharmacist granted any person after the examination by any Board of Pharmacy, legally created under the laws of this State, shall entitle such person to a license or certificate of registration from any other Board of Pharmacy, so created, upon presenting to such board his license and complying with the formal requirements of the laws.

§ 190.—Penalties; expenses.—Any person violating any provision of this article shall forfeit to the county where the violation occurs the sum of $50 for every such violation, which may be sued for and recovered in the name

of the county by the State Board of Pharmacy, which may retain out of all penalties collected by it the costs and expenses of such collection, including counsel fees necessarily paid, and the residue, not exceeding one-half of such penalties shall be paid into the treasury of the county. The expenses of the State Board shall be paid out of the fees in this article provided, and the moiety of the penalties collected and retained by it.

CONSTITUTION.

PREAMBLE.

Whereas, Organization, concert of action and comparison of ideas are necessary to the advancement of any cause, and believing that there is room for the elevation and extension of Pharmaceutical knowledge among Apothecaries and Druggists without the State; and that there exists a necessity for some supervision of the dispensing of drugs and medicine, both for our own use and the general welfare; and that such results can be best accomplished by a State Pharmaceutical Association; therefor be it

Resolved, That we, Apothecaries and Druggists from different sections of the

State, who are now assembled in convention in the city of Utica do hereby organize ourselves into a permanent Association for the purpose of accomplishing such results; and that we adopt the following Constitution and By-Laws:

ARTICLE I.—NAME.

This Association shall be called the New York State Pharmaceutical Association.

ARTICLE II.—OBJECT.

The aim of this Association shall be to unite the reputable Apothecaries and Druggists of the State for mutual assistance, encouragement and improvement; to encourage scientific research; to develop Pharmaceutical talent; to elevate the standard of professional thought, and ultimately to restrict the practice of pharmacy to properly qualified Apothecaries and Druggists.

ARTICLE III.—MEMBERSHIP.

§ 1.—This Association shall consist of active, life and honorary members.

§ 2.—Any adult person of good moral and professional standing residing or doing business in this State, who has been actively engaged in the practice of Pharmacy for four years or more, in a wholesale or retail store, where medicines are dispensed; all graduates of colleges of Pharmacy, licentiates of Boards of Pharmacy, teachers and professors of Botany, Materia Medica, Chemistry and Pharmacy and of such sciences as are collateral with our profession; and chemists, whether in business for themselves, employed by another, or retired from business are eligible to membership.

§ 3.—Pharmacists, Chemists and other scientific men who may be thought worthy the distinction, may be elected honorary members. They shall not, however, be required to contribute to the funds, nor shall they be eligible to office or vote at the meetings.

ARTICLE IV.—OFFICERS.

The officers of the Association shall be a President, three Vice-Presidents, a Secretary, a Local Secretary, a Treasurer and an Executive Committee, consisting of three members (and of which committee the Secretary shall be ex-officio a member), all of whom shall be elected annually by ballot, and shall hold office until the election of their successors.

ARTICLE V.—DUTIES OF OFFICERS.

§ 1.—The President, or, in his absence or inability to serve, the Vice-Presidents, in their order, shall preside at all meetings of the Association, call special meetings, at the written request of twenty-five members; shall present at each annual meeting a report of the operations of the Association; suggest such objects as he may deem worthy of notice, and perform such other duties as pertain to the office.

§ 2.—The Secretary shall keep a record of all the proceedings of the Association. He shall keep a roll of the names of members, with their residence, date of admission, and any subsequent changes. He shall read all communications, conduct all correspondence of the Association, notify all members four weeks in advance of each annual meeting; and at each annual meeting render a report of the duties performed by him since the last annual meeting; and, in conjunction with the Executive Committee, shall superintend such publications as the Association shall direct. He shall notify members of their election, and also furnish each member of committees with the names of their associates of said committee. He shall receive annually the sum of three hundred dollars, and the amount of his expenses incident to his attendance at such annual meeting, for his services. The Local Secretary shall reside at or near the place where the next annual meeting of the Association is to be held. The duties of the Local Secretary shall be to co-operate with any Local Committee in making arrangements for the annual meeting; and he shall have the custody of specimens and apparatus destined for use or exhibition at the meeting.

§ 3.—The Treasurer shall have charge of all the funds of the Association, for which he shall be personally responsible; shall collect all moneys due the Association; pay all bills when countersigned by the President; render a full report of his transactions at each annual meeting and report the state of the Treasury when called upon by the Executive Committee.

§ 4.—The Treasurer shall execute and deliver to the Executive Committee (subject to their approval) a good and sufficient bond with two sureties in the amount of three thousand dollars; and shall receive one hundred dollars per annum, as compensation for his services, and the amount of his expenses incident to the meeting, in addition to his salary.

Fifteen members shall constitute a quorum for the transaction of business at all meetings.

ARTICLE II.—MEMBERSHIP.

Five negative votes shall defeat an election.

ARTICLE III.—INITIATION FEE.

The initiation fee of this Association shall be one dollar, which fee, with the annual contribution for the current year, shall be paid into the treasury,

and the applicant sign the Constitution and By-Laws before the end of the next annual meeting. A failure to conform to this requirement will render his election null and void.

CODE OF ETHICS.

ADOPTED JUNE 22, 1887.

1. We accept the U. S. Pharmacopoeia as our standard and guide for all official preparations, and recognize a variance from its rules only in exceptional cases, where sufficient authority has proved some other process more liable to obtain the same end. We would, however, recognize the authority to dispense medicines where they are ordered to be compounded in accordance with foreign Pharmacopoeias.

2. We distinctly repudiate the practice of allowing physicians a percentage in

any form, on their prescriptions or patronage, as being derogatory to both professions.

3. We will endeavor, as far as possible, to refrain from compromising the professional reputation of any physician, and expect, in return, the same courtesy from them.

4. Believing that the professional training of the pharmacist does not include those branches which enable the physician to diagnose and treat diseases, we should in all practical cases decline to give medical advice and refer the applicant to an educated physician.

5. The growing demands of the age require that those who follow the profession of pharmacy should be educated to a higher standard, therefore, we consider it our duty, individually and collectively, to encourage the advancement of knowledge in our profession generally, and, more particularly, by stimulating our assistants in every way possible to become proficient in their business.

Be it enacted by the Senate and General Assembly of the State of New Jersey, That any person being a member of the New Jersey Pharmaceutical Association, incorporated under the act to which this is a supplement, and who is actually engaged as proprietor in any drug store in this State, and has no licensed clerk, shall be exempt from serving on juries, and from any fine or penalty for neglect thereof; provided, he shall have filed in the office of the clerk of the county in which he shall reside a certificate of such membership made by the President of such Association, together with an affidavit that such person is actually engaged as proprietor and has no licensed clerk, which shall entitle such person to such exemption for the term of one year from and after the filing thereof.

And be it enacted, That this act shall take effect immediately.

ARTICLE III.—ELIGIBILITY.

Every pharmaceutist and druggist of good moral and professional standing and of legal age, who has complied with the requirements of the pharmacy law of this State, whether in business on his own account, retired from business or employed by another, and those teachers of pharmacy, chemistry and botany, who may be specially interested in pharmacy and materia medica, are eligible to membership.

ARTICLE IV.—MEMBERSHIP.

§ 1.—Propositions for membership shall be made in writing to any member of the Executive Committee, who shall report the application to said committee. If they approve of the election of the candidate they shall, at the earliest time practicable, report his name to the Association and he may be selected by a majority of the members present.

§ 2.—No person shall be considered a member until he has signed the constitution and by-laws of this Association, and paid in an initiation fee of three dollars and the annual contribution for the current year. And any member may be expelled for improper conduct by a vote of two-thirds of the members present at any regular meeting.

§ 3.—Every member shall pay annually into the hands of the Treasurer the sum of one dollar; and any one neglecting for three successive years to pay said annual due shall be liable to lose his membership, and if, after due notice from the Treasurer to that effect, his dues shall remain unpaid for another year, his name shall be dropped from the roll of membership.

§ 4.—(Honorary members.)—All such persons as, from their knowledge of materia medica, chemistry, pharmacy and their collateral branches of science, shall, in the opinion of this association, merit that distinction, may be elected honorary members, under the same rule as appertains to active members. He shall conduct all correspondence of the Association, and notify each member of its meetings. He shall also prepare and forward to the chairman of the Executive Committee warrants drawn on the Treasurer for all bills properly audited by that committee, retaining the stub (which must plainly state for what it was drawn) and the bills in his possession, the same to be subject to inspection by the executive committee at all times.

§ 4.—The Treasurer shall collect all moneys due the Association and deposit the same in its name in an interest paying institution to be designated by the executive committee (within three days after he has received the sum of ten dollars) subject to check containing signature of President and Treasurer.

He shall draw checks for all warrants properly drawn upon him by the Secretary, forwarding the same to the President for his signature. He will file the warrant as his authority for the draft. He will also make a full report of all the transactions at each annual meeting, and the state of treasury whenever called upon to do so.

§ 5.—It shall be the duty of the Executive Committee to take into consideration and report without delay on all matters of business and all propositions for membership referred to them, and audit all bills against the Association and the chairman shall countersign all warrants properly drawn by the Secretary on the Treasurer. It shall further be the duty of the Executive Committee to nominate and submit for the approval of the Association at every annual meeting the names of five members of the Association, to be presented to the Governor of the State for the formation of the Board of Pharmacy, as provided in section two, act 1886.

§ 6.—It shall be the duty of the Committee on Legislation to consider and report upon any legislation bearing upon pharmacy in this State, and at each annual meeting to report the official transactions of the Board of Pharmacy during the year.

CODE OF ETHICS.

PREAMBLE.

The members of the Connecticut Pharmaceutical Association, considering it necessary that some mutual understanding should exist in regard to the moral principles which should guide them in their profession, do hereby agree upon the following Code of Ethics:

1. We accept the U. S. Pharmacopoeia as our standard and guide for all official preparations, and recognize a variance from its rules only in exceptional cases, where sufficient authority has proved some other process more reliable to attain the same end. We would, however, recognize the authority to dispense medicines where they are especially ordered to be compounded in accordance with foreign Pharmacopoeias.

2. We discountenance all secret formulas between physician and pharmacist, and consider it our duty to communicate such to each other when requested, unless otherwise directed by the physician who originated the same.

3. We distinctly repudiate the practice of allowing physicians a percentage, in any form, on their prescriptions or patronage, as being derogatory to both professions.

4. We will endeavor, as far as possible, to refrain from compromising the professional reputation of any physician, and expect, in return, the same courtesy from him.

5. Believing that the professional training of the pharmacist does not include those branches which enable the physician to diagnose and treat disease, we should, in all practical cases, decline to give medical advice, and refer the applicant to an educated physician.

6. The growing demands of the age require that those who follow the profession of pharmacy should be educated up to a higher standard; therefore, we consider it our duty, individually and collectively, to encourage the advancement of knowledge in our profession generally, and more particularly by stimulating our assistants, in every way possible to become proficient in their business.

7. While we duly recognize the value of alcohol, and such liquors of which it is an active ingredient, as a therapeutic agent, and believe it proper to be dispensed or sold as such by pharmacists, we would deplore the widespread evil resulting from its intemperate use, and we condemn any attempt to make it a prominent feature of our business, or its sale in any form to be drunk on our premises, as unprofessional and contrary to public policy and good morals.

8. Believing that some means should be adopted to enforce the provisions of this code, a member may report to any annual meeting of this Association any member whom we find violating the same; at which time the accused may be heard in his own defense, and if the member accused should be found guilty, he may be expelled by a vote of two-thirds present.

CHAPTER IX.—OF COMMITTEES.

ARTICLE I.—There shall be appointed or elected seven Standing Committees as follows: a Committee on Commercial Interests, a Committee on the Revision of the Pharmacopœia, and a Committee on Pharmaceutical Legislation and Education, each to consist of five members; a Committee on Scientific Papers, a Committee on the Ebert Prize, a Committee on General Prizes, each to consist of three members; and a Committee on Transportation, to consist of ten members.

ARTICLE II.—The Committee on Commercial Interests shall be elected by the Section on Commercial Interests. It shall be charged with the work of arranging in advance the business to come before the Section at the next annual meeting. It shall propose each year a subject for discussion at the meetings of the State Associations, and at the following annual meeting of this Association shall present a report of the action of the State Associations upon the subject proposed.

ARTICLE III.—The Committee on Scientific Papers shall be elected by the Section on Scientific Papers. It shall arrange the business of the Section, and shall report a number of questions of scientific and practical interest, the answers to which may advance the interests of Pharmacy, and shall procure the acceptance of as many such questions for investigation as may be practicable.

ARTICLE IV.—Any person preparing a paper for the Association which will require more than ten minutes for its reading, must accompany the same with a synopsis which can be read within ten minutes' time. The paper and synopsis must both be furnished the Committee of the particular Section to which it refers, previous to the first session.

ARTICLE V.—The Committee on the Ebert Prize, which shall be appointed by the Chairman of the Section on Scientific Papers, shall, within six months after the annual meeting at which essays are presented, determine which, if any of them, has met the requirements of the founder of the prize. In all respects it shall be governed by the stipulations expressed by the donor.

ARTICLE VI.—The Committee on General Prizes, which shall be appointed by the President, shall, at the next annual meeting after the one at which the papers are presented, determine which, if any of them, are worthy of prizes, and decide upon the relative merits of such papers as are deemed worthy.

ARTICLE VII.—The Committee on Pharmaceutical Legislation and Education, which shall be elected by the Section on Pharmaceutical Legislation and Education, shall keep a record of, and compile for reference, the enactments of the different States regulating the practice of pharmacy and the sale of medicines. It shall report at each stated meeting of the Association what legislation on pharmaceutical subjects has occurred during the year. It shall arrange the business of the Section in advance of its sessions, propose suitable subjects for discussion, and shall attend to such duties as may be delegated to it by the Section. It shall propose each year a subject for discussion at the meetings of

the State Associations, and, at the following annual meeting of this Association, shall present a report of the action of the State Associations upon the subject proposed.

ARTICLE VIII.—The Committee on Revision of the United States Pharmacopœia shall be appointed by the President of the Association. It shall collect and codify such facts as may serve as a basis of the report to be presented by this Association to the National Convention for revising the Pharmacopœia. It shall collect statistics regarding the frequency with which official and non-official remedies are used in legitimate practice, and shall endeavor to ascertain the general wishes and requirements of the profession throughout the country in regard to any desired changes or improvements in the Pharmacopœia. It shall also note errors of any kind found in the U. S. Pharmacopœia, so as to facilitate and aid the work of the National Committee on Revision of the U. S. P.

ARTICLE IX.—The Committee on Transportation, which shall be elected by the Council, shall consist of one member each from the cities of Boston, New York, Chicago, St. Louis, Cincinnati, New Orleans, Atlanta, St. Paul or Minneapolis, Denver and San Francisco, and in conjunction with the Local Secretary, who shall be a member of the Committee, shall arrange for transportation from the different sections of the United States and Canada to the place of meeting and return. Unless otherwise specially arranged for by the Committee, the Chairman of this Committee shall be the member residing nearest to the place of meeting.

CHAPTER X.—RULES OF ORDER AND DEBATE.

ARTICLE I.—The ordinary rules of parliamentary bodies shall be enforced by the presiding officer, from whose decision, however, appeals may be taken, if required by two members, and the meeting shall thereupon decide without debate.

ARTICLE II.—When a question is regularly before the assembly and under discussion, no motion shall be received but to adjourn, to lay on the table, for the previous question, to postpone to a certain day, to commit or amend, to postpone indefinitely; which several motions have precedence in the order named. A motion to adjourn shall be decided without debate.

ARTICLE III.—No member may speak twice on the same subject, except by permission, until every member wishing to speak has spoken.

ARTICLE IV.—On the call of any two members, the yeas and nays shall be ordered, when every member shall vote, unless excused by a majority of those present, and the names and manner of voting shall be entered on the minutes.

CHAPTER XI.—MISCELLANEOUS.

ARTICLE I.—On all points of order not covered in these By-Laws, the Association shall be governed by the established usages in all assemblies governed by parliamentary rules.

ARTICLE II.—Every proposition to alter or amend these By-Laws shall be submitted in writing at a general session, and may be balloted for at any subsequent general session, when, upon receiving the votes of three-fourths of the members present, it shall become a part of the By-Laws.

ARTICLE III.—No one or more of these By-Laws shall be suspended.

UNIVERSITY OF THE STATE OF NEW YORK

EIGHTEENTH YEAR

SESSIONS OF 1899-1900

THE POST-GRADUATE MEDICAL SCHOOL AND HOSPITAL occupies the largest and best building for combined hospital and college purposes in the country. It is an eight-story, fire-proof structure, containing accommodations for 183 patients. The Babies' Wards are an integral part of the institution, under its own roof, with beds for fifty-three patients. The new building has adequate accommodations for the personal instruction of large classes of practitioners, while the hospital facilities are equal to those of any hospital in the City of New York. Every opportunity, both in the Dispensary and Hospital, is afforded in all departments of medicine and surgery. The major operations are performed in the amphitheatre of the institution, which is fitted up in a manner to secure the best surgical results. Pathological and Histological Laboratories are also a part of the school. The faculty are connected with many of the great hospitals and dispensaries in the city, where other clinics are held for the benefit of the matriculates of the POST-GRADUATE MEDICAL SCHOOL. Practitioners may enter at any time.

Members of the profession who are visiting New York for a day or two will be heartily welcomed at the POST-GRADUATE SCHOOL, and if they desire to attend the clinics, a visitor's ticket, good for two days, will be furnished them on application to the Superintendent.

MEDICAL DEPARTMENT OF THE NEW YORK UNIVERSITY

SINCE the union of these two old-established Medical Schools, the facilities for teaching modern medicine have been greatly increased and the Faculty enlarged.

The regular winter session begins on Monday, October 2, 1899, and continues for about eight months.

Attendance upon four courses of lectures is required for graduation.

Students who have attended one or more regular courses at other accredited Medical Colleges are admitted to advanced standing on presentation of credentials, but only after examination on the subjects embraced in the curriculum of this College.

Examination for advanced standing, June 28 and 29, September 29 and 30, 1899.

Graduates of other accredited Medical Colleges are admitted to advanced standing without examination.

It is designed to make this preëminently a school of practical medicine, and the course of instruction has been arranged with this purpose constantly in view.

Full information in regard to examinations and conditions for admission to advanced standing; the circular for the supplemental session of 1899, and the annual circular giving full details of course, requirements for matriculation, graduation and other information (published in May, 1899), can be had on application to Dr. EGBERT LE FEVRE, 26th Street and First Avenue, New York City.

Quinine Chocolates

(REGISTERED IN U. S. PATENT OFFICE)

The chocolate used in the preparation of these tablets disguises the bitter taste of the Quinine without, in the least, impairing its therapeutic value. They are suitable in the entire range of conditions where Quinine is indicated, but are especially recommended in the sub-acute and chronic forms of malaria, characterized by headache, neuralgia, loss of appetite, and general MALAISE. They are quite palatable to children, and, for this reason, will be found invaluable in entero-colitis, and other Spring and Summer complaints; or as a restorative tonic in all cases of debility. The Chocolates are unequaled as an elegant and reliable prophylactic for persons residing in, or passing through, malarial districts. Each tablet contains one grain of tannate of quinine. The dose, therefore, ranges from one or two daily, to a dozen or more, repeated as often as necessary, according to circumstances, or as directed by a physician.

DUOTAL (Guaiacol Carbonate Von Heyden)

. . . AND . . .

CREOSOTAL (Creosote Carbonate Von Heyden)

are the most eligible and effective of germicides, and the most vigorous neutralizers of microbic poisons in the intestinal tract. The remarkable results obtained in tuberculosis, typhoid fever, rheumatoid arthritis, etc., are explainable by the great powers of elimination of toxalbumins that these remedies have been proven to possess. They are themselves neutral, non-toxic, and absolutely free from all caustic and irritant qualities.

ORPHOL (Betanaphtol-Bismuth Von Heyden)

The employment of Orphol, which is a neutral, odorless, tasteless, and non-toxic powder, is indicated in all fermentative gastro-intestinal processes, in ptomaine poisonings, gastro-enteric catarrhs, typhoid fever, etc. **Practical Intestinal Antisepsis** can be effected and maintained by its use. Unlike opium, tannin, etc., Orphol in no way interferes with the digestion, so that patients suffering from dyspepsia bear it well.

Orphol is soothing to the irritated and inflamed intestinal mucous membrane, besides acting as a continuous disinfectant. It is free from the dangers of such caustic or poisonous antiseptics as carbolic acid, naphtol, resorcin, the bichloride of mercury, etc., and obviates the necessity of employing complicated and uncertain diarrhea and cholera mixtures. Orphol is supplied in powder form and in tablets of 5 grains.

UNGUENTUM CREDÉ

(Ointment of Soluble Metallic Silver—Von Heyden)

A remedy of the very greatest importance for the disinfection of the entire body in septicæmia, and in the treatment of the septic complications of lymphangitis, phlegmon, erysipelas, anthrax, scarlatina, diphtheria, etc. Prof. B. Credé affirms that the remedy has never yet failed him in septic cases.

XEROFORM (Tribromphenol-Bismuth Von Heyden)

Xeroform is the ideal substitute for iodoform, being an antiseptic, desiccating and deodorizing agent, which is odorless, non-poisonous and non-irritating, with very powerful antibacterial properties. Xeroform has been employed by Drs. Heuss, Cumston, Grunfeld, Beyer, Metall, Paschkis, and many other observers, in the most varied surgical affections: for operative procedures, amputations, enucleations, and cancer operations; for suppurative bursitis, lymphadenitis, and alveolar periostitis; for paronychias, deep abscesses, and suppurating buboes. In venereal diseases it has been extensively employed in the treatment of chancroid; and in dermatology for impetigo, furunculosis, sycosis, eczema and pruritus. It has also been successfully used in ophthalmic and gynecological practice, and for insufflation into the nose and ear. Its fine pulverization enables the physician to cover a large surface with a very small quantity of the drug.

Bennett Invalid Coach Company

267 Greene Avenue

Borough of Brooklyn
NEW YORK

Telephone, 684 Main

Suggested by Dr. George McNaughton, this coach was built for the purpose of removing incapacitated persons, and is free from the objections of an ordinary ambulance.

It is rubber-tired, and provided with an air mattress and pillow; the bed is fully six feet in length. It will accommodate two persons beside the patient.

Having acquired experience in this particular work, we are prepared to take orders at the following rates:

Ten dollars for any part of two hours; after the first two hours, Five dollars per hour. These charges cover the services of two men. When patients are to be brought into town, if the distance is too far to send the carriage, we send one or two experienced men with **the bed, which can be converted into a litter, thus allowing the patient to remain on it throughout the entire journey.** For this service, Five dollars will be charged per day for each man and expenses.

For New York calls, time will be charged from 23d Street and return, and Brooklyn calls from the office. **Terms, Cash. This coach will not be used for contagious diseases.**

Endorsed by the medical profession, and we refer to Drs. E. G. JANEWAY, and F. P. KINNICUTT, New York; GEO. R. FOWLER and GEORGE MCNAUGHTON, Brooklyn.

THE enthusiasm which the **Deimel Linen-Mesh Underwear** is arousing among its wearers, and the sincerity with which they speak of it among their friends, is very gratifying.

Just fancy the delight and luxury of a porous Linen Underwear—crisp, cool, cleanly—and strange, but true, keeping the body warm when warmth is wanted, and cool when the temperature is in the nineties—a positive delight for the skin. It is such great relief after wearing sticky wool or clammy cotton, that a trial is all that is necessary to gain for it a most enthusiastic friend and advocate.

A sample of fabric and booklet on its healthfulness and comfort can be had by addressing

Announcement

SEASON OF 1899

It is difficult to obtain in Greater New York at present an honest, normal cow's milk—one produced by feeds neither heating nor forcing and one having no other preservative than ice. That from THE ECHO FARM CO., however, is such. Our only request is that this Milk, Cream, Butter, Buttermilk, Cottage Cheese, and Honest Graham Flour, be given a trial, especially the milk for crying, fretting infants.

THE PIANOLA

PLAYS ANY PIANO. ANY ONE CAN PLAY IT. NOT A MECHANICAL ATTACHMENT. THE ONLY PIANO-PLAYER THAT HAS EVER BEEN ENDORSED BY MUSICIANS

THE AEOLIAN COMPANY'S new Piano-player will play all the literature of the piano and play it with expression. It stands as the last and most perfect result of years of experimentation looking to the construction of a *satisfactory substitute for the human performer.*

It is *the only Piano-player which appeals to musicians* as well as novices.

No other Piano-player has ever received the endorsement of a musician.

The Pianola enables any one, with or without musical knowledge, to play the piano with technical accuracy.

The distinction between it and a mechanical piano is sharply defined. The latter, monotonous and soulless as every machine must be, plays with invariable and fatal accuracy. The result is —machine music. But in playing the piano through the agency of the Pianola, the *expression* is *governed by the performer* and varies with his musicianship and taste. He has, therefore, *the double delight of hearing an artistic rendition* and *actually producing it. A perpetual fund* of refined pleasure is thus provided.

Pieces which it would take twenty years to master can be played at sight, and played artistically, too. It will give the most *marvelous reproductions of solo playing*, but it does not stop there. It will execute things which no performer could dream of attempting.

Many of these effects the human player would like to produce if he could. In some respects, therefore, its feats are in the direction of *ideal music.* It has *further powers* and possibilities hardly yet suspected.

An extended repertory of standard pieces is now ready, to which constant additions are being made to suit every species of taste.

PRICE, $250.00. SOLD ON MODERATE PAYMENTS.

Send for pamphlet 19. Pianolas always on view, and gladly shown to the merely curious as well as intending purchasers.
